**Notice of Determinations Regarding Eligibility to Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of October & November, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

**Negative Determinations for Worker Adjustment Assistance**

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers

indicated that increased imports did not contribute importantly to worker separations at the firm.

*TA-W-31,520; Reynolds Metals Co., Can Division, Fulton, NY*

*TA-W-31,470; Pennsylvania Electric Motor Service, Inc., Eric, PA*

*TA-W-31,393; Bethlehem Steel Corp., Including the Following Divisions: Bethlehem Structural Products Corp., Bethforge, Inc., Bethlehem Foll Corp., PN & NE Subsidiary Railroad Co., Bethlehem, PA*

Increased imports did not contribute importantly to worker separations at the firm.

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

*TA-W-31,511; Montana Power Co., Colstrip, MT*

The investigations revealed that criterion (2) and (3) have not been met. Sales or production did not decline during the relevant period as required for certification.
