McInnes Steel Company, Corry, Pennsylvania; Negative Determination Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance

Pursuant to Title V of the North American Free Trade Agreement Implementation Act (P.L. 103-182) concerning transitional adjustment assistance, hereinafter called NAFTA-TAA and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2331), the Department of Labor herein presents the results of an investigation regarding certification of eligibility to apply for NAFTA-TAA.

In order to make an affirmative determination and issue a certification of eligibility to apply for NAFTA-TAA, the following group eligibility requirements in paragraph (a)(1) of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in such workers' firm or an appropriate subdivision (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) And that imports from Mexico or Canada of articles like or directly

competitive with articles produced by such firm or subdivision have increased, and the increases in imports contributed importantly to such workers' separations or threat of separation and to the decline in the sales or production of such firm or subdivision; or

(4) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

The investigation was initiated on October 11, 1995 in response to a petition filed on behalf of former workers at McInnes Steel Company, Corry, Pennsylvania. The workers produce steel forgings.

The investigation revealed that criteria (3) and (4) were not met.

Investigative findings show that there were no unsuccessful bids submitted by the subject firm for steel forgings that were lost to foreign manufacturers during the relevant period. The findings also show that there was no shift in production from the workers' firm to Mexico or Canada.

Conclusion

After careful review, I determine that all workers of McInnes Steel Company, Corry, Pennsylvania are denied eligibility to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, DC. this 6th day of November 1995.
