

mitigate operational or accidental impacts. This concern raises a basic authorization issue about the delegated program currently in Oregon. EPA has not identified a similar concern in Oregon's delegated program but appreciates the comment. Although this concern does not effect the immediate decision to authorize this revision to Oregon's program, EPA will assess this concern in light of the existing delegated program.

The fourth issue raises a concern that the Confederated Tribes have interests, such as Natural Resource Trustee authority under CERCLA and Local Reuse of disposal of excess federal property land issues, that are directly impacted by the increased permitting authority available to Oregon upon authorization for this program revision. EPA and Oregon will work closely as Oregon undertakes this new delegation of authority in its hazardous waste program. In its evaluation of Oregon's revision to its delegated program, EPA has no reason to believe that these Tribal interests will not be addressed.

The final issue raises a concern related to emergency preparedness should proposed hazardous waste incinerators be sited as proposed on ceded lands near the Umatilla Reservation. EPA believes that emergency preparedness and planning is very important at all hazardous waste management sites. All appropriate parties should be included as part of the emergency planning coordination process. EPA will encourage Oregon to include all such appropriate parties in this process.

After consideration of these issues, EPA affirms its Immediate Final Decision to grant final authorization for Oregon's hazardous waste program revision.

C. Decision

I conclude that the immediate final decision, as noticed in the Federal Register Vol. 60, No. 195, on October 10, 1995, will take effect on December 7, 1995 as described. Accordingly, Oregon is granted final authorization to operate its hazardous waste program, as revised.

Compliance With Executive Order 12866

The Office of management and Budget has exempted this rule from the requirements of section 6 of Executive Order 12866.

Certification Under the Regulatory Flexibility Act

Pursuant to the provisions of 4 U.S.C. 605(b), I hereby certify that this

authorization will not have a significant economic impact on a substantial number of small entities. It does not impose any new burdens on small entities. This rule, therefore, does not require a regulatory flexibility analysis.

Authority: This notice is issued under the authority of Section 2002(a), 3006 and 7004(b) of the solid Waste Disposal Act as amended 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: November 14, 1995.

Chuck Clarke,

Regional Administrator.

BILLING CODE 6560-50-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

43 CFR Public Land Order 7174

[MT-930-1430-01; SDM 79849]

Withdrawal of National Forest System Lands for the Pactola Visitor Information Center, Pactola Marina North, and Pactola Marina South; South Dakota

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order withdraws 35 acres of National Forest System lands from location and entry under the United States mining laws for a period of 20 years for the Department of Agriculture, Forest Service to protect the Pactola Visitor Information Center, Pactola Marina North, and Pactola Marina South. The lands have been and remain open to such forms of disposition as may by law be made of National Forest System lands and to mineral leasing.

EFFECTIVE DATE: November 28, 1995.

FOR FURTHER INFORMATION CONTACT:

Sandra Ward, BLM Montana State Office, P.O. Box 36800, Billings, Montana 59107, 406-255-2949.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1988), it is ordered as follows:

1. Subject to valid existing rights, the following described National Forest System lands are hereby withdrawn from location and entry under the United States mining laws (30 U.S.C. Ch. 2 (1988)), but not from leasing under the mineral leasing laws, to protect three Forest Service recreation areas:

Black Hills Meridian

Black Hills National Forest

Pactola Visitor Information Center

T. 1 N., R. 5 E.,

Sec. 2, W¹/₂SW¹/₄SW¹/₄SE¹/₄.

The area described contains 5 acres.

Pactola Marina South

T. 1 N., R. 5 E.,

Sec. 10, SW¹/₄ of lot 4, and

NW¹/₄NE¹/₄SE¹/₄.

The area described contains 20 acres.

Pactola Marina North

T. 2 N., R. 5 E.,

Sec. 34, SE¹/₄SW¹/₄SE¹/₄.

The area described contains 10 acres.

The total areas described above aggregate 35 acres in Pennington County.

2. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the National Forest System lands under lease, license, or permit, or governing the disposal of their mineral or vegetative resources other than under the mining laws.

3. This withdrawal will expire 20 years from the effective date of this order unless, as a result of a review conducted before the expiration date pursuant to section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f) (1988), the Secretary determines that the withdrawal shall be extended.

Dated: November 8, 1995.

Bob Armstrong,

Assistant Secretary of the Interior.

BILLING CODE 4310-DN-P

43 CFR Public Land Order 7175

[NM-010-1430-01; NMNM 90118]

Withdrawal of Public Land and Federal Minerals to Allow Sale of Humate; New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order withdraws 120 acres of public land from surface entry and mining, and 680 acres of federally reserved mineral interests underlying private surface estate from mining, for a period of 20 years, for the Bureau of Land Management to protect an area having high potential for development of humate (a carbonaceous shale) from encumbrances due to mining claim location. The land has been and will remain open to mineral leasing.

EFFECTIVE DATE: November 28, 1995.

FOR FURTHER INFORMATION CONTACT:

Margie Martinez, BLM, Rio Puerco Resource Area Office, 435 Montano

Road NE., Albuquerque, New Mexico 87107, 505-761-8907.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1988), it is ordered as follows:

1. Subject to valid existing rights, the following described public land is hereby withdrawn from settlement, sale, location, or entry under the general land laws, including the United States mining laws (30 U.S.C. Ch. 2 (1988)), but not from leasing under the mineral leasing laws, to protect an area having potential for development of humate (a carbonaceous shale) from encumbrances due to mining claim location:

New Mexico Principal Meridian

T. 23 N., R. 1 W.,

Sec. 11, NE $\frac{1}{4}$ NE $\frac{1}{4}$ and S $\frac{1}{2}$ NE $\frac{1}{4}$.

The area described contains 120 acres in Rio Arriba County.

2. Subject to valid existing rights, the federally reserved mineral interests in the following described land are hereby withdrawn from the United States mining laws (30 U.S.C. Ch. 2 (1988)), but not from leasing under the mineral leasing laws, to protect an area having potential for development of humate (a carbonaceous shale) from encumbrances due to mining claim location:

New Mexico Principal Meridian

T. 23 N., R. 1 W.,

Sec. 11, SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$;

Sec. 14, NW $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ W $\frac{1}{2}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, and SE $\frac{1}{4}$.

The area described contains 680 acres in Rio Arriba County.

3. The surface estate of the land described in paragraph 2 is non-Federal. If the United States subsequently acquires this land, the land will be subject to the terms and conditions of this withdrawal.

4. The withdrawal made by this order does not alter the applicability of those public land laws governing the use of the land under lease, license, or permit, or governing the disposal of its mineral or vegetative resources other than under the mining laws.

5. This withdrawal will expire 20 years from the effective date of this order unless, as a result of a review conducted before the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f) (1988), the Secretary determines that the withdrawal shall be extended.

Dated: November 8, 1995.

Bob Armstrong,

Assistant Secretary of the Interior.

National Highway Traffic Safety Administration

49 CFR Parts 564 and 571

[Docket No. 85-15; Notice 17]

RIN 2127-AF62

Replaceable Light Source Information; Federal Motor Vehicle Safety Standards; Lamps, Reflective Devices and Associated Equipment

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Final rule.

SUMMARY: This fiscal rule adopts amendments to Standard No. 108, the Federal motor vehicle standard on lighting, to facilitate the transfer by NHTSA of all dimensional and specification information on HB Type replaceable light sources for headlamps from the Standard to Docket No. 93-11. This docket has been established as the information docket specified in the regulations for replaceable light source information. This regulatory action is intended to simplify Standard No. 108 while ensuring consistent regulatory treatment of all headlamp replaceable light sources. This final rule also adopts amendments to the regulations for replaceable light source information.

EFFECTIVE DATE: The amendments are effective January 29, 1996.

FOR FURTHER INFORMATION CONTACT: Kenneth O. Hardie, Office of Safety Performance Standards, NHTSA (202-366-6987).

SUPPLEMENTARY INFORMATION: This final rule is based upon a notice of proposed rulemaking (NPRM) that was published on March 16, 1995 (60 FR 14247). The NPRM proposed to amend Motor Vehicle Safety Standard No. 108 *Lamps, Reflective Devices, and Associated Equipment* to transfer all dimensional and specification information on HB Type headlamp replaceable light sources from the Standard to Docket No. 93-11, the repository established for information on non-HB Types. Corresponding amendments necessary to implement the transfer were also proposed for the information regulation, 49 CFR part 564. For further information, the reader is referred to the NPRM.

Three comments were received on the NPRM. Two commenters, General Motors Corporation (GM) and the American Automobile Manufacturers Association (AAMA), supported the proposal. Advocates for Highway and Auto Safety (Advocates) opposed it.

GM said that it believes that the rule will simplify the approval process and provide consistent treatment for replaceable light sources. AAMA recommended modifications to address what it believes are minor typographical errors and oversights. One of these oversights was the omission of a sentence from 49 CFR 564.5(c) which stated that "[u]pon acceptance [of the information submitted], the Associate Administrator files the information in Docket No. 93-11." NHTSA is ensuring that the final rule contains the language inadvertently omitted from the NPRM. AAMA also brought the agency's attention to an error in a final rule amending paragraph S7.5(e)(2)(i)(B) published on February 13, 1995 (Docket No. 85-15; Notice 14; 60 FR 8199, at 8201) which referred to the "upper" beam in a lower beam context. The paragraph is being amended to refer to the "lower" beam.

AAMA also had further comments of a minor nature to which NHTSA is responding with amendments. In its view, the NPRM did not remove and reserve Figure 3, and that if Figure 3 were removed, its reference in paragraph S7.3.8(c)(2) needs to be deleted. NHTSA proposed the removal and reservation of "Figures 3-1 through 3-11", intending to encompass the entirety of Figure 3. However, "Figure 3" itself is the title to Figures 3-1 through 3-11, and, if not specifically included in the removal language, is apt to remain in the CFR text of Standard No. 108. It is therefore being removed. The reference to "Figure 3" in paragraph S7.3.8(c)(2) was erroneous in the first instance, and is being changed to "Figure 16", Deflectometer, the Figure originally intended.

Under the NPRM, paragraph S7.7(b) would continue to require the use of a white cover during the measurement of luminous flux for Types HB3 and HB4 replaceable light sources, but would no longer reference the specific HB drawings (Figures 19-1 and 20-1) that depict the cover. To avoid ambiguity, paragraph S7.7(b), as amended, will amplify that the white cover is "shown in the HB3 and HB4 drawings filed in Docket No. 93-11."

In addition, AAMA brought to the agency's attention that the proposed revision to Figure 8 did not identify Distance "A" referenced in Section S9. Figure 8, as adopted, will define the reference plane and Distance "A".

Finally, AAMA asked why it is necessary to specify marking of the base of HB bulbs with HB Type designations, as proposed in paragraph S7.7(a), when the transfer of the applicable Figures to part 564 also transfers the HB
