**FEDERAL COMMUNICATIONS COMMISSION**

[CC Docket No. 90-571; DA 95-1874]

**Telecommunications Relay Services**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that in an Order on Telecommunications Relay Services and the Americans with Disabilities Act of 1990 (Order). CC Docket No. 90-571, adopted and released on August 25, 1995, the Commission suspended enforcement of the requirement that the Telecommunications Relay Services (TRS) be capable of handling coin sent-paid calls until August 26, 1997. The Commission also ordered that common carriers providing telephone voice transmission services, and TRS providers, make payphones accessible to TRS users during the suspension pursuant to an alternative plan. The Commission took these actions after determining that the provision of TRS coin sent-paid service was not currently feasible.

**FOR FURTHER INFORMATION CONTACT:** Pamela Gerr, Network Services Division, Common Carrier Bureau, (202) 418-2357.

**SUPPLEMENTARY INFORMATION:** The alternative plan includes the following

elements: (1) Local TRS payphone calls to be provided free of charge; (2) toll TRS payphone calls to be chargeable to calling cards and/or prepaid (debit) cards, with rates not to exceed those that would apply to similar non-TRS calls made using coin sent-paid service; and (3) programs to educate TRS users about these alternative payment options and to make calling cards and/or prepaid cards available to TRS users. The Commission ordered that the alternative plan be implemented as soon as possible, with implementation to be completed within ninety (90) days after the release date of the order. The Commission also required parties that had filed petitions in this proceeding to join with any other interested parties wishing to participate to prepare and file joint status reports with the Commission. These status reports are to be filed with the Commission on August 26, 1996 and February 26, 1997 and shall address the effectiveness of the alternative plan in making payphones accessible to TRS users. The later status report must also address the technical feasibility and cost of providing TRS coin sent-paid service and provide data on TRS and non-TRS payphone use. These reporting requirements are subject to approval by the Office of Management and Budget (OMB). Public reporting burden for the collections of information is estimated as follows:

Requirement	No. of respondents	Est. avg. hours per response	Annual hours
12-month joint status report .....	30	7	210
18-month joint status report .....	30	9	270
Disclosure requirements .....	3000	2.5	7500
Total Annual Burden: 7980.			
Frequency of Response: On occasion.			

These estimates include the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collections of information. Send comments regarding these burden estimates or any other aspects of the collections of information, including suggestions for reducing the burden, to the Federal Communications Commission, Records Management Branch, Room 234, Paperwork Reduction Project, Washington, DC 20554 and to the Office of Management and Budget, Paperwork Reduction Project, Washington, DC 20503.
