**Pacific Gas Transmission Company; Notice of Motion For Limited Waiver of Tariff Provisions**

November 21, 1995.

Take notice that on November 15, 1995, Pacific Gas Transmission Company ("PGT") filed a motion for temporary, limited waiver of provisions of its FERC Gas Tariff governing crediting revenues received from interruptible, parking and imbalance services on PGT's system, until thirty (30) days after issuance of a final order in PGT's on-going Section 4 rate proceeding in Docket No. RP94-149-000.

PGT asserts that the purpose of this filing is to seek a temporary waiver of Sections 35 and 38 of its FERC Gas Tariff, First Revised Volume No. 1-A, which require PGT to determine total revenues received from interruptible, parking and imbalance services over and above costs allocated to those services and credit difference to eligible firm shippers.

PGT states that because the rates and costs for the above services are subject to retroactive adjustment as determined by PGT's ongoing rate proceeding, it is impossible at this time to determine the appropriate level of revenue crediting. PGT further states it proposes to issue refunds 45 days after a final decision in its rate proceeding, including interest from the date such credits accrue.

PGT states that a copy of this filing has been served upon its jurisdictional customers and upon interested state regulatory agencies.

Any person desiring to be heard or protest said filing should file a motion to intervene or protest with the Federal

Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on or before November 27, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP96-34-002]

**Texas Eastern Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff**

November 21, 1995.

Take notice that Texas Eastern Transmission Corporation (Texas Eastern) on November 17, 1995, tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1 and Original Volume No. 2, six copies of substitute revised tariff sheets listed on Appendix A to the filing.

The proposed effective date of these substitute revised tariff sheets is December 1, 1995.

Texas Eastern states that these substitute revised tariff sheets are being filed in substitution for revised tariff sheets filed by Texas Eastern on October 31, 1995 in Docket No. RP96-34-000. Texas Eastern states that it has discovered a transposition error in the workpaper contained in the October 31, 1995 filing supporting the Spot Fuel Components proposed to be effective December 1, 1995. Texas Eastern states that correcting the transposition error has a relatively small impact on the Spot Fuel Components proposed to be effective December 1, 1995. Texas Eastern estimates that the annual revenue impact of the correction will be a net reduction of approximately \$66,000.

Texas Eastern states that copies of this filing have been served on all firm customers of Texas Eastern, interested state commissions, all interruptible shippers as of the date of the filing, as well as all parties to the Settlement in Docket No. RP85-177-119, et al.

Any person desiring to be heard or to protest said filing should file a motion

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before November 28, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**Office of Arms Control and Nonproliferation Policy**

**Proposed Subsequent Arrangement**

**AGENCY:** Office of Arms Control and Nonproliferation Policy, Energy.

**ACTION:** Subsequent Arrangement.

**SUMMARY:** Pursuant to Section 131 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), notice is hereby given of a proposed "subsequent arrangement" under the Agreement for Cooperation between the Government of the United States of America and the Government of Australia concerning Peaceful Uses of Nuclear Energy.

The subsequent arrangement to be carried out under the above-mentioned agreement involves approval of the following sale:

Contract Number S-AU-143, for the sale of one milligram of uranium-233 as uranium oxide and 10 micrograms of thorium-229 as nitrate solution to La Trobe University in Australia for use in disequilibrium studies of geological samples.

In accordance with section 131 of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement will not be inimical to the common defense and security.

This subsequent arrangement will take effect no sooner than fifteen days after the date of publication of this notice.

Dated: November 21, 1995.
