Sensors Technical Advisory Committee; Notice of Partially Closed Meeting

A meeting of the Sensors Technical Advisory Committee will be held December 14, 1995, 9:00 a.m., in the Herbert C. Hoover Building, Room 1617M(2), 14th Street between Constitution and Pennsylvania Avenues, N.W., Washington, D.C. The Committee advises the Office of the Assistant Secretary for Export Administration with respect to technical questions that affect the level of export controls applicable to sensors and related equipment and technology.

Agenda

General Session

1. Opening remarks by the Chairman.
2. Presentation of papers or comments by the public.
3. Old and new business.

Executive Session

4. Discussion of matters properly classified under Executive Order 12958, dealing with

the U.S. export control program and strategic criteria related thereto.

The General Session of the meeting will be open to the public and a limited number of seats will be available. To the extent that time permits, members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting. However, to facilitate distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation materials two weeks prior to the meeting date to the following address: Ms. Lee Ann Carpenter, OAS/EA—Room 3886C, Bureau of Export Administration, U.S. Department of Commerce, Washington, D.C. 20230.

The Assistant Secretary for Administration, with the concurrence of the General Counsel, formally determined on January 6, 1994, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, that the series of meetings of the Committee and of any Subcommittees thereof, dealing with the classified materials listed in 5 U.S.C., 552b(c)(1) shall be exempt from the provisions relating to public meetings found in section 10(a)(1) and (a)(3), of the Federal Advisory Committee Act. The remaining series of meetings or portions thereof will be open to the public.

A copy of the Notice of Determination to close meetings or portions of meetings of the Committee is available for public inspection and copying in the Central Reference and Records Inspection Facility, Room 6020, U.S. Department of Commerce, Washington, D.C. 20230. For further information or copies of the minutes, contact Lee Ann Carpenter on (202) 482-2583.

Dated: November 21, 1995.

Lee Ann Carpenter,

Director, Technical Advisory Committee Unit.

BILLING CODE 3510-DT-M

Foreign-Trade Zones Board

[Docket 74-95]

Foreign-Trade Zone 83—Huntsville, AL; Request for Manufacturing Authority, Cummins/Onan Engine Company, Inc. (Internal-Combustion Engines)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Huntsville-Madison County Airport Authority, grantee of FTZ 83, pursuant to § 400.28(a)(2) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Cummins/Onan Engine Company, Inc. (COECI), to manufacture small internal

combustion engines under zone procedures for the U.S. market and export within FTZ 83. It was formally filed on November 13, 1995.

COECI operates a facility within FTZ 83 that manufactures gasoline spark-ignition engines (up to 1,000 cc in size) and diesel engines (up to 2,800 cc) for golf carts, all-terrain vehicles, portable generators; and, farm, lawn, and garden equipment (HTS #8407.32.10-.33.30, 8408.20.10, 8408.90.90). Certain components are sourced from abroad (up to 95% of finished product value at the outset), including: crankcases, cylinder heads, manifolds, crankshafts, carburetors, connecting rods, pumps, valves, bearings, fasteners, speed changers, ignition coils, inductors, magnetos and other ignition components, hoses, and other related parts (1995 duty rate range: duty free-12.5%). The application indicates that 60 percent of all parts (by value) will be purchased from U.S. suppliers within three years of approval of subzone status.

Zone procedures would exempt COECI from Customs duty payments on the foreign components used in export production. On its domestic sales, COECI would be able to choose the duty rates that apply to finished engines (duty free, 3.0%) for the foreign components noted above. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 28, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 12, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room
