United States International Telecommunications Advisory Committee (ITAC); Notice of Meeting

The Department of State announces that a meeting of the United States International Telecommunications Advisory Committee (ITAC) will be held January 12, 1996, 1:30–4 p.m., in room 1912 of the Department of State, 2201 "C" Street, NW., Washington, DC. The purpose of ITAC is to advise the Department on policy, technical and

operational matters and to provide strategic planning recommendations, with respect to international telecommunications and information issues.

The agenda of this meeting is to consider preparations for the ITU's first World Telecommunications Policy Forum, to be held October 21–23, 1996, in Geneva, with the theme "Global mobile personal communications by satellite." both Members (governments) and members (entities and organizations authorized to participate in the Union's activities) are invited to attend and may submit contributions in their own right. In particular the Department is seeking ITAC recommendations on U.S. participation in the Forum. For example, it is foreseen that U.S. contributions, which have been requested by February 26, might consist of a relatively short submission by the U.S. government on appropriate topics, accompanied by one or more submissions from the private sector interested in such systems. Questions regarding the agenda may be directed to Richard Shrum, Department of State (202-647-0050).

Members of the general public may attend the meetings and join in the discussions, subject to the instructions of the chair. In this regard, entry to the building is controlled.
