##### Program Announcement for Cooperative Agreements for Basic/ Core Area Health Education Center Programs, and Model State-Supported Area Health Education Center Programs and Grants for Health Education and Training Centers for Fiscal Year 1996

The Health Resources and Services Administration (HRSA) announces that applications will be accepted for fiscal year (FY) 1996 Cooperative Agreements for Basic/Core Area Health Education Center (AHEC) Programs authorized under section 746(a)(1), and Model State-Supported Area Health Education Center Programs authorized under section 746(a)(3), and Grants for Health Education and Training Center (HETC) Programs authorized under section 746(f), title VII of the Public Health Service Act, as amended by the Health Professions Education Extension Amendments of 1992, Public Law 102-408, dated October 13, 1992.

This program announcement for the above stated programs is subject to reauthorization of the legislative authority and to the appropriation of funds. Applicants are advised that this program announcement is a contingency action being taken to assure that should authority and funds become available for these purposes, awards can be made in a timely fashion consistent with the

needs of the programs as well as to provide for even distribution of funds throughout the fiscal year. At this time, given a continuing resolution and the absence of FY 1996 appropriations for title VII programs, the amount of funds available for these specific cooperative agreement and grant programs cannot be estimated.

Funding factors may be applied in determining the funding of approved applications for these programs. A funding preference is defined as the funding of a specific category or group of approved applications ahead of other categories or groups of applications. A funding priority is defined as the favorable adjustment of aggregate review scores of individual approved applications when applications meet specified objective criteria. It is not required that applicants request consideration for a funding factor. Applications which do not request consideration for funding factors will be reviewed and given full consideration for funding.

Cooperative Agreements for Basic/Core Area Health Education Center (AHEC) Program; Section 746(a)(1)

*Purpose:* Section 746(a)(1) of the PHS Act authorizes Federal assistance to schools of medicine (allopathic and osteopathic) which have cooperative arrangements with one or more public or nonprofit private area health education centers for the planning, development and operation of area health education center programs.

*Eligibility:* To be eligible to receive support for an area health education center cooperative agreement, the applicant must be a public or nonprofit private accredited school of medicine (allopathic or osteopathic) or
