SUPPLEMENTARY INFORMATION:

Background

On August 18, 1993, the Commission issued affirmative threat of injury determinations with respect to cold-rolled steel in investigations Nos. 701-TA-340, 731-TA-604, and 731-TA-608 (Final), in the context of its determinations in Certain Flat-Rolled Carbon Steel Products from Argentina, Australia, Austria, Belgium, Brazil, Canada, Finland, France, Germany, Italy, Japan, Korea, Mexico, the Netherlands, New Zealand, Poland, Romania, Spain, Sweden, and the United Kingdom, Invs. Nos. 701-TA-319-332, 334, 336-342, 344, & 347-353, and 731-TA-573-579, 581-592, 594-597, 599-609, and 612-619 (Final) (58 FR 43905, Aug. 18, 1993). The Commission's determinations were based on a cumulative assessment of imports from Germany and the Netherlands with imports from, inter alia, the Republic of Korea (Korea). Commerce issued a countervailing duty

order for Germany and antidumping orders for all three countries.

On November 28, 1995, the Commission received a request to review its affirmative determinations with respect to Germany and the Netherlands in the light of changed circumstances (the request), pursuant to section 751(b) of the Act (19 U.S.C. 1675(b)). The request was filed by counsel on behalf of Krupp Hoesch Stahl AG, Preussag Stahl AG, Thyssen Stahl AG, and Hoogovens Groep BV, producers of the subject merchandise in Germany and the Netherlands, and N.V.W. (USA), Inc., an importer of the subject merchandise from the Netherlands. The alleged changed circumstances include: (1) Restructuring of the European steel industry, together with other changes in global market conditions; (2) surges in non-subject imports of cold-rolled steel; (3) the sharp decline of the U.S. dollar against both the Dutch guilder and the German mark; (4) the sharp and unanticipated growth in U.S. production of corrosion-resistant steel pursuant to the antidumping and countervailing duty orders imposed on corrosion-resistant steel, and; (5) the fact that the orders on Germany and the Netherlands resulted from affirmative threat determinations of three Commissioners who cumulated imports from the Netherlands, Germany, and Korea with far greater volumes from other countries.

Written Comments Requested:

Pursuant to § 207.45(b) of the Commission's rules of practice and procedure (19 CFR 207.45(b)), the Commission requests comments concerning whether the alleged changed circumstances are sufficient to warrant institution of review investigations.

Written Submissions:

In accordance with § 201.8 of the Commission's rules (19 CFR 201.8), the signed original and 14 copies of all written submissions must be filed with the Secretary to the Commission, 500 E Street, SW., Washington, DC 20436. All comments must be filed no later than 30 days after the date of publication of this notice in the Federal Register. The Commission's determination regarding initiation of review investigations is due within 30 days of the close of the comment period. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request business confidential treatment under § 201.6 of the Commission's rules (19 CFR 201.6). Such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the

Commission should grant such treatment. Each sheet must be clearly marked at the top "Confidential Business Information." The Commission will either accept the submission in confidence or return it. All nonconfidential written submissions will be available for public inspection in the Office of the Secretary.

Copies of the non-business proprietary version of the request and any other documents in this matter are available for public inspection during regular business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary to the Commission; telephone 202-205-2000.

Issued: January 19, 1996.

By order of the Commission.

Donna R. Koehnke,

Secretary.
