Williams Natural Gas Company; Notice of Application

January 19, 1996.

Take notice that, on January 16, 1996, Williams Natural Gas Company (Williams), P.O. Box 3288, Tulsa, Oklahoma 74001, filed an abbreviated application, pursuant to section 7(c) of the Natural Gas Act, for an amendment to the certificate issued on September 24, 1958, in Docket No. G-10956 (20 FPC 390), all as more fully set forth in the application, which is on file with the Commission and open to public inspection.

The subject certificate authorized Williams (formerly: Cities Service Gas Company) to construct and operate the Elk City Storage Field in Elk, Chautauqua, and Montgomery Counties, Kansas, as an underground gas storage field. Williams now requests Commission authorization to:

(1) Construct and operate approximately 5,000 feet of 6-inch gathering lateral and appurtenant facilities from two existing storage observation wells in Sections 14 and 15, T31S, R13E, in Elk and Montgomery Counties, to a point in the southwest quarter of Section 14, T31S, R13E, in Montgomery County;

(3) Install and operate one 1,000 horsepower skid-mounted compressor unit and appurtenant facilities in the southeast quarter of Section 23, T31S, R13E, in Montgomery County.

Williams asserts that these facilities will allow it to capture gas that would otherwise migrate out of the Elk City Storage Field, and return it to the storage field for the benefit of Williams and its storage customers.
