Notice of Required Determinations, Contract Provisions and Opportunity To Comment

CERCLA, commonly known as "Superfund," requires the establishment of an administrative record upon which the President shall base the selection of a response action. CERCLA also requires the maintenance of many other records, including those relevant to cost recovery and litigation support.

EPA Region IV has determined that disclosure of CBI to its contractors and subcontractors is necessary in order that they may carry out the work requested under those contracts of subcontracts with EPA, including (1) compilation, organization and tracking of litigation support documents and information, (2) review and analysis of documents and information, and (3) provision of computerized database systems and customized reports. Documents include, but are not limited to, responses to CERCLA Section 104(e) information requests, contractor invoices, and progress reports. In performing these tasks, employees of the contractors and subcontractors listed below will be required to sign a written agreement that they: (1) will use the information only for the purpose of carrying out the work required by the contract, (2) shall refrain from disclosing the information to anyone other than EPA without the prior written approval of each affected business or of an EPA legal office, and (3) shall return to EPA all copies of the information and any abstracts or extracts therefrom: (1) upon completion of the contracts; (b) upon request of the EPA; or (c) whenever the information is no longer required by the contractor or subcontractor for performance of work requested under those contracts. These nondisclosure statements shall be maintained on file with the EPA Region IV Project for CACI. CACI employees will be provided technical direction from their EPA contract management staff.

EPA hereby advised affected parties that they have ten working days to comment pursuant to 40 CFR 2.301(h)(1)(iii) and 40 CFR 2.310(h). Comments should be sent to Environmental Protection Agency, Region IV, Andrew N. Hey, 345

Courtland St., N.E., Atlanta, Georgia 30365.

Patrick M. Tobin,
Acting Regional Administrator.

Public Water System Supervision Program Revision for the State of California Public Notification Regulations

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of decision and opportunity for hearing.

SUMMARY: Notice is hereby given that the State of California is revising its approved State Public Water System Supervision Program. California has adopted revised drinking water regulations which require owners or operators of public water systems to notify the persons they serve when certain violations of the National Primary Drinking Water Regulations (NPDWRs) or certain monitoring requirements occur, when variance or exemptions are in effect, and when a system fails to comply with any schedule prescribed pursuant to a variance or exemption. These state regulations correspond to National Primary Drinking Water Regulations promulgated by EPA on October 28, 1987 [52 FR 41534]. EPA has determined that the State program revisions are no less stringent than the corresponding federal rules. Therefore, EPA has tentatively decided to approve the State program revision.

All interested parties are invited to request a public hearing on EPA's decision to approve the State program revisions. A request for a public hearing must be submitted by February 26, 1996, to the Regional Administrator at the address shown below. Insubstantial requests for a hearing may be denied by the Regional Administrator. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his/her own motion, this determination shall become effective February 26, 1996.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity

requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and (3) the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:30 a.m. and 4:00 p.m., Monday through Friday, at the following offices: California Department of Health Services, Division of Drinking Water and Environmental Management, 601 North 7th Street, P.O. Box 942732, Sacramento, CA 94234-7320; and EPA, Region IX, Water Management Division, Drinking Water Section (W-6-1), 75 Hawthorne Street, San Francisco, California 94105.

FOR FURTHER INFORMATION CONTACT: William M. Robberson, EPA, Region IX, at the San Francisco address given above or by telephone at (415) 744-1857.

[Sec. 1413 of the Safe Drinking Water Act as amended [1986]; and 40 CFR 142.10 of the National Primary Drinking Water Regulations]

Dated: December 18, 1996.

Felicia Marcus,
Regional Administrator.
