

Labor, stating that the right to compensation is controverted. This form is used for that purpose.

II. Current Actions

The Department of Labor seeks the extension of approval to collect this information in order to determine the basis for not paying benefits in a case, and to inform the injured claimant of the reason(s) for not paying compensation benefits.

Application for Authority To Employ Full-Time Students at Subminimum Wages in Retail or Service Establishments or Agriculture

I. Background

The Fair Labor Standards Act (FLSA) requires the Secretary of Labor to provide certificates authorizing the employment of full-time students at 65% of the applicable minimum wage in retail or service establishments and in agriculture to the extent necessary to prevent curtailment of opportunities for employment. These provisions set limits on such employment and prescribe safeguards to protect full-time students so employed and full-time employment opportunities of other workers. 29 CFR Part 519 sets forth the application requirements, the terms and conditions for the employment of students at subminimum wages. This voluntary use form is prepared and signed by an authorized representative of an employer applying for authorization to employ full-time students at subminimum wages. The completed form is reviewed by the Wage and Hour Division of the Department of Labor to determine whether to grant or to deny subminimum wage authority to the applicant.

II. Current Actions

The Department of Labor seeks the extension of approval to collect this information in order to provide employers with the certification necessary to pay students at subminimum wages, to protect full-time students so employed, and to protect the full-time opportunities of other workers.

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any

modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.
