

under section 6(c). First, interests in the issuer should be sold only to persons for whom investments in limited profit, essentially tax-shelter, investments would not be unsuitable. Second, requirements for fair dealing by the general partner of the issuer with the limited partners of the issuer should be included in the basic organizational documents of the company.

6. Applicants state, among other considerations, that the suitability standards set forth in the Memorandum, the requirements for fair dealing provided by the Partnership Agreement, and pertinent governmental regulations imposed on each Property Partnership by various Federal, state, and local agencies provide protection to Unitholders comparable to that provided by the Act. In addition, applicants assert that the requested exemption is both necessary and appropriate in the public interest.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Margaret H. McFarland,
Deputy Secretary.

Operations by Canadian and Mexican Specialty Air Service Operators

AGENCY: Office of the Secretary, Department of Transportation.

ACTION: Order to Show Cause, Docket OST-96-1021, Order 96-1-28.

SUMMARY: The Department is inviting comments on its tentative decision to grant Canadian and Mexican "specialty air service" operators a blanket foreign aircraft permit under 14 CFR Part 375 to conduct such operations in the United States, to the extent the operations covered under the North American Free Trade Agreement (NAFTA). The specific specialty air services involved are: aerial mapping, aerial surveying, aerial photography, forest fire management, fire fighting, aerial advertising, glider towing, parachute jumping, aerial construction, heli-logging, aerial sightseeing, flight training, aerial inspection and surveillance, and aerial spraying services. NAFTA provides for

the operation of these services on a phase-in basis, with coverage for some services already effective, and coverage for others becoming effective at various times through January 1, 2000. The blanket foreign aircraft permit the Department proposes would remove the present requirement that operators obtain prior Department approval, on a contract-by-contract basis, before conducting those specialty air services that are provided for and for which coverage has become effective under NAFTA. The authority would be subject to each operator's compliance with applicable regulations and procedures of the Federal Aviation Administration, and would be effective until further order of the Department.

DATES: Objections to the issuance of a final order in this proceeding are due: February 7, 1996. If objections are filed, answers to objections are due: February 14, 1996. Persons filing pleadings should contact the Department's Foreign Air Carrier Licensing Division at the telephone number listed below for a list of persons to be served with objections and answers to objections.

ADDRESSES: All documents in this proceeding, with appropriate filing copies, should be filed in Docket OST-96-1021, addressed to Central Docket Management Facility, U.S. Department of Transportation, Room PL401, 400 Seventh Street SW., Washington, D.C. 20590.

FOR FURTHER INFORMATION CONTACT: George Wellington, Foreign Air Carrier Licensing Division, U.S. Department of Transportation, Room 6412, 400 Seventh Street, SW., Washington, DC. 20590. Telephone (202) 366-2391.

Dated: January 24, 1996.

Mark L. Gerchick,

Acting Assistant Secretary for Aviation and International Affairs.
