SUPPLEMENTARY INFORMATION:

I. Abstract

Planning is currently underway for the 1996 Test Census which is an integral part of the overall planning process for the Year 2000 Decennial Census. The Census Bureau must provide everyone in our test sites the opportunity to be counted including persons living at group quarters (GQs) student dorms, shelters and housing units (HUs) at and/or associated with special places (SPs). One of the major requirements for enumeration of persons at SP facilities is to identify the GQs and any associated HUs at each SP.

We will phone each SP in the 1996 Test Census and conduct interviews to identify and collect updated information about the GQs and HUs at each SP using the DT-351 Special Place Facility Questionnaire.

II. Method of Collection

Telephone interviews will be conducted using a paper questionnaire. We plan to conduct this operation via Computer Assisted Telephone Interviewing (CATI) for the year 2000 census. However, resources did not allow us to implement this approach in the 1996 Test Census. Form modifications should reduce the amount of time needed to conduct the interview as well as eliminate other problems caused by personal visit interviews.

III. Data

OMB Number: Not available.

Form Number: DT-351.

Type of review: Regular Submission.

Affected Public: Individuals, Businesses or other for-profit organizations, non-profit institutions and small businesses or organizations.

Estimated number of Respondents: 40 SPs in the 1995 Test Census sites.

Estimated Time Per Response: Each interview should take about 15 minutes (0.250 hours).

Estimated Total Annual Burden Hours: 10 hours.

Estimated Total Annual Cost: All costs for the Special Place Facility Questionnaire Operation (\$700) are covered by funding for the 1996 Test Census. There is no cost to respondents for providing information on this operation, except for a few minutes of their time.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
