### Public Workshop on the Nuclear Regulatory Commission's Materials Licensing Process

**AGENCY:** Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of meeting.

**SUMMARY:** The NRC will hold a public workshop in Rockville, Maryland, to receive input from licensees and the public on its recent initiative to redesign the materials licensing process. All interested licensees, and members of the public are invited to attend this workshop. The NRC has prepared a workshop agenda and background information on the project. They will be available for review after April 11, 1996. Attendees, who would like a package in advance of the meeting, should call, fax, or E-mail the contact listed in this notice. Interested parties, unable to attend the workshop, are encouraged to provide written comments pertinent to the process, by May 11, 1996.

**DATES:** The workshop will be held on April 25, 1996, beginning at 9 a.m. and ending at 5 p.m.

**ADDRESSES:** The public workshop will be held in the NRC auditorium at Two White Flint North, 11545 Rockville Pike, Rockville, Maryland. Visitor parking around the NRC building is limited; however, the workshop site is located adjacent to the White Flint Station on the Metro Red Line. Seating for the public will be on a first-come, first-served basis. Written comments may be provided at the workshop or to the Secretary, U.S. Nuclear Regulatory Commission, Washington DC 20555, Attention: Docketing and Service Branch. Written comments should be submitted on or before May 11, 1996. Copies of the agenda and related

documents can be obtained, after April 11, 1996, from the NRC contact listed below, or from the NRC's Public Document Room, 2120 L Street NW, Lower Level, Washington, DC 20555; telephone 202-634-3273; fax: 202-634-3343.

**FOR FURTHER INFORMATION, CONTACT:**

Sally L. Merchant, Office of Nuclear Material Safety and Safeguards, Mail Stop T 8-F-5, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone 301-415-7874; fax: 301-415-5369; INTERNET: SLM2@NRC.GOV.

**SUPPLEMENTARY INFORMATION:** In October 1994, the NRC began to examine its materials licensing process to identify ways to improve it, while maintaining or raising the level of public safety. An improved process would: perform licensing reviews and associated tasks an order of magnitude faster than the current practice; reduce the resources associated with the current licensing practice; and take full advantage of information technology. The staff is using a technique called Business Process Redesign, a process of fundamentally changing the way that work is performed, to achieve significant improvements in speed, cost, and quality.

A detailed plan for implementing this new process was presented to the Commission in May 1995. On June 16, 1995, the Commission directed the staff: (1) to proceed with the detailed design and testing of the new process; (2) to coordinate its efforts closely with the Agreement States, licensees, and the public; (3) to separate the payment of licensing fees from the process of issuing a license and continue to streamline fees; and (4) extend certain qualified licenses for an additional 5 years, on a one-time basis. A final rule to extend qualified licenses was published on January 16, 1996, and effective on February 15, 1996. Implementation of the new licensing process is scheduled to begin early in 1997.

This workshop is one of a series of interactions with the Agreement States, licensees, and the public to gather suggestions and ideas to ensure the success of this licensing initiative. A transcript of this workshop will be available for inspection, and copying for a fee at the NRC Public Document Room, 2120 L Street, NW, Lower Level, Washington, DC 20555, on or about May 23, 1996.

The workshop will be open to the public, and the public will be provided opportunities throughout the workshop to comment on issues under discussion.

Dated: February 29, 1996.

Donald A. Cool,

*Director, Division of Industrial and Medical Nuclear Safety, NMSS.*

### Advisory Committee on Reactor Safeguards and Advisory Committee on Nuclear Waste Subcommittee Meeting

The ACRS and ACNW Subcommittee will hold a joint meeting on March 26, 1996, Room T-2B3, 11545 Rockville Pike, Rockville, Maryland.

The meeting will be open to public attendance.

The agenda for the subject meeting shall be as follows:

*Tuesday, March 26, 1996—8:30 a.m. until the conclusion of business.*

The Joint Subcommittee will discuss the protocol of the Joint Subcommittee, the activities of the Spent Fuel Program Office, the status of the decommissioning rule and related matters, and perspectives regarding the health effects of low-level radiation. The purpose of this meeting is to gather information, analyze relevant issues and facts, and formulate proposed positions and actions, as appropriate, for deliberation by the full Committees.

Oral statements may be presented by members of the public with the concurrence of the Subcommittee Chairman; written statements will be accepted and made available to the Committee. Electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Subcommittee, their consultants, and staff. Persons desiring to make oral statements should notify the cognizant ACRS/ACNW staff member named below five days prior to the meeting, if possible, so that appropriate arrangements can be made.

During the initial portion of the meeting, the Subcommittee, along with any consultants who may be present, may exchange preliminary views regarding matters to be considered during the balance of the meeting.

The Subcommittees will then hear presentations by and hold discussions with representatives of the NRC staff, their consultants, and other interested persons regarding these matters.

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by contacting the Senior
