

Saint-Gobain, until the proposed order is made final, to hold separate Carborundum, but allows Saint-Gobain to integrate certain discrete assets of Carborundum unrelated to the lines of commerce of competitive concern. It further requires Saint-Gobain, until it accomplishes the divestitures of Carborundum's fused cast refractories, HSI or silicon carbide business required by the order, or the alternative divestiture or licensing, or until the trustee accomplishes the divestitures required by the order, to hold separate and preserve all of the assets and businesses to be divested.

The purpose of this analysis is to invite public comment concerning the proposed order. This analysis is not intended to constitute an official interpretation of the agreement and

order or to modify their terms in any way.

By direction of the Commission.
