**Science Advisory Board; Emergency Notification of Public Advisory Committee Meetings**

This is an Emergency Notification of Federal Advisory Committee Meetings. This notice is being published less than fifteen calendar days prior to the date of the announced meetings due to delays caused by Federal budgetary exigencies. In addition, scheduling and announcement of several of these meetings has been delayed due to ongoing litigation involving one of the committees that has set the schedule for that Advisory Committee's review of certain scientific documents. Information concerning this delay is given in 61 FR 6004-6006 published on February 15, 1996.

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that several committees of the Science Advisory Board (SAB) will meet on the dates and times described below. All times noted are Eastern Time. All meetings are open to the public. Due to limited space, seating at meetings will be on a first-come basis. For further information concerning specific meetings, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are not available from the SAB Office.

**1. Ecological Processes and Effects Committee**

The Ecological Processes and Effects Committee (EPEC) of the Science Advisory Board (SAB) will meet on March 14-15, 1996, at the Environmental Protection Agency's Waterside Mall Complex, 401 M Street, SW., Washington, DC 20460 in Room M2103. For convenient access, members of the public should use the EPA entrance next to the Safeway store. The meeting will begin at 8:30 a.m. and end no later than 5:00 p.m. on each day.

The main purpose of the meeting is to discuss ecological risks and the potential for risk reduction as part of an SAB project to update the 1990 SAB report, Reducing Risk: Setting Priorities and Strategies for Environmental Protection. EPEC may also conduct general committee business, including briefings on upcoming review topics,

agenda planning, and discussion of subcommittee activities.

### *Background*

In a letter dated October 25, 1995, to Dr. Matanoski, Chair of the SAB Executive Committee, Deputy Administrator Fred Hansen charged the SAB to update its 1990 report, *Reducing Risk: Setting Priorities and Strategies for Environmental Protection*. Specifically, the charge is to: (1) develop an updated ranking of the relative risk of different environmental problems based upon explicit scientific criteria; (2) provide an assessment of techniques and criteria that could be used to discriminate among emerging environmental risks and identify those that merit serious, near-term Agency attention; (3) assess the potential for risk reduction and propose alternative technical risk reduction strategies for the environmental problems identified; and (4) identify the uncertainties and data quality issues associated with the relative rankings. The project will be conducted by several SAB panels, including EPEC, working at the direction of an ad hoc Steering Committee established by the Executive Committee.

Single copies of *Reducing Risk* can be obtained by contacting the SAB's Committee Evaluation and Support Staff (1400), 401 M Street, SW., Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889. Members of the public desiring additional information about the meeting, including an agenda, should contact Ms. Constance Valentine, Staff Secretary, Science Advisory Board (1400F), US EPA, 401 M Street, SW., Washington DC 20460, by telephone at (202) 260-6552, fax at (202) 260-7118, or via The INTERNET at: Valentine.Connie@EPAMAIL.EPA.GOV.

Anyone wishing to make an oral presentation at the meeting should contact Stephanie Sanzone, Designated Federal Official for EPEC, no later than 4:00 p.m., March 11, 1996, at (202) 260-6557 or via the Internet at Sanzone.Stephanie@epamail.epa.gov. The request should identify the name of the individual who will make the presentation and an outline of the issues to be addressed. At least 35 copies of any written comments to the Committee are to be given to Ms. Sanzone no later than the time of the presentation for distribution to the Committee and the interested public. See below for additional information on providing comments to the SAB.

### 2. Clean Air Scientific Advisory Committee (CASAC)

The Clean Air Scientific Advisory Committee (CASAC) of the Environmental Protection Agency's (EPA) Science Advisory Board (SAB) will meet on March 21, 1996 at the U.S. Environmental Protection Agency, Administration Building, Auditorium (Ground level), Alexander Drive and Route 54, Research Triangle Park, NC 27711. The meeting will begin at 8:30 am and end at 5:00 pm, Eastern Time. The meeting is open to the public and seating is on a first come basis.

At this meeting, the Committee will review and provide advice to EPA on the revisions to the secondary standard portions (Chapters 7 & 8) of the revised draft Staff Paper for ozone (Review of National Ambient Air Quality Standards for Ozone: Assessment of Scientific and Technical Information). The purpose of the Staff Paper is to evaluate and interpret the most relevant scientific and technical information reviewed in the ozone air quality criteria document in order to better specify the critical elements which the EPA staff believes should be considered in any possible revisions to the national ambient air quality standards (NAAQS) for ozone. This document is intended to bridge the gap between the scientific review contained in the criteria document and the judgments required of the Administrator in setting NAAQS for ozone. The Committee will consider presentations from Agency staff and the interested public prior to making recommendations to the Administrator.

The Committee previously closed on the Air Quality Criteria for Ozone (the Criteria Document) and the Primary Standard portions of the Staff Paper. This closure is contained in the following CASAC reports: (a) CASAC Closure on the Air Quality Criteria Document for Ozone and Related Photochemical Oxidants, EPA-SAB-CASAC-LTR-96-001, November 28, 1995, and (b) CASAC Closure on the Primary Standard Portion of the Staff Paper for Ozone, EPA-SAB-CASAC-LTR-96-002, November 30, 1995. See below for ordering information.

### *Draft Ozone Staff Paper*

Single copies of the two chapters of the ozone staff paper that are the subject of the CASAC review may be obtained from Ms. Tricia Crabtree, Office of Air Quality Planning and Standards (MD-15), U.S. EPA, Research Triangle Park, NC 27711. Ms. Crabtree can also be reached by telephone at (919) 541-5655 or by fax at (919) 541-0237. The Office of Air Quality Planning and Standards

(OAQPS) will accept written comments from the public on Chapters 7 and 8 of the revised draft ozone staff paper through March 28, 1996. Comments should be sent to Ms. Crabtree at the previously stated address.

### *CASAC Reports*

Single copies of the two CASAC reports identified above may be obtained from the US EPA, Science Advisory Board, Committee Evaluation and Support Staff (1400), Washington, DC 20460, phone: (202) 260-8414; fax: (202) 260-1889.

Members of the public desiring additional information concerning the meeting should contact Mr. A. Robert Flaak, Designated Federal Official, Clean Air Scientific Advisory Committee, Science Advisory Board (1400F), US Environmental Protection Agency, Washington, DC 20460, telephone (202) 260-5133, fax (202) 260-7118 or via the INTERNET at FLAAK.ROBERT@EPAMAIL.EPA.GOV.

Members of the public who wish to make a brief oral presentation to the Committee concerning the scientific issues contained in the revised draft Chapters 7 and 8 of Staff Paper must contact Mr. Flaak in writing no later than 12 noon Eastern time on Wednesday, March 13, 1996, in order to be placed on the meeting agenda. Public commentors will be limited to five minutes per person or organization. The written request should identify the name of the individual who will make the presentation, the organization (if any) they will represent, any audio visual requirements (e.g., overhead projector, 35mm projector, chalkboard, etc.), and a summary of the issue they will address. Presentors are expected to provide at least 35 copies of an outline of the issues to be addressed or the presentation itself.

### *Providing Oral or Written Comments at SAB Meetings*

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will be limited to no more than five minutes per speaker and no more than fifteen minutes total. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the

meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: February 23, 1996.
