Details regarding the format and procedures for the public hearings will be published locally. Hearing times will be extended, as appropriate, to accommodate public interest.

The public comment period will extend until May 7, 1996. Written or oral comments on the Draft EIS are invited from the general public, other government agencies, and all other interested parties. Comments received or postmarked by May, 7, 1996, whether written or oral, submitted directly to the Department, or presented during a public hearing, will be given equal consideration in preparation of the Final EIS. Comments received after that date will be considered to the extent practicable. DOE will use the comments received to help prepare the Final version of the EIS. A Final PEIS for Stockpile Stewardship and Management is expected to be completed by July 1996. A Record of Decision would be completed no sooner than 30 days after the Final PEIS is issued.

Signed in Washington, D.C. this 6th day of March, 1996.

Eldon W. Joersz,

*Major General, USAF, Principal Deputy Assistant Secretary For Military Application, Defense Programs.*

## Federal Energy Regulatory Commission

[Docket No. RP96–153–000]

### ANR Pipeline Company; Notice of request for Suspension of FERC Gas Tariff Requirement

March 5, 1996.

Take notice that on February 29, 1996, ANR Pipeline Company (ANR) filed, pursuant to Rule 207 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission, 18 CFR 385.207, a request for suspension of its

tariff provisions regarding the filing of the annual redetermination of the monthly charge for services provided to High Island Offshore System (HIOS) under ANR's Rate Schedule X–64.

ANR states that HIOS gave ANR notice of its intent to terminate its existing service agreement with ANR effective May 22, 1995, and that on February 28, 1996, ANR and HIOS entered into an agreement in principle for new rates and charges for the service provided under Rate Schedule X–64 which agreement eliminates the need to determine annually the rate through the end of calendar year 2000. Thereafter, unless the parties agree otherwise, the annual redetermination requirement may be reactivated. Accordingly, ANR requests that the tariff provision which requires an annual rate redetermination filing by ANR be suspended.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426 in accordance with Rules 214 and 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211). All such motions or protests should be filed on or before March 12, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make Protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and are available for public inspection.

Linwood A. Watson, Jr.,

*Acting Secretary.*

### ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

March 5, 1996.

Take notice that on February 29, 1996, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheet, proposed to become effective March 1, 1996:

Sixteenth Revised Sheet No. 18

ANR states that the above-referenced tariff sheet is being filed to implement an annual true-up of the recovery of its Above-Market Dakota Costs, as required by its recovery tariff mechanism. ANR advises that the filing proposes a negative reservation surcharge adjustment of (\$0.076) applicable to its currently effective, firm service Rate Schedules. ANR states that this negative surcharge is proposed to return to ANR's customers, over the twelve month period of March 1, 1996 to February 28, 1997, the \$3.4 million of above-market Dakota cost overcollections, inclusive of interest, which is reflected in the true-up filing.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Sections 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public
