

continued monitoring of the contaminated aquifers. This remedy addresses remediation of ground water by eliminating or reducing the risks posed by the site, through ground water pump and treat. The final report for the completion of construction of the ground water remedial action was approved by letter of the MPCA dated September 26, 1995.

The second operable unit is the Landfill (the source of contamination). The owners of the landfill are constructing a landfill cap using Responsible Parties' monies. Under the Landfill Cleanup Program, the MPCA would maintain the cap, operate the ground-water pump-and-treat system, and monitor the ground water and the passive gas system.

The Remedial Investigation/Feasibility Study (RI/FS) and the Proposed Plan for the Site were released to the public for comment on August 12, 1992. The notice of availability for the RI/FS and the Proposed Plan was published in the August 7, 1992 edition of the Anoka County Union, the local newspaper. The public comment period began on August 12, 1992 and ended on September 10, 1992. A public meeting was held on August 27, 1992, at the Cedar Creek Elementary School located in East Bethel. At this meeting representatives from the MPCA, Minnesota Department of Health (MDH), and Environmental Protection Agency (EPA) answered questions about problems at the Site and the remedial alternatives under consideration. No person requested an extension to the public comment period.

All the components of the remedy have been fully implemented. On October 31, 1995, the site was issued a Notice of Compliance (NOC) from the State under the Minnesota Landfill Cleanup Law. The State has now assumed full responsibility for the remedy at this site. There are no additional cleanup levels to achieve for the remedy. U.S. EPA will proceed in deleting the site from the NPL.

Upon completion of construction of the landfill cap, the following will occur: (1) a certificate of construction completion of the remedial action will be issued in accordance with the RA design plan, and (2) a final report documenting the completion of construction will be prepared in accordance with the MPCA Consent Order.

EPA, with concurrence from the State of Minnesota, has determined that all appropriate Fund-financed responses under CERCLA at the East Bethel Landfill Superfund Site have been completed, and no further CERCLA

response is appropriate in order to provide protection of human health and the environment. Therefore, EPA proposes to delete the site from the NPL.

Dated: February 8, 1996.
David A. Ullrich,
*Acting Regional Administrator, USEPA,
Region V.*

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 96-32; RM-8719]

Radio Broadcasting Services; Canton, IL and Canton, MO

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document requests comments on a petition filed by Bick Broadcasting Co., proposing the substitution of Channel 265C2 for Channel 265C3 at Canton, Missouri, and modification of the license for Station KRRY to specify the higher class channel. The coordinates for Channel 265C2 at Canton, Missouri, are 40-07-33 and 91-31-42. To accommodate the upgrade at Canton, Missouri, we shall propose to substitute Channel 252A for vacant Channel 265A at Canton, Illinois, at coordinates 40-32-46 and 90-04-59. In the event there is no interest expressed for retention of a channel in Canton, Illinois, during the comment cycle in this proceeding, we shall delete the channel. We shall propose to modify the license for Station KRRY in accordance with Section 1.420(g) of the Commission's Rules and will not accept competing expressions of interest for the use of the channel or require petitioner to demonstrate the availability of an additional equivalent class channel for use by such parties.

DATES: Comments must be filed on or before April 29, 1996, and reply comments on or before May 14, 1996.

ADDRESSES: Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, as follows: Bud James, President, Bick Broadcasting Co., 119 North Third Street, Hannibal, Missouri 63401.

FOR FURTHER INFORMATION CONTACT: Kathleen Scheuerle, Mass Media Bureau, (202) 418-2180.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Notice of*

Proposed Rule Making, MM Docket No. 96-32, adopted February 21, 1996, and released March 6, 1996. The full text of this Commission decision is available for inspection and copying during normal business hours in the Commission's Reference Center (Room 239), 1919 M Street, NW., Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractors, International Transcription Services, Inc., 2100 M Street, NW., Suite 140, Washington, DC 20037, (202) 857-3800.

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding.

Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for rules governing permissible *ex parte* contact.

For information regarding proper filing procedures for comments, see 47 CFR 1.415 and 1.420.

47 CFR Part 73

[MM Docket No. 96-29; RM-8731]

Radio Broadcasting Services; Chester and Richmond, VA

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission requests comments on a petition by Hoffman Communications, Inc., licensee of Station WDYL(FM), Channel 289A, Chester, Virginia, proposing the substitution of Channel 266A for Channel 289A and modification of Hoffman's construction permit to specify operation on the alternate Class A channel. In order to accommodate the substitution at Chester, we also propose to substitute Channel 289A for unoccupied but applied for Channel 266A at Richmond, Virginia. See Supplementary Information, *infra*.
