

The purpose of the meeting is to advise the Chairman of the National Endowment for the Humanities with respect to policies, programs, and procedures for carrying out his functions, and to review applications for financial support and gifts offered to the Endowment and to make recommendations thereon to the Chairman.

The meeting will be held in the Old Post Office Building, 1100 Pennsylvania Avenue, N.W., Washington, D.C. A portion of the morning and afternoon sessions on March 25–26, 1996, will not be open to the public pursuant to subsections (c)(4), (6) and (9)(B) of section 552b of Title 5, United States Code because the Council will consider information that may disclose: Trade secrets and commercial or financial information obtained from a person and privileged or confidential; information of a personal nature the disclosure of which will constitute a clearly unwarranted invasion of personal privacy; and information the disclosure of which would significantly frustrate implementation of proposed agency action. I have made this determination under the authority granted me by the Chairman's Delegation of Authority dated July 19, 1993.

The agenda for the sessions on March 25, 1996, will be as follows:

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of new information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. *The title of the information collection:* Generic Clearance for Customer Satisfaction Surveys.
2. *Current OMB approval number:* None.
3. *How often the collection is required:* Three per year.
4. *Who is required or asked to report:* Licensees, applicants, and the public
5. *The number of annual respondents:* 300
6. *The number of hours needed annually to complete the requirement or request:* 300
7. *Abstract:* The NRC plans to conduct voluntary customer satisfaction surveys to evaluate its programs with respect to

customer satisfaction and how NRC can improve its programs.

Submit, by May 13, 1996, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

BILLING CODE 7590-01-P

[Docket No. 030-32202; License No. 11-27316-01; EA 95-148]

**Diamond H Testing Company;
Pocatello, Idaho; Order Imposing Civil
Monetary Penalty**

I

Diamond H Testing Company (DHT, Licensee) is the holder of NRC Materials License No. 11-27316-01 issued by the Nuclear Regulatory Commission (NRC or Commission). The license authorizes the Licensee to possess sealed radioactive sources and to utilize those sources to conduct industrial radiography in accordance with the conditions specified therein.

II

An inspection of the Licensee's activities was conducted June 16 through July 12, 1995, following the Licensee's report of an incident that occurred during radiography activities in Hawaii. The results of this inspection, documented in a report issued on September 11, 1995, indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. A predecisional enforcement conference was conducted on September 26, 1995, in the NRC's Arlington, Texas, office. A written Notice of Violation and Proposed Imposition of Civil Penalty (Notice) in the amount of \$8,000 was served upon the Licensee by letter dated October 25, 1995. The Notice described the nature of the violations, the provisions of the NRC's requirements that the Licensee had violated, and the amount of the civil penalty proposed for the violations.

The Licensee responded to the Notice in two letters both dated November 15, 1995 (Reply to a Notice of Violation and Answer to a Notice of Violation). In its responses, the Licensee admitted that portions of the regulations were violated, but denied that it should be held responsible for the violations because they resulted from independent decisions made by one of its radiographers, and stated that certain factors warranted mitigation of the proposed civil penalty.

III

After consideration of the Licensee's response and the statements of fact, explanation, and argument for mitigation contained therein, the NRC staff has determined, as set forth in the Appendix to this Order, that the violations occurred as described in the Notice, that the Licensee is fully responsible for the violations committed by its radiographer, and that the penalty

proposed for the violations designated in the Notice should be mitigated by \$3,000. Thus, a civil penalty in the amount of \$5,000 should be imposed.

IV

In view of the foregoing and pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (Act), 42 U.S.C. 2282, and 10 CFR 2.205, it is hereby ordered that:

The Licensee pay a civil penalty in the amount of \$5,000 within 30 days of the date of this Order, by check, draft, money order, or electronic transfer, payable to the Treasurer of the United States and mailed to James Lieberman, Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

V

The Licensee may request a hearing within 30 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission Washington, D.C. 20555, and include a statement of good cause for the extension. A request for a hearing should be clearly marked as a "Request for an Enforcement Hearing" and shall be addressed to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission Washington, D.C. 20555, with a copy to the Commission's Document Control Desk, Washington, D.C. 20555. Copies also shall be sent to the Assistant General Counsel for Hearings and Enforcement at the same address and to the Regional Administrator, NRC Region IV, 611 Ryan Plaza Drive, Suite 400, Arlington, Texas 76011.

If a hearing is requested, the Commission will issue an Order designating the time and place of the hearing. If the Licensee fails to request a hearing within 30 days of the date of this Order (or if written approval of an extension of time in which to request a hearing has not been granted), the provisions of this Order shall be effective without further proceedings. If payment has not been made by that time, the matter may be referred to the Attorney General for collection.

In the event the Licensee requests a hearing as provided above, the issues to be considered at such hearing shall be:

- (a) Whether the Licensee was in violation of the Commission's requirements as set forth in Section I of the Notice referenced in Section II above, and
