

to Firm Transportation Customer bills. Finally, GTC Section 37.3 required the concurrent filing of Excess Revenues calculations for each Applicable Rate Schedule with the Commission.

On August 1, 1995, Columbia filed a Section 4(e) general rate proceeding in Docket No. RP95-408, proposing, inter alia, termination of Excess Revenues crediting and deletion of Section 37 of the GTC. By order dated August 31, 1995, the Commission allowed Columbia to terminate GTC Section 37 effective February 1, 1996.

Consistent with the former GTC Section 37, Columbia states that it is returning such Excess Revenues concurrently with the filing of this report through dollar credits to Firm Transportation Customer bills. Columbia also states that it did not meet the revenue threshold for Rate Schedule ITS, nor did it collect any revenues under Rate Schedule ISS during the three-month period of November 1, 1995, through January 31, 1996. Columbia further states that it is crediting \$181,186 of Excess Revenues attributable to Rate Schedule SIT. Columbia further reserves its right to make a subsequent filing to reflect adjustments applicable to prior Excess Revenues crediting periods.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's rules and Regulations. All such motions or protests must be filed on or before March 25, 1996.
