

detailed analysis in the National Environmental Policy Act/California Environmental Policy Act document.

3. *Scoping Process:* Potential impacts associated with the proposed action and alternatives will be fully evaluated. Resource categories that will be analyzed include: geology, oceanography/water quality, air and noise quality, marine resources, cultural resources, socioeconomics, land/water use, recreation, ground and vessel traffic and safety, energy, and aesthetics. The Los Angeles District will be conducting a public scoping meeting with the Port of Hueneme on 28 March 1996, at 7:00 pm, in the Board Room of the Oxnard Harbor District, 105 East Hueneme Road, Port Hueneme, California.

4. *Significant Issues:* The only possible significant issue at this time may be related to disposal of dredged material if testing shows sediments are contaminated and require special handling.

5. *Other Environmental Review and Consultation:* Environmental review and consultation as required by Sections 401 and 404 of the Clean Water Act, as amended, (33 U.S.C. 1341 and 1344); the Fish and Wildlife Coordination Act (16 U.S.C. 661 *et seq.*); the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470 *et seq.*); the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*); Executive Order 11990, "Protection of Wetlands," (24 May 1977); and other applicable statutes or regulations will be conducted concurrently with the EIR/EIS review process.

6. *Schedule:* We estimate the draft EIR/EIS will be made available to the public in Spring of 1997.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement (DEIS) for the Proposed Ocean City, Maryland, and Vicinity Water Resources Feasibility Study at Ocean City, in Worcester County, Maryland; Correction

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Correction to Notice of Intent.

SUMMARY: Reference NOI published in Federal Register on Thursday, February 29, 1996, Volume 61, number 41, pages 7778-9. This document contains corrections to the Notice of Intent

published for the Ocean City, Maryland, and Vicinity Water Resources Feasibility Study and Draft Environmental Impact Statement (EIS). The corrections relate to the types of documents to be prepared and the dates that the draft documents will be available for public review.

FOR FURTHER INFORMATION CONTACT:

Questions about the proposed actions, draft Programmatic EIS, and Supplemental EIS's can be addressed to Ms. Stacey Marek, Study Manager, Baltimore District, U.S. Army Corps of Engineers, ATTN: CENAB-PL-PC, P.O. 1715, Baltimore, Maryland 21203-1715, telephone (410) 962-4977. E-mail address: ocwr@ccmail.nab.usace.army.mil.

SUPPLEMENTARY INFORMATION:

Background: The Ocean City feasibility study will address four different water-related problems in the Maryland coastal bay area as separate report components. The components include (1) the restoration of the northern end of Assateague Island; (2) long-term sand placement opportunities along Ocean City and Assateague Island shorelines; (3) restoration of terrestrial and aquatic habitat; and (4) navigation improvements to the harbor, inlet, and Thorofare channel. The Assateague Island Restoration component will be completed earlier than the other 3 components due to a potentially imminent breach of Assateague Island. The original schedule completion date for the draft Ocean City, Maryland, and Vicinity Water Resources Feasibility Report and DEIS was June 1997.

Need for Correction: As published, the original NOI failed to clarify that a Programmatic EIS, addressing general impacts of the overall project and specific impacts of the Assateague Island restoration, would be available first, followed by a separate supplemental EIS addressing the remaining project components, and to identify the dates the documents would be available for public review.

Correction of Publication: Accordingly, the Federal Register published on Thursday, February 29, 1996, Volume 61, number 41, pages 7778-9, is corrected as follows: On page 7778, in the Summary paragraph, substitute the following for the final sentence:

A Programmatic EIS addressing the general actions and impacts of the overall proposed study and the specific actions and impacts of the Assateague Island Restoration component will be prepared and provided for public review in March 1997. Subsequently,

separate Supplemental EIS will be prepared for the study components addressing long-term sand placement; restoration of terrestrial and aquatic habitat; and navigation improvements to the harbor, inlet, and Thorofare channel. The Supplemental EIS will be provided for public review in October 1997.

On page 7778, in item number 7, line 2; and on page 7779, in item 7, line 2: substitute "environmental documents" for "DEIS." On page 7779, in item number 10, substitute the following: The draft Programmatic EIS addressing the general actions and impacts of the overall Ocean City, Maryland, Water Resources Feasibility Study and the specific actions and impacts of the Assateague Island Restoration is scheduled to be available for public review in Mar. 1997; a Supplemental EIS addressing the specific actions and impacts of the remaining 3 study components are scheduled to be available for public review in October 1997.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

DEPARTMENT OF EDUCATION

National Assessment Governing Board; Public Forum

AGENCY: National Assessment Governing Board, Education.

ACTION: Notice of information collection activity.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the National Assessment Governing Board (NAGB) has submitted an Information Collection Request (ICR) to the Office of Management and Budget for approval of the collection abstracted below. The ICR describes the nature of the information collection and its expected cost and burden; it includes the actual data collection instrument and explanatory materials.

DATES: Comments must be submitted on or before April 22, 1996.

FOR FURTHER INFORMATION OR A COPY CONTACT: Susan Cooper Loomis, NAEP ALS Project Director, American College Testing, 2201 N. Dodge Street, Iowa City, Iowa 52243. Copies of the complete ICR and accompanying appendices may be obtained from the NAEP ALS Project Director at the address above.
