

that contracts for the sale of electric energy to any private person or agency other than a privately owned public utility engaged in selling electric energy to the general public, shall contain a provision forbidding such private purchaser to resell any such electric energy so purchased to any private utility or agency engaged in the sale of electric energy to the general public, and requiring the immediate canceling of such contract of sale in the event of violation of such provision.

This provision requires that contracts for the sale of power by the Administrator to private entities or agencies thereof, other than investor-owned utilities, contain a provision that prohibits the resale of that power to investor owned utilities or other private entities or their agents engaged in the sale of electricity to the general public. Consistent with the removal of this requirement in P.L. 104-46, contracts for the sale of excess federal power will not contain any provision prohibiting the resale of such power to investor-owned utilities or other private entities or their agents.

Kalispel Tribe Resident Fish Project

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of Floodplain and Wetlands Involvement.

SUMMARY: This notice announces BPA's proposal to construct a warm water bass hatchery and create two bass nurseries on the "Flying Goose Ranch" in northeastern Washington State. The action is being undertaken to mitigate partially for salmon and steelhead losses incurred as a result of the construction and operation of Chief Joseph and Grand Coulee dams. The action proposed within the floodplain of the Pend Oreille River is to construct, operate, and maintain water control structures to create two bass nursery sloughs adjacent to the Pend Oreille River in Pend Oreille County in northeastern Washington. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR Part 1022), BPA will prepare a floodplain and wetlands assessment and will perform this proposed action in a

manner so as to avoid or minimize potential harm to or within the affected floodplain and wetlands. The assessment will be included in the environmental assessment being prepared for the proposed project in accordance with the requirements of the National Environmental Policy Act. A floodplain statement of findings will be included in any finding of no significant impact that may be issued following the completion of the environmental assessment.

DATES: Comments are due to the address below no later than April 15, 1996.

ADDRESSES: Submit comments to the Public Involvement and Information Manager, Bonneville Power Administration—CKP, P.O. Box 12999, Portland, Oregon 97212. Internet address: comment@bpa.gov.

Central Nebraska Public Power and Irrigation District and Nebraska Public Power District; Notice of Public Conference

March 25, 1996.

In response to a request by the U.S. Department of the Interior (Interior), FERC staff will host a technical conference on the questions raised by Interior economists regarding the economic analysis in the Biological Assessment. The conference is scheduled for April 3, 1996, from 9:00 a.m. until 5:00 p.m. in Room No. 3M-2A, located on the third floor of 888 First Street NE., Washington, D.C. If necessary, the conference will reconvene at 9:00 a.m. on April 4, 1996.

This conference is neither a hearing nor a settlement conference. It will provide an opportunity for

representatives of Interior and the Commission staff to raise questions and exchange information concerning the Commission's economic analysis. Interested parties are welcome to attend and observe the conference, but participation will be limited to the Commission and Interior.

Anyone wishing to comment in writing on the conference must do so no later than April 17, 1996. Comments should be addressed to: Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, D.C. 20426.

Reference should be clearly made to: the Kingsley Dam (Project No. 1417) and North Platte/Keystone Diversion Dam (Project No. 1835).

[Project No. 3913-001]

Puget Sound Power & Light Company; Notice of Effective Date of Withdrawal of License Application

March 25, 1996.

On July 19, 1983, Puget Sound Power & Light Company (Puget Power) filed a license application for the proposed Thunder Creek Project No. 3913, to be located on Thunder Creek in Skagit County, Washington. On March 4, 1996, Puget Power filed a letter withdrawing its license application. No motion in opposition to the withdrawal was filed, and the Commission took no action to disallow the withdrawal. Accordingly, pursuant to Rule 216 of the Commission's Rules of Practice and Procedure,¹ the withdrawal became effective on March 19, 1996.

[Project No. 2614-021]

City of Hamilton; Ohio and Kentucky; Notice of Availability of Final Environmental Assessment

March 25, 1996.

A final environmental assessment (FEA) is available for public review. The FEA is for a license amendment application to relocate a portion of a transmission line for the Greenup

¹ 18 CFR 385.216.

Project. The FEA finds that approval of the application would not constitute a major federal action significantly affecting the human environment. The Greenup Project is located on the Ohio River in Greenup County, Kentucky and Scioto County, Ohio.

The FEA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the FEA are available for review at the Commission's Public Reference and Information Center, Room 2-A, 888 First Street NE., Washington, DC 20426. Copies can also be obtained by calling the project manager, Jon Cofrancesco at (202) 219-0079.

j. Comment Date: April 29, 1996.
k. Description of Amendment: Pacific Gas and Electric Company (licensee), proposes to grant permission to Kirkwood Associates, Inc. to divert water from a project reservoir (Caples Lake) for snow making purposes at the Kirkwood Ski Resort. The proposal involves the construction and operation of a water intake facility at Caples Lake and the withdrawal of up to 500 acre-feet of water during the ski season. The proposal is part of the Kirkwood Water Rights and Snowmaking Project previously reviewed by the U.S. Forest Service, Alpine County, and other federal, state, and local agencies. During the review process, a final

environmental impact report and environmental assessment was prepared for the project. On September 18, 1995, the U.S. Forest Service issued a Decision Notice approving the project.

1. This notice also consists of the following standard paragraphs; B, C1, and D2.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C1.
