

requirements of Section 6(b)(5)<sup>11</sup> that the rules of an exchange be designed to promote just and equitable principles of trade, prevent fraudulent and manipulative acts, and, in general, protect investors and the public interest. The Commission approved the NASD's short sale rule proposal on June 29, 1994,<sup>12</sup> and in so doing stated that the short sale rule, together with the market maker exemption, is a reasonable approach to regulating short sales of Nasdaq/NM securities. The Commission believes that the Exchange's proposal is consistent with the NASD's bid test rule and addresses the limitations established by the NASD concerning the applicability of the market maker exemption.

Proposed Phlx Rule 1072(c)(2)(ii)(A) will allow a ROT, with prior Floor Official approval, to facilitate an off-floor options order, and contemporaneously hedge the resulting options position with a short sale in an applicable Nasdaq/NM security as if such security were a designated Nasdaq/NM security. The exemption would not apply to orders that contain a stock component.<sup>13</sup> The ROT must file a report describing the transaction with the Exchange's Market Surveillance Department and must retain a copy of the report to demonstrate the transaction was bid test exempt. The Commission believes that this provision is consistent with the NASD's interpretation regarding hedging activities associated with the facilitation of customer transactions in options and that the procedures for reporting a transaction under the provision will ensure adequate monitoring.<sup>14</sup>

Proposed Phlx Rule 1072(c)(2)(ii)(B) would extend the market maker exemption to the stock of a company that is involved in a publicly announced M&A with a company whose stock is a designated Nasdaq/NM security. The Commission believes that when a designated Nasdaq/NM security becomes involved in an M&A, options specialists and ROTs may need to hedge positions in options overlying the designated Nasdaq/NM security by buying or selling the securities of the other company involved in the M&A, whether or not the other company's stock has listed overlying options. Indeed, where there are no options on

the other company's stock, buying or selling that company's stock at times may be the only feasible way for an options specialist or ROT to hedge positions in options on the designated Nasdaq/NM security, given the risk arbitrage relationship that is likely to exist between the two stocks. Therefore, the Commission believes that by allowing options specialists and ROTs to sell short, for hedging purposes, shares of a company that is involved in an M&A with a company whose stock is a designated Nasdaq/NM security, and to designate such sales as bid test exempt, the Exchange's proposal will enhance the ability of its specialists and ROTs to perform their functions, thereby contributing to the liquidity of the market for options, as well as to the liquidity of the market for the stocks of both companies.

The Commission notes that the proposed extension of the market maker exemption from the short sale rule is limited to publicly announced M&As. Moreover, options specialists and ROTs may avail themselves of the M&A extension to the exemption only when the short sales are made to hedge existing or prospective positions in options on a security of another company involved in the M&A, the options positions are or will be in a class of options for which the options specialist or ROT is registered, and the short sales are or will be "exempt hedge transactions" as defined in the Exchange's rules.

The Commission finds good cause for approving Amendment No. 1 prior to the thirtieth day after the date of publication of notice of filing thereof in the Federal Register. Amendment No. 1 clarifies that the Exchange's proposed exemption for facilitating off-floor options orders does not extend to orders with a stock component. The Commission believes that this change does not raise new or unique regulatory issues, as it is consistent with a similar provision previously approved by the Commission.<sup>15</sup> Therefore, the Commission believes it is consistent with Sections 6(b)(5) and 19(b)(2) of the Act<sup>16</sup> to approve Amendment No. 1 to the proposal on an accelerated basis.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning Amendment No. 1. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange

Commission, 450 Fifth Street, NW., Washington, DC 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. § 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, NW., Washington, DC 20549. Copies of such filing will also be available for inspection and copying at the principal office of the CBOE. All submissions should refer to File No. SR-Phlx-95-69 and should be submitted by April 19, 1996.

#### V. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>17</sup> that the proposed rule change (SR-Phlx-95-69), as amended, is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>18</sup>

#### Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Approving Proposed Rule Change Relating to the Bid Test Exemption

March 21, 1996.

#### I. Introduction

On January 2, 1996, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") submitted to the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposal to extend its market maker bid test exemption. The proposed rule change was published for comment in the Federal Register on February 7, 1996.<sup>3</sup> No comments were

received on the proposed rule change. This order approves the proposal.

## II. Description of the Proposal

The Phlx proposes to amend its Rule 1072, Reporting Requirements Applicable to Short Sales in NASD/NM Securities, to permit affiliated Registered Option Traders ("ROTs") to trade for each other's accounts pursuant to the market maker exemption contained therein. Rule 1072 establishes specific criteria exempting Phlx specialists and ROTs from the National Association of Securities Dealers, Inc.'s ("NASD") "bid test" applicable to Nasdaq/National Market ("NM") securities.<sup>4</sup>

In 1994, the NASD adopted a bid test rule applicable to NM securities traded through Nasdaq prohibiting short sales of NM securities at or below the current inside bid when that bid is below the previous inside bid.<sup>5</sup> An exemption from this rule exists for option market makers hedging positions with the underlying securities of that option; qualifying short sales are referred to as "exempt hedge transactions." Pursuant to this market maker exemption, the Phlx adopted Rule 1072 establishing specific criteria for a short sale to qualify as an "exempt hedge transaction" in "designated" NM issues.<sup>6</sup> Generally, option specialists may designate as exempt short sales in NM securities underlying their specialist equity options, and index options if at least 10% of the value of the index is comprised of NM securities. A ROT only may designate as exempt short sales in NM securities underlying no more than 20 of the options or index options to which the ROT has been assigned.

Proposed Phlx Rule 1072(c)(2)(iii)(A) would allow a ROT to effect bid test exempt short sales in a Nasdaq/NM security which that ROT has not designated as qualifying for the exemption, provided that the security is a designated Nasdaq/NM security of another ROT of the same member organization, and further provided that

such other ROT is not also present or represented by a Floor Broker in the same trading crowd at the time of the bid test exempt sale. The Exchange notes that this amendment is similar to a CBOE provision that permits nominees of a market maker organization to qualify for the exemption.<sup>7</sup>

## III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, the requirements of Section 6(b)(5)<sup>8</sup> that the rules of an exchange be designed to promote just and equitable principles of trade, prevent fraudulent and manipulative acts, and, in general, protect investors and the public interest. The Commission approved the NASD's short sale rule on June 29, 1994,<sup>9</sup> and in so doing stated that the short sale rule, together with the market maker exemption, is a reasonable approach to regulating short sales of Nasdaq/NM securities. The Commission believes that the Exchange's proposal is consistent with the NASD's bid test rule and addresses the limitations established by the NASD concerning the applicability of the market maker exemption.

Proposed Phlx Rule 1072(c)(2)(iii)(A) will give a member organization more flexibility to manage its market making obligations by allowing a ROT of such organization to effect short sales of securities as bid test exempt even though the ROT has not designated such securities as bid test exemption eligible. Provided that the securities have been designated bid test exempt eligible by another nominee of the same member organization, and further provided that the bid test exempt eligible ROT is not present on the trading floor. The Commission believes this is a reasonable provision designed to address instances where a ROT is absent from the trading floor due to illness, or personal or other business. The Commission further believes that this provision is consistent with the intent of the market maker exemption to the short sale rule, in that the exemption continues to be limited to those Nasdaq/NM securities which are used to hedge options transactions in the primary

classes in which the member organization makes markets.

## IV. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>10</sup> that the proposed rule change (SR-Phlx-95-79) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>11</sup>

Secretary.
