#### SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are individuals who are interested in applying to attend one of

the five Service academies, the Four year Reserve Officer Training Corps Scholarship Program, Uniformed Services University of the Health Sciences or Army, Navy, and Air Force Scholarship Programs. The completed form(s) is processed through medical reviewers representing their respective services to determine a medical qualification status. Associated forms may or may not be required depending on the medical information contained in the medical examination. If the medical examination and necessary associated forms are not accomplished, individuals reviewing the medical qualification status cannot be readily assured of the medical qualifications of the individual. Without this process the individual applying to any of these programs could not have the medical qualification determination essential to ensure compliance with the physical standards established for the respective military service program.
