Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification; Wyoming

AGENCY: Bureau of Land Management, DOI.

ACTION: Notice.

SUMMARY: The following public lands in Sublette County, Wyoming has been examined and found suitable for classification for conveyance to Sublette and Teton Counties, under the provisions of the Recreation and Public Purposes Act (as amended 43 USC 869 et. seq.). Sublette County and Teton County propose to use the land for a landfill.

Sixth Principal Meridian

T. 30 N., R. 111 W.,
Sec. 22, W $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$.
These lands contain 160 acres.

The lands are not needed for Federal purposes. Conveyance is consistent with current BLM land use planning and would be in the public interest.

The patent, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purpose Act and to all applicable

regulations of the Secretary of the Interior.

2. A right-of-way for ditches and canals constructed by the authority of the United States.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Pinedale Resource Area, P.O. Box 768, Pinedale, Wyoming, or by calling Grace Jensen, Realty Specialist, at (307) 367-4358.

Upon publication of this notice in the Federal Register, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for conveyance under the Recreation and Public Purpose Act and leasing under the mineral leasing laws. For a period of 45 days from the date of publication of this notice in the Federal Register, interested persons may submit comments regarding the proposed conveyance or classification of the lands to the Area Manager, Bureau of Land Management, Pinedale Resource Area, P.O. Box 768, Pinedale, Wyoming 82941.

Classification Comments: Interested parties may submit comments involving the suitability of the land for a landfill. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a landfill.

Any adverse comments will be reviewed by the Rock Springs District Manager. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the Federal Register.

Dated: March 14, 1996.

David E. Harper,
Realty Specialist.

Special Area—Fee Adjustment

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Fee adjustment for use of Special Area within Butte County, California.

SUMMARY: The BLM is adjusting the daily fee from \$1.50 per site, per day to \$2.50 per site, per day for recreational mineral collection at the Forks of Butte Creek Special Recreation Management Area. This fee adjustment is required to reflect the current market value of the recreation opportunity being offered by BLM, and to reduce over-crowding within the Special Recreation Management Area.

DATES: This fee adjustment will take effect April 5, 1996.

FOR FURTHER INFORMATION CONTACT: Charles M. Schultz, Area Manager, Bureau of Land Management, 355 Hemsted Drive, Redding, CA 96002.

SUPPLEMENTARY INFORMATION: The Forks of Butte Creek Special Recreation Management Area in Butte County, California, was placed under protective withdrawal (S 4528) by Public Land Order 5329 on January 18, 1973, to segregate the area from all forms of appropriation, including the mining laws. While the mineral rights to much of this area continue to be held under mining claims that pre-date this withdrawal, several segments (sites of Butte Creek are not encumbered with mining claims. These sites have become extremely popular for recreational mineral collection via panning, sluicing and dredging.

Since April 15, 1987, the BLM has required recreational panners, sluicers and dredgers to obtain, and operate under the terms of, a use permit for mineral collection within the Forks of Butte Creek Special Recreational Management Area. Use permits are required for all forms of intrusive mineral collection such as dredging, pumping, sluicing, and extensive panning. Extensive panning is defined as panning which uses a digging instrument with a blade larger than 4 inches wide and 8 inches long. No use permit is required for non-intrusive gold panning, using only a small spoon or trowel for digging.

The fee for intrusive use has been \$1.50 per site, per day. By adjusting the fee to \$2.50 per site, per day, the fee better reflects the market value of the opportunity being offered, and reduce over-crowding on the creek.

The authority for this fee adjustment is 43 CFR 8372. Any person who
