BILLING CODE 3710-06-M

Available Surplus Real Property at the Sgt. Joyce Kilmer U.S. Army Reserve Center (Camp Kilmer), Located in Edison, Middlesex County, New Jersey

AGENCY: U.S. Army Corps of Engineers, New York District.

ACTION: Notice.

SUMMARY: This notice identifies the surplus real property located at Sgt. Joyce Kilmer U.S. Army Reserve Center (Camp Kilmer), located at Edison, New Jersey. Camp Kilmer is located approximately seven (7) miles from Interstate 95.

FOR FURTHER INFORMATION CONTACT: Additional information regarding particular properties identified in this Notice (i.e., acreage, floor plans, existing sanitary facilities, exact street address), contact Mr. Randy Williams, U.S. Army Corps of Engineers, 26 Federal Plaza, Room 2007, New York, NY 10278-0090 (telephone 212-264-6122, fax 212-264-0230; or Mrs. Jean Johnson, Directorate of Public Works, ATTN: AFZT-EHP, Real Property Office, 5318 Delaware Avenue, Fort Dix, New Jersey 08640-5505 (telephone 609-562-3253).

SUPPLEMENTARY INFORMATION: This surplus property is available under the provisions of the Federal Property and Administrative Services Act of 1949 and the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. Notices of interest should be forwarded to the Edison Township Committee, ATTN: Angelo Orlando, Director of Parks and Recreation, 100 Municipal Blvd, Edison, New Jersey 08817.

The surplus real property totals 49 acres and includes one (1) office building, one (1) storage building, and two (2) other type buildings. The current use is recreational. Future use may be limited to the above.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

BILLING CODE 3710-06-M

Available Surplus Real Property at the U.S. Army Reserve Facility Bellmore, Located in Bellmore, Nassau County, New York

AGENCY: U.S. Army Corps of Engineers, New York District.

ACTION: Notice.

SUMMARY: This notice identifies the surplus real property located at the U.S. Army Reserve Facility Bellmore, located in Bellmore, Nassau County, New York. The Bellmore Reserve Facility is located approximately three (3) miles from the Southern State Parkway.

FOR FURTHER INFORMATION CONTACT:

Additional information regarding particular properties identified in this Notice (i.e., acreage, floor plans, existing sanitary facilities, exact street address), contact Ms. Maria Anglada, Army Corps of Engineers, 26 Federal Plaza, Room, 2007, New York, NY 10278-0090 (telephone 212-264-9109, fax 212-264-0230); or Ms. Linda Duncan, Base Transition Coordinator, Fort Hamilton, Brooklyn, New York (telephone 718-630-4510).

SUPPLEMENTARY INFORMATION: This surplus property is available under the provisions of the Federal Property and Administrative Services Act of 1949 and the Base Closure Community Redevelopment and Homeless Assistance Act of 1994. Notices of interest should be forwarded to the Bellmore Re-Use Planning Group, ATTN: Commissioner Robert Francis, Department of Planning & Economic Development, 200 North Franklin Street, Hempstead, New York 11550, (516) 489-5000.

The surplus real property totals approximately 16 acres and includes two (2) office buildings, two (2) storage buildings, and three (3) other buildings. The current uses include industrial, storage and commercial facilities. Future uses may be limited to those described above.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

BILLING CODE 3710-06-M

Availability of Draft Master Plan and Supplement to the Environmental Impact Statement for the Lake Seminole Hydrilla Action Plan, Florida-Georgia-Alabama

AGENCY: U.S. Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: The Mobile District, U.S. Army Corps of Engineers has completed a draft report disclosing the environmental, engineering, and economic aspects of numerous hydrilla management options for Lake Seminole, Florida-Georgia-Alabama. The comment period for this draft document ends on May 28, 1996.

FOR FURTHER INFORMATION CONTACT:

For more information on this draft document, please contact Mr. Michael J. Eubanks, U.S. Army Engineer District, Mobile, ATTN: CESAM-PD-EI, P.O. Box 2288, Mobile, AL 36628-0001, (telephone (334) 694-3861 or 1-800-421-7637).

SUPPLEMENTARY INFORMATION: Hydrilla, a non-native submersed aquatic plant, is causing significant water resource use problems on Lake Seminole, a 37,500 acre Corps reservoir. Hydrilla increased from 1 acre in 1967 to a maximum of 24,000 in 1992. The current (1995) acreage has been reduced to 18,200 acres as a result of repeated herbicidal treatments and significant flooding during 1994. Numerous hydrilla management options have been used in the past on Lake Seminole, with herbicidal applications having been the most effective technique demonstrated to date. Alternatives discussed in this evaluation include: no action (no hydrilla control); mechanical control (harvesters); biological control with insects or plant pathogens; sterile grass carp (confined and unconfined options); lake drawdown; traditional herbicide program; herbicide drip delivery system; and, combinations of these alternatives (integrated hydrilla management). An integrated hydrilla management alternative, with components from the confined grass carp, herbicide drip delivery system, and a reduced traditional herbicide program is the draft recommended plan. The average annual cost for this plan is \$566,546; is economically justified based on recreation benefits; and results in control of hydrilla at the priority hydrilla management areas and would significantly reduce the total hydrilla acreage to from the maximum hydrilla
