Federal Aviation Administration

Proposed Airspace Reclassification in the Vicinity of Bellingham, WA, in Support of Transport Canada Terminal Airspace Design; Public Meeting

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Public meeting.

SUMMARY: This notice announces an informal airspace meeting to discuss a request from Transport Canada (TC) that the FAA reclassify United States airspace in the vicinity of the San Juan Islands and Bellingham, WA, in support of the Vancouver International Airport terminal airspace design. The purpose of the meeting is to discuss TC's request and FAA considerations regarding the safety of air traffic in the affected airspace. Additionally, the FAA plans to give interested persons the opportunity to present views, recommendations, and comments concerning TC's request.

DATES: The meeting will be held on Monday, May 6, 1996, from 7:00 p.m. to 10:00 p.m.

ADDRESSES: The meeting will be held at the Friday Harbor High School (Cafeteria), 45 Blair Street, Friday Harbor, WA.

FOR FURTHER INFORMATION CONTACT: Melodie DeMarr, Air Traffic Division, ANM-530, Northwest Mountain Regional Office, telephone: (206) 227-2547, fax: (206) 227-1534.

SUPPLEMENTARY INFORMATION:

Background

On September 2, 1993, TC requested that the FAA take action to redesignate the Lower Mainland Airspace between Vancouver and Seattle to complement the adjacent Canadian airspace. TC requested that the airspace be reclassified in time to coincide with the

opening of the new parallel Runway 08L-26R at Vancouver International.

On March 22, 1995, the FAA published Notices of Public Meetings to announce two informal airspace meetings to solicit information, from airspace users and others, concerning the TC request to reclassify U.S. airspace in the vicinity of the San Juan Islands and Bellingham, WA, as Class C airspace (60 FR 15172). The informal airspace meetings were held on May 9-10, 1995. Over 300 comments were received opposing the proposal. After a review of the comments and consultation with TC's user community, the FAA suggested that the airspace request be modified. TC has now modified its original request. Specifically, the request is for the FAA to consider adopting Class C airspace in the vicinity of Bellingham, WA, to support the new Vancouver-Victoria terminal airspace design adjacent to U.S. airspace from 2,500 feet MSL to 12,500 feet MSL within a 16-nautical-mile arc of the Vancouver VOR; and the Abbotsford British Columbia Approach area to become Class D airspace from above 1,500 feet MSL to 2,500 feet MSL and Class C airspace from above 2,500 feet MSL to 12,500 feet MSL. This modified request will be discussed at this public meeting.

Meeting Procedures

The following procedures are established to facilitate the meeting:

- (1) There will be no admission fee or other charge to attend or to participate in the meeting. The meeting will be open to all persons subject to availability of space in the meeting room. Those who would like to present statements should register with Melodie DeMarr at least 30 minutes prior to the beginning of the public meeting.
- (2) The meeting may adjourn early if scheduled speakers complete their statements in less time than currently is scheduled for the meeting.
- (3) An individual, whether speaking in a personal or a representative capacity on behalf of an organization, may be limited to a 10-minute statement. If possible, we will notify the speaker if additional time is available.
- (4) The FAA will try to accommodate all speakers. If the available time does not permit this, speakers generally will be scheduled on a first-come, first-served basis. However, the FAA reserves the right to exclude some speakers, if necessary, to present a balance of viewpoints and issues.
- (5) Representatives of the FAA will preside over the meeting. A panel of FAA personnel involved in this issue will be present.

(6) Position papers or material presenting views or information relating to the substance of the meeting will be accepted at the discretion of the presiding officer and subsequently placed in the public docket. The FAA requests that persons participating in the meeting provide *three* copies of all materials to be presented for distribution to the panel members; other copies may be provided to the audience at the discretion of the participant.

(7) Statements made by members of the meeting panel are intended to facilitate discussion of the issues or to clarify issues. Any statement made during the meeting by a member of the panel is not intended to be, and should not be construed as, a position of the FAA.

(8) The meeting is designed to solicit public views and more complete information on the subject airspace issue. Therefore, the meeting will be conducted in an informal and nonadversarial manner. No individual will be subject to cross-examination by any other participant; however, panel members may ask questions to clarify a statement and to ensure a complete and accurate record.

(9) The meeting will not be formally recorded. However, a summary of the comments made at this meeting will be filed in the docket.
