

47 CFR Part 73**[MM Docket No. 96-67; RM-8774]****Radio Broadcasting Services; Starkville, MS, and Ethelsville, AL****AGENCY:** Federal Communications Commission.**ACTION:** Proposed rule.

SUMMARY: The Commission requests comments on a petition by Charisma Broadcasting Company, licensee of Station WMSU(FM), Channel 221A, Starkville, Mississippi, requesting the substitution of Channel 222A for Channel 221A, the reallocation of Channel 222A from Starkville, Mississippi, to Ethelsville, Alabama, and the modification of Station WMSU(FM)'s license to specify Ethelsville as its community of license. Channel 222A can be allotted to Ethelsville in compliance with the Commission's minimum distance separation requirements with a site restriction of 8.2 kilometers (5.1 miles) northwest to accommodate Charisma's desired site. The coordinates for Channel 222A are 33-28-50 and 88-15-16. In accordance with Section 1.420(i) of the Commission's Rules, we will not accept competing expressions of interest in the use of Channel 222A at Ethelsville.

DATES: Comments must be filed on or before May 23, 1996, and reply comments on or before June 7, 1996.

ADDRESSES: Federal Communications Commission, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve the petitioner, or its counsel or consultant, as follows: Bill Milam, Vice President, Charisma Broadcasting Company, Box 980, Starkville, Mississippi, 89759 (Petitioner).

DEPARTMENT OF TRANSPORTATION**National Highway Traffic Safety Administration****49 CFR Part 544****[Docket No. 96-19; Notice 01]****RIN 2127-AF92****Insurer Reporting Requirements; List of Insurers Required to File Reports**

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking.

SUMMARY: NHTSA proposes to update its lists in appendices A, B, and C of part 544 of passenger motor vehicle insurers that are required to file reports on their motor vehicle theft loss experiences. If these revised appendices are adopted in a final rule, each insurer included in any of these appendices must file a report for the 1993 calendar year not later than October 25, 1996. Further, as long as they remain listed, they must submit reports by each subsequent October 25.

DATES: Comments on this proposed rule must be received by this agency not later than June 7, 1996. If this rule is made final, insurers listed in the appendices would be required to submit reports beginning with the one due October 25, 1996.

ADDRESSES: Comments on this proposed rule must refer to the docket number referenced in the heading of this notice, and be submitted to: Docket Section, NHTSA, Room 5109, 400 Seventh Street, SW, Washington, DC 20590.

Docket hours are 9:30 a.m. to 4:00 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Ms. Rosalind Proctor, Office of Planning and Consumer Programs, NHTSA, 400 Seventh Street, SW, Washington, DC 20590. Ms. Proctor's telephone number is (202) 366-0846. Her fax number is (202) 493-2739.

SUPPLEMENTARY INFORMATION:**Background**

Pursuant to 49 U.S.C. 33112, Insurer reports and information, NHTSA requires certain passenger motor vehicle insurers to file an annual report. Each insurer's report includes information about thefts and recoveries of motor vehicles, the rating rules used by the insurer to establish premiums for comprehensive coverage, the actions taken by the insurer to reduce such premiums, and the actions taken by the insurer to reduce or deter theft. Under the agency's implementing regulation, part 544, the following insurers are subject to the reporting requirements: (1) Those issuers of motor vehicle insurance policies whose total premiums account for 1 percent or more of the total premiums of motor vehicle insurance issued within the United States; (2) Those issuers of motor vehicle insurance policies whose premiums account for 10 percent or more of total premiums written within any one State; and (3) Rental and leasing companies with a fleet of 20 or more vehicles not covered by theft insurance policies issued by insurers of motor vehicles, other than any governmental entity.

Pursuant to its statutory exemption authority, the agency has exempted smaller passenger motor vehicle insurers from the reporting requirements.

A. Small Insurers of Passenger Motor Vehicles

Section 33112(f) provides that the agency shall exempt small insurers of passenger motor vehicles if NHTSA finds that such exemptions will not significantly affect the validity or usefulness of the information in the reports, either nationally or on a State-by-State basis. The term "small insurer" is defined in Section 33112(f) as an insurer whose premiums account for less than 1 percent of the total premiums for all forms of motor vehicle insurance issued by insurers within the United States. However, that section also stipulates that if an insurance company satisfies this definition of a "small insurer," but accounts for 10 percent or more of the total premiums

for all motor vehicle insurance issued in a particular State, the insurer must report about its operations in that State.

As described in the final rule establishing the requirement for insurer reports (52 FR 59, January 2, 1987), in 49 CFR Part 544. NHTSA exercises its exemption authority by listing in appendix A each insurer which must report because it had at least 1 percent of the motor vehicle insurance premiums nationally. Listing the insurers subject to reporting instead of each insurer exempted from reporting because it had less than 1 percent of the premiums nationally is administratively simpler since the former group is much smaller than the latter. In appendix B, NHTSA lists those insurers that are required to report for particular states because each insurer had a 10 percent or greater market share of motor vehicle premiums in those States. In the January 1987 final rule, the agency stated that appendices A and B will be updated annually. It has been NHTSA's practice to update the appendices based on data voluntarily provided by insurance companies to A.M. Best, and made available for the agency each spring. The agency uses the data to determine the insurers' market shares nationally and in each state.

B. Self-insured Rental and Leasing Companies

In addition, upon making certain determinations, NHTSA is authorized to grant exemptions to self-insurers, i.e., any person who has a fleet of 20 or more motor vehicles (other than any governmental entity) which are used primarily for rental or lease and which are not covered by theft insurance policies issued by insurers of passenger motor vehicles, 49 U.S.C. 33112(b)(1) and (f). NHTSA may exempt a self-insurer from reporting, if the agency determines:

(1) The cost of preparing and furnishing such reports is excessive in relation to the size of the business of the insurer; and

(2) The insurer's report will not significantly contribute to carrying out the purposes of chapter 331.

In a final rule published June 22, 1990 (55 FR 25606), the agency granted a class exemption to all companies that rent or lease fewer than 50,000 vehicles because it believed that reports from only the largest companies would sufficiently represent the theft experience of rental and leasing companies. NHTSA concluded that reports by the many smaller rental and leasing companies do not significantly contribute to carrying out NHTSA's statutory obligations, and that

exempting such companies will relieve an unnecessary burden on most companies that potentially must report. As a result of the June 1990 final rule, the agency added a new appendix C, which consists of an annually updated list of the self-insurers that are subject to part 544. Following the same approach as in the case of appendix A, NHTSA has included in appendix C each of the relatively few self-insurers which are subject to reporting instead of relatively numerous self-insurers which are exempted. NHTSA updates appendix C based primarily on information from the publications *Automotive Fleet Magazine* and *Travel Business Travel News*.

C. When a Listed Insurer Must File a Report

Under Part 544, as long as an insurer is listed, it must file reports on or before each October 25. Thus, any insurer listed in the appendices as of the date of the most recent final rule must file a report by the following October 25, and by each succeeding October 25, absent a further amendment removing the insurer's name from the appendices.

Notice of Proposed Rulemaking

1. Insurers of Passenger Motor Vehicles

Based on the 1993 calendar year A.M. Best data for market shares, NHTSA proposes to amend the list in appendix A of insurers which must report because each had at least one percent of the motor vehicle insurance premiums on a national basis. The list was last amended in a notice published on June 27, 1995 (See 60 FR 33145). One company, General ACC Group, included in the June 1995 listing, is proposed to be removed from appendix A. Two companies, Allmerica Property and Casualty Companies, and Metropolitan Group, that were not listed in appendix A, are proposed to be added.

Each of the 19 insurers listed in appendix A of this notice would be required to file a report not later than October 25, 1996, setting forth the information required by part 544 for each State in which it did business in the 1993 calendar year. As long as those 19 insurers remain listed, they would be required to submit reports by each subsequent October 25 for the calendar year ending slightly less than 3 years before.

Appendix B lists those insurers that would be required to report for particular States for calendar year 1993, because each insurer had a 10 percent or greater market share of motor vehicle premiums in those States. Based on the 1993 calendar year A.M. Best data for

market shares, it is proposed that Nodak Mutual Insurance Company, reporting on its activities in the State of North Dakota be added to appendix B.

The 12 insurers listed in appendix B of this notice would be required to report on their calendar year 1993 activities in every State in which they had a 10 percent or greater market share. These reports must be filed no later than October 25, 1996, and set forth the information required by part 544. As long as those 12 insurers remain listed, they would be required to submit reports on or before each subsequent October 25 for the calendar year ending slightly less than 3 years before.

2. Rental and Leasing Companies

Based on information in *Automotive Fleet Magazine* and *Travel Trade Business Travel News* for 1993, the most recent year for which data are available, NHTSA is proposing several changes in Appendix C. As indicated above, that appendix lists rental and leasing companies required to file reports. Based on the data reported in the above mentioned publications, it is proposed that the American International Rent-A-Car Corp./ANSA be removed from appendix C. The agency also proposes that four additional rental and leasing companies, Citicorp Bankers Leasing Corporation, Donlen Corporation, Lease Plan International, and USL Capital Fleet Services, be included in appendix C. Accordingly, each of the 13 companies (including franchisees and licensees) listed in this notice in appendix C would be required to file reports for calendar year 1993 no later than October 25, 1996, and set forth the information required by part 544. As long as those 13 companies remain listed, they would be required to submit reports on or before each subsequent October 25 for the calendar year ending slightly less than 3 years before.

NHTSA notes that on July 5, 1994, the Cost Savings Act, (including Title VI-Theft Prevention) was revised and codified "without substantive change." The passenger motor vehicle theft insurers' reporting provisions, formerly at 15 U.S.C. 2032 are now at 49 U.S.C. 33112. In this NPRM, NHTSA proposes to make minor technical amendments to make part 544 reflect its changed statutory authority.

Regulatory Impacts

1. Costs and Other Impacts

This notice has not been reviewed under Executive Order 12866. NHTSA has considered the impact of this proposed rule and has determined the action not to be "significant" within the

meaning of the Department of Transportation's regulatory policies and procedures. This proposed rule implements the agency's policy of ensuring that all insurance companies that are statutorily eligible for exemption from the insurer reporting requirements are in fact exempted from those requirements. Only those companies that are not statutorily eligible for an exemption are required to file reports.

NHTSA does not believe that this proposed rule, reflecting more current data, affects the impacts described in the final regulatory evaluation prepared for the final rule establishing part 544. (52 FR 59, January 2, 1987) Accordingly, a separate regulatory evaluation has not been prepared for this rulemaking action. Using the cost estimates in the 1987 final regulatory evaluation, the agency estimates that the cost of compliance will be about \$5,770 for any insurer added to appendix C. If this proposed rule is made final, for appendix A, the agency would remove one insurer and add two insurers; for appendix B, the agency would add one insurer; and for appendix C, the agency would remove one company and include four additional companies. The agency therefore estimates that the net effect of this proposal, if made final, would be a cost increase to insurers, as a group of approximately \$87,310.

Interested persons may wish to examine the 1987 final regulatory evaluation. Copies of that evaluation have been placed in Docket No. T86-01; Notice 2. Any interested person may obtain a copy of this evaluation by writing to NHTSA, Docket Section, Room 5109, 400 Seventh Street, S.W., Washington, DC 20590, or by calling (202) 366-4949.

2. Paperwork Reduction Act

The information collection requirements in this proposed rule have been submitted to and approved by the Office of Management and Budget (OMB) pursuant to the requirements of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) This collection of information has been assigned OMB Control Number 2127-0547 ("Insurer Reporting Requirements") and has been approved for use through October 31, 1996.

3. Regulatory Flexibility Act

The agency has also considered the effects of this rulemaking under the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) I certify that this proposed rule would not have a significant economic impact on a substantial number of small entities.

The rationale for the certification is that none of the companies proposed to be included on appendices A, B, or C would be construed to be a small entity within the definition of the RFA. "Small insurer" is defined in part under 49 U.S.C. 33112 as any insurer whose premiums for all forms of motor vehicle insurance account for less than one percent of the total premiums for all forms of motor vehicle insurance issued by insurers within the United States, or any insurer whose premiums within any State, account for less than 10 percent of the total premiums for all forms of motor vehicle insurance issued by insurers within the State. This notice would exempt all insurers meeting those criteria. Any insurers meeting those criteria is not a small entity. In addition, in this rulemaking, the agency proposes to exempt all "self insured rental and leasing companies" that have fleets of fewer than 50,000 vehicles. Any self insured rental and leasing company too large to meet that criterion is not a small entity.

4. Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the proposed rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

5. Environmental Impacts

In accordance with the National Environmental Policy Act, NHTSA has considered the environmental impacts of this proposed rule and determined that it would not have a significant impact on the quality of the human environment.

Interested persons are invited to submit comments on the proposal. It is requested but not required that 10 copies of the comments be submitted. All comments must not exceed 15 pages in length. (49 CFR 553.21). Necessary attachments may be appended to these submissions without regard to the 15 page limit. This limitation is intended to encourage commenters to detail their primary arguments in a concise fashion.

If a commenter wishes to submit certain information under a claim of confidentiality, three copies of the complete submission, including purportedly confidential business information, should be submitted to the Chief Counsel, NHTSA, at the street address given above, and seven copies from which the purportedly confidential information deleted should be accompanied by cover letter setting forth the information specified in the

agency's confidential business information regulation. (49 CFR part 512).

All comments received before the close of business on the comment closing date indicated above for the proposal will be considered, and will be available for examination in the docket at the above address both before and after the date. To the extent possible, comments filed after the closing date will also be considered. Comments received too late for consideration in regard to the final rule will be considered as suggestions for further rulemaking action. Comments on the proposal will be available for inspection in the docket. NHTSA will continue to file relevant information as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Those persons desiring to be notified upon receipt of their comments in the rules docket should enclose a self-addressed, stamped postcard in the envelope with their comments. Upon receiving the comments, the docket supervisor will return the postcard by mail.

List of Subjects in 49 CFR Part 544

Crime insurance, insurance, insurance companies, motor vehicles, reporting and recordkeeping requirements.

In consideration of the foregoing, 49 CFR Part 544 is proposed to be amended as follows:

SUPPLEMENTARY INFORMATION:

President's Regulatory Reinvention Initiative

Pursuant to the March 4, 1995 directive "Regulatory Reinvention Initiative" from the President to the heads of departments and agencies, NHTSA undertook a review of its regulations and directives. During the course of this review, NHTSA identified regulations that it could propose to eliminate as unnecessary or to amend to improve their comprehensibility, application, or appropriateness. Among these regulations is Federal Motor Vehicle Safety Standard No. 104, *Windshield wiping and washing systems* (49 CFR § 571.104). Based on its review of the standard, NHTSA is proposing three alternative approaches to amending Standard No. 104.

Background of Standard No. 104

Standard No. 104 was issued in 1967 (32 FR 2408) as one of the initial Federal Motor Vehicle Safety Standards (FMVSSs). At present, the standard applies to passenger cars, multipurpose passenger vehicles (MPVs), trucks, and buses. Standard No. 104 specifies that each vehicle shall have a power-driven windshield wiping system that meets S4.1.1's requirement that each system shall have at least two speeds, each of which wipes at a different number of cycles per minute.

Standard No. 104 specifies additional wiping requirements for passenger cars, but not for the other vehicle types subject to the standard. The passenger car windshield areas to be wiped are specified in paragraphs S4.1.2 and S4.1.2.1 of the standard. S4.1.2 specifies three areas for passenger car windshields, designated as areas "A",
