

including the Licensee's employees, will be protected. Therefore, the public, health, safety and interest require that License Nos. 29-09814-01 and 29-09814-02 be suspended, pending further investigation. Furthermore, pursuant to 10 CFR 2.202, I find that the significance of the violations, and the willfulness of the Licensee's conduct, as described above, are such that the public health, safety, and interest require that this Order be immediately effective.

IV

Accordingly, pursuant to sections 81, 161b, 161i, 161o, 182 and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202 and 10 CFR Part 30, it is hereby ordered, effective immediately, that license Nos. 29-09814-01 and 29-09814-02 are suspended in accordance with the following terms, pending further order:

A. All NRC-licensed material in the Licensee's possession shall be placed in locked storage.

B. All activities under its licenses to use licensed material shall be suspended; however, licensed material may be transferred to an authorized recipient after providing written notice (telephonic facsimile is acceptable) to and receiving acknowledgement from the NRC, Region I, at least 72 hours prior to the transfer. The notice shall include the time, date, and location of the proposed transfer, identification of the materials to be transferred, and the name and license number of the recipient. All other requirements of the licenses remain in effect.

C. No NRC-licensed material shall be received while this order is in effect.

D. All records related to licensed activities shall be maintained in their original form and must not be removed or altered in any way.

The Regional Administrator, Region I, may, in writing, relax or rescind this order upon demonstration by the Licensee of good cause.

V

In accordance with 10 CFR 2.202, the Licensee must, and any other person adversely affected by this Order may, submit an answer to this Order, and may request a hearing on this Order, within 20 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for an extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, D.C., 20555, and include a statement of good cause

for the extension. The answer may consent to this Order. Unless the answer consents to this Order, the answer shall, in writing and under oath or affirmation, specifically admit or deny each allegation or charge made in this order and set forth the matters of fact and law on which the Licensee or other person adversely affected relies and the reasons as to why the Order should not have been issued. Any answer or request for a hearing shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, ATTN: Chief, Docketing and Services Section, Washington, D.C. 20555. Copies of the hearing request also should be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, to the Assistant General Counsel for Hearings and Enforcement at the same address, to the Regional Administrator, NRC Region I, 475 Allendale Road, King of Prussia, Pennsylvania, 19406, and to the Licensee if the hearing request is by a person other than the Licensee. If a person other than the Licensee requests a hearing, that person shall set forth with particularity the manner in which the individual's interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.714(d).

If a hearing is requested by the Licensee or a person whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearing. If a hearing is held, the issue to be considered at such hearing shall be whether this Order should be sustained.

Pursuant to 10 CFR 2.202(c)(2)(i), the Licensee, or any other person adversely affected by this Order, may, in addition to demanding a hearing, at the time the answer is filed or sooner, move the presiding officer to set aside the immediate effectiveness of the Order on the ground that the Order, including the need for immediate effectiveness, is not based on adequate evidence but on mere suspicion, unfounded allegations, or error.

In the absence of any request for hearing, or a written approval of an extension of time in which to request a hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings. If an extension of time for requesting a hearing has been approved, the provisions specified in Section IV shall be final when the extension expires if a hearing request has not been received. An answer or a request for hearing shall not stay the immediate effectiveness of this order.

Dated at Rockville, Maryland this 29th day of March 1996.

For the Nuclear Regulatory Commission.

James Lieberman,

Director, Office of Enforcement.

Advisory Committee on the Medical Uses of Isotopes; Renewal Notice

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: This notice is to announce the renewal of the Advisory Committee on the Medical Uses of Isotopes for a period of 2 years.

SUPPLEMENTARY INFORMATION: The Nuclear Regulatory Commission (NRC) has determined that the renewal of the charter for the Advisory Committee on the Medical Uses of Isotopes (ACMUI) for the 2 year period beginning on April 4, 1996, is in the public interest, in connection with duties imposed on the Commission by law. This action is being taken in accordance with the Federal Advisory Committee Act, after consultation with the Committee Management Secretariat, General Services Administration.

The purpose of the (ACMUI) is to provide advice to the NRC on policy and technical issues that arise in regulating the medical use of byproduct material for diagnosis and therapy. Responsibilities include providing guidance and comments on current and proposed NRC regulations and regulatory guidance concerning medical use; evaluating certain non-routine uses of byproduct material for medical use; and evaluating training and experience of proposed authorized users. The members are involved in preliminary discussions of major issues in determining the need for changes in NRC policy and regulation to ensure the continued safe use of byproduct material. Each member provides technical assistance in his/her specific area(s) of expertise, particularly with respect to emerging technologies. Members also provide guidance as to NRC's role in relation to the responsibilities of other Federal agencies, as well as to professional organizations and boards.

Members of this Committee have demonstrated professional qualifications and expertise in both scientific and non-scientific disciplines, including nuclear medicine; nuclear cardiology; radiation therapy; medical physics; radiopharmacy; State medical regulation; patient's rights and care; health care administration; medical

research; medical dosimetry, and Food and Drug Administration regulation.

FOR FURTHER INFORMATION PLEASE

CONTACT: Torre Taylor, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, MS T8F5, Washington, DC 20555; Telephone (301) 415-7900.

Dated: April 4, 1996.

Andrew L. Bates,

Federal Advisory Committee Management Officer.

BILLING CODE 7590-01-P

Advisory Committee on Reactor Safeguards Subcommittee Meeting on Thermal Hydraulic Phenomena; Notice of Meeting

The ACRS Subcommittee on Thermal Hydraulic Phenomena will hold a meeting on May 9 and 10, 1996, Room T-2B1, 11545 Rockville Pike, Rockville, Maryland.

Most of the meeting will be closed to public attendance to discuss Westinghouse Electric Corporation proprietary information pursuant to 5 U.S.C. 552b(c)(4).

The agenda for the subject meeting shall be as follows:

Thursday, May 9, 1996-8:30 a.m. until the conclusion of business

Friday, May 10, 1996-8:00 a.m. until the conclusion of business

The Subcommittee will continue its review of the Westinghouse test and analysis Program being conducted in support of the AP600 design certification. The purpose of this meeting is to gather information, analyze relevant issues and facts, and to formulate proposed positions and actions, as appropriate, for deliberation by the full Committee.

Oral statements may be presented by members of the public with the concurrence of the Subcommittee Chairman; written statements will be accepted and made available to the Committee. Electronic recordings will be permitted only during those portions of the meeting that are open to the public, and questions may be asked only by members of the Subcommittee, its consultants, and staff. Persons desiring to make oral statements should notify the cognizant ACRS staff engineer named below five days prior to the meeting, if possible, so that appropriate arrangements can be made.

During the initial portion of the meeting, the Subcommittee, along with any of its consultants who may be present, may exchange preliminary views regarding matters to be

considered during the balance of the meeting.

The Subcommittee will then hear presentations by and hold discussions with representatives of the NRC staff, its consultants, and other interested persons regarding this review.

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the scheduling of sessions which are open to the public, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by contacting the cognizant ACRS staff engineer, Mr. Paul A. Boehnert (telephone 301/415-8065) between 7:30 a.m. and 4:15 p.m. (EDT). Persons planning to attend this meeting are urged to contact the above named individual one or two working days prior to the meeting to be advised of any potential changes to the agenda, etc., that may have occurred.

Dated: April 3, 1996.

Sam Duraiswamy,

Chief, Nuclear Reactors Branch.

PENSION BENEFIT GUARANTY CORPORATION

Request for Comment on Proposed Collection of Information Under the Paperwork Reduction Act; Survey of Nonparticipating Single Premium Group Annuity Rates

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of intention to request OMB approval.

SUMMARY: The Pension Benefit Guaranty Corporation intends to request that the Office of Management and Budget extend a previously approved collection of information under the Paperwork Reduction Act. OMB's current approval of this collection of information (OMB control number 1212-0030), expires on August 31, 1996. This voluntary collection of information, which is not contained in a regulation, is a quarterly survey of insurance company rates for pricing annuity contracts. The survey is conducted by the American Council of Life Insurance for the PBGC.

ADDRESSES: All written comments should be addressed to: Office of
