Draft Amendment 14 addresses a possible permanent license limitation system for fish trap users, and consideration of a ban on fish traps in Federal waters off of southwest Florida. This amendment also contains options to revise the reef fish framework procedure for setting total allowable catch in order to provide NMFS' Regional Director with the authority to reopen a season that was closed prematurely due to quota harvest projections. In addition, the amendment contains an option to modify the transferability provisions for reef fish vessel permits when transferring between vessel owners and operators who are the income qualifiers for the permit.

The Reef Fish Advisory Panel will also review Federal and state definitions of charter vessels and headboats and possible revisions to those definitions.
