

terminate a suspended investigation, pursuant to 19 CFR § 353.25(d)(4)(iii), if no interested party has requested an administrative review for four consecutive annual anniversary months and no domestic interested party objects to the revocation or requests an administrative review.

We had not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months. Therefore, pursuant to § 353.25(d)(4)(i) of the Department's regulations, on March 1, 1996, we published in the Federal Register a notice of intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations and served written notice of the intent to each domestic interested party on the Department's service list in each case. Within the specified time frame, we received objections from domestic interested parties to our intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations. Therefore, because domestic interested parties objected to our intent to revoke or terminate, we no longer intend to revoke these antidumping duty orders and findings or to terminate the suspended investigations.

## National Oceanic and Atmospheric Administration

### Intent To Prepare a Draft Environmental Impact Statement on the Proposed Texas Coastal Management Program

AGENCY: National Oceanic and Atmospheric Administration.

ACTION: Notice of intent.

**SUMMARY:** The National Oceanic and Atmospheric Administration (NOAA) is hereby giving notice of its intent to prepare a Draft Environmental Impact Statement (DEIS) on its proposed approval of the Texas Coastal Management Program (TCMP, or program) under the provisions of Section 306 of the Federal Coastal Zone Management Act of 1972, as amended, 16 U.S.C. § 1455. The DEIS is scheduled for publication and release in May 1996.

The proposed Federal approval of the TCMP would make the state eligible for program administration and enhancement awards and require Federal actions to be consistent with the enforceable policies of the State's management program. 16 U.S.C. 1455, 1456. The alternatives to approval include delaying approval of the program, or denying approval which, in this case, is the no-action alternative.

The TCMP was developed pursuant to a public notice and comment process, including many public meetings that addressed the scope and contents of the TCMP. The Program is the culmination of several years of development and consists of numerous State policies on diverse coastal management issues. An initial document was submitted to NOAA in December 1994, but that document was withdrawn for further consideration. The Texas legislature
