

Texas 75266-0065, proposes to amend 40 CFR 180.472 by establishing a regulation to permit the residues of the insecticide/miticide imidacloprid (1, [chloro-3-pyridinyl]methyl-*N*-nitro-2-imidazolidinimine on the raw agricultural commodities field corn, forage at 0.10 ppm, field corn, fodder at 0.20 ppm and field corn, grain at 0.05 ppm.

8. *PP 6H5743*. Agrevo Environmental Health, 95 Chestnut Ridge Rd., Montvale, NJ 07645 proposes to amend 40 CFR parts 185 and 186 by establishing tolerances at 3 ppm for residues of the insecticide *d*-trans-chrysanthemum monocarboxylic acid ester of *dl*-2-allyl-4-hydroxy-3-methyl-2-cyclopenten-1-one in or on all food items in food handling establishments and all feed handling establishments when applied in accordance with conditions prescribed in the pesticide petition. (PM 10)

A record has been established for this rulemaking under docket number [PF-649] (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Room 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:  
opp-docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the Virginia address in "ADDRESSES" at the beginning of this document.

#### **Proposed Prospective Purchaser Agreement for the Former Vygen Corporation and Olin Corporation Facilities at the Fields Brook Superfund Site; 42 U.S.C. 9622(h)**

**AGENCY:** U.S. Environmental Protection Agency ("U.S. EPA").

**ACTION:** Proposal of Prospective Purchaser Agreement for the former Vygen Corporation and Olin Corporation facilities at the Fields Brook Superfund Site.

**SUMMARY:** U.S. EPA proposes to address the prospective purchase by Vision Properties, Inc. ("the Settling Respondent") of the Vygen property ("the Property"), which contains the former Vygen Corporation and Olin Corporation facilities at the Fields Brook Superfund site ("the Site") in Ashtabula County, Ohio. The Site consists of Fields Brook and its watershed and contains a number of industrial facilities including the former Vygen and Olin facilities. U.S. EPA intends to enter into a Prospective Purchaser Agreement ("Agreement") with the Settling Respondent in order to address the potential liability of the Settling Respondent. The key terms and conditions of the Agreement may be briefly summarized as follows: (1) The Settling Respondent agrees to, in regard to the Property, (a) collect and remove all existing sediment from within the existing storm sewers and the concrete pond and bring such sediment to an acceptable off-site landfill, and upgrade the storm sewers on the Property to prevent Property contamination from having an easy route for release to Fields Brook; and/or (b) collect and remove all existing sediment from the concrete pond, plug all existing storm sewers and storm drainage outflow pipes and if Settling Respondent also plans to replace the existing storm sewer system with a stormwater drainage system, it shall avoid areas of the Property which have been contaminated from previous site activities; (2) the Settling Respondent agrees to grant to EPA and Ohio an irrevocable right of access at all

reasonable times to the Property and to any other property to which access is required for the implementation of response actions at the Site, for the purposes of performing and overseeing response actions at the Site under Federal law; and (3) U.S. EPA affords the Settling Respondent a covenant not to sue or take any other civil or administrative action against Settling Respondent for any and all civil liability for injunctive relief or reimbursement of response costs pursuant to Section 106 or 107(a) of CERCLA, 42 U.S.C. 9606 or 9607(a) with respect to the Existing Contamination. The Site is on the National Priorities List (NPL) and further response activities at the Site are contemplated, but these activities are not anticipated to involve the Vygen and Olin facilities.

**DATES:** Comments on the proposed AOC must be received by U.S. EPA on or before May 28, 1996.

**ADDRESSES:** A copy of the proposed AOC is available for review at U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please contact Michael Berman at (312) 886-6837, prior to visiting the Region 5 office.

Comments on the proposed AOC should be addressed to Michael Berman, Office of Regional Counsel, U.S. EPA, Region 5, 77 West Jackson Boulevard (Mail Code CS-29A), Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:** Michael Berman at (312) 886-6837, of the U.S. EPA Region 5 Office of Regional Counsel.

A 30-day period, commencing on the date of publication of this notice, is open pursuant to Section 122(i) of CERCLA, 42 U.S.C. 9622(i), for comments on the proposed AOC. Comments should be sent to the addressee identified in this notice.

Valdas V. Adamkus,

*Regional Administrator, U.S. Environmental Protection Agency, Region 5.*

#### **FEDERAL COMMUNICATIONS COMMISSION**

#### **Notice of Public Information Collections being Reviewed by the Federal Communications Commission; Comments Requested**

April 18, 1996.

**SUMMARY:** The Federal Communications, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the

following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before June 25, 1996. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESS:** Direct all comments to Dorothy Conway, Federal Communications, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to [dconway@fcc.gov](mailto:dconway@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at [dconway@fcc.gov](mailto:dconway@fcc.gov).

**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-0573.  
*Form No.:* FCC Form 394 Application for Franchise Authority ("LFA") Consent to Assignment or Transfer of Control of Cable Television Franchise.

*Type of Review:* Revision of existing collection.

*Respondents:* Business or other for-profit.

*Number of Respondents:* 2,000 (1,000 system owners + 1,000 LFAs).

*Estimated Time Per Response:* 1-5 hours. Burden to cable system owners is estimated to be an average of 5 hours per application. We estimate that 50% owners will contract out the burden of filing and that it will take 1 hour to coordinate information with those contractors. The remaining 50% will employ in house staff to complete the application. 500 applications (50% contracted out) x 1 hour = 500 hours.

500 applications (50% in house) x 5 hours = 2,500 hours. Burden for owners = 500 + 2,500 = 3,000 hours.

Burden to LFAs is estimated to be an average of 4 hours to review each application. This burden was previously treated as a third party requirement and was not reported by the Commission. We now include this burden in this collection's inventory. 1,000 applications x 4 hours = 4,000 hours.

*Total Annual Burden:* Total burden for all respondents: 3,000 + 4,000 = 7,000 hours.

*Cost to respondents:* \$377,000. Printing and postage costs are estimated at \$2 per application x 1,000 = \$2,000. Assistance by outside legal counsel will be paid at an average of \$150/hour for 50% of the Form 394 applications. \$150/hour x 500 applications x 5 hours per application = \$375,000. Total annual cost burden to respondents = \$2,000 + \$375,000 = \$377,000.

*Needs and Uses:* On 3/15/96, the Commission adopted an Order in CS Docket No. 96-56, Implementation of Sections 202(f), 202(i) and 301(i) of the Telecommunications Act of 1996. Among other things, this order eliminates the three-year holding requirement of cable systems and reduces ownership restrictions for cable systems. Though there are no revisions necessary to FCC Form 394 to reflect the Commission's new rules, its use as an information collection requirement has been modified because potential respondents now may include broadcasters and multichannel multipoint distribution service providers other than cable operators. The FCC Form 394 is used to apply for LFA approval to assign or transfer control of a cable television system. The data are used by the LFAs to restrict profiteering transactions and other transfers that are likely to adversely affect cable rates or service in the franchise area.

Federal Communications Commission.  
William F. Caton,  
*Acting Secretary.*
