Notice Pursuant to the National Cooperative Research and Production Act of 1993—Fuel Filtration Cooperative Research Project II (Southwest Research Institute)

Notice is hereby given that, on April 9, 1996, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. § 4301 *et seq.* ("the Act"), Southwest Research Institute ("SwRI") filed written notification simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to and (2) the nature and objectives of the program. The notification was filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are Allied Signal, Inc., Perrysburg, OH; Caterpillar Inc., Mossville, IL; Cummins Engine Company, Columbus, IN; DAVCO Manufacturing, L.L.C., Saline, MI; Donaldson Co., Inc., Minneapolis, MN; Fleetguard, Inc., Cookeville, TN; Kaydon Filtration, LeGrange, GA; Pall Corporation, Port Washington, NY; and United Defense, LP, San Jose, CA. Its general areas of planned activities are to establish the sensitivity of high-pressure diesel fuel injection equipment to harmful particulate fuel contamination as well as to determine what level of water contamination is harmful; what is the form of a typical bad water/fuel mixture and duplicate such mixture in the laboratory to aid in the development of test methodologies for the rotary injection and high-pressure fuel systems.

Membership in the program remains open, and SwRI intends to file additional written notifications disclosing all changes in the membership or planned activities.

Constance K. Robinson,

Director of Operations, Antitrust Division.
