

state of New Jersey with the balance consisting of members whose membership interests in the Fund exceed 10%. All other investors, including JCP&L, will be Class B members. JCP&L's Class B membership interest in the Fund will not exceed 9.9% of the Fund's total membership interests. All members will vote in proportion to their membership interests, provided that only Class A members may vote on investment policies and other matters to be specified in the Fund's operating agreement. The Fund will be capitalized over a five to seven-year period with a minimum of \$20 million invested by the private sector and an additional \$10 million from the State of New Jersey.

In lieu of an investment by JCP&L, the investment in the Fund may be made in whole or in part by GPU either directly or indirectly through a new subsidiary to be formed ("GPU Sub"). If the acquisition is made by GPU indirectly through GPU Sub, GPU would acquire up to 1,000 shares of common stock of GPU Sub for a purchase price not in excess of \$1,000.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Margaret H. McFarland,

Deputy Secretary.

SOCIAL SECURITY ADMINISTRATION

Testing Modifications to the Disability Determination Procedures; Test Sites for Single Decisionmaker Model

AGENCY: Social Security Administration.

ACTION: Notice of the test sites and the duration of tests involving a single decisionmaker.

SUMMARY: The Social Security Administration is announcing the locations and the duration of tests that it will conduct under the final rules published in the Federal Register on April 24, 1995 (60 FR 20023). These final rules authorize the testing of several modifications to the disability determination procedures that we normally follow in adjudicating claims for disability insurance benefits under title II of the Social Security Act (the Act) and claims for supplemental security income (SSI) payments based on disability under title XVI of the Act. This notice announces the test sites and duration of tests involving use of a single decisionmaker who may make the disability determination without

requiring the signature of a medical consultant.

FOR FURTHER INFORMATION CONTACT:

Margy LaFond, Models Team Leader, Office of Disability, Disability Process Redesign Staff, Social Security Administration, 6401 Security Boulevard, Baltimore, Maryland 21235, 410-965-1835.

SUPPLEMENTARY INFORMATION: On April 24, 1995, we published final rules in the Federal Register authorizing us to test different modifications to the disability determination procedures. The tests are designed to provide us with information so that we can determine the effectiveness of the models in improving the disability process. Prior to commencing each test or group of tests, we will publish a notice in the Federal Register describing the models that we will test, where the test sites will be, and the duration of the tests. On or about May 1, 1996, we will begin tests of the single decisionmaker model. Under this model, a single decisionmaker may make disability determinations, without generally requiring a medical consultant to sign the disability determination forms that we use to certify the determination. We plan to test the use of a single decisionmaker in nine sites in seven states. We will select cases for evaluation of these tests for approximately six months, and may continue to have cases processed for another six months. The sites selected represent a mix of geographic areas and case loads. For the purpose of these tests, the single decisionmaker will be an employee of the state agency that makes disability determinations for us. The decisionmaker will make the initial disability determination after any appropriate consultation with a medical consultant. However, before an initial determination is made that a claimant is not disabled in any case which indicates the existence of a mental impairment, the decisionmaker will make every reasonable effort to ensure that a qualified psychiatrist or psychologist has completed the medical portion of the case review and any applicable residual functional capacity assessment pursuant to our existing procedures. Similarly, in making a determination with respect to the disability of an individual under age 18 applying for SSI payments based on disability, the decisionmaker will make reasonable efforts to ensure that a qualified pediatrician or other individual who specializes in a field of medicine appropriate to the child's impairment(s) evaluates the claim. Tests of the single

decisionmaker model will be held at the following locations:

- Department of Social Services, Disability Evaluation Division, 1510 E. Herndon, Fresno, CA 93720;
- Department of Social Services, Disability Evaluation Division, 3750 Rosin Court, Suite 120, Sacramento, CA 95834;
- Department of Social Services, Disability Evaluation Division, 4255 Ruffin Road, San Diego, CA 92123;
- Division of Determination Services, Disability Determination Services, 10065 East Harvard Avenue, Suite 207, Denver, CO 80222;
- Bureau of Rehabilitation Services, Disability Determination Services, North Griffin Park, 10 Griffin Road N., Windsor, CT 06095;
- Department of Jobs and Training, Division of Rehabilitation Services, Social Security Disability Determinations Services, Metro Square Building, Suite 300, Seventh and Roberts Streets, St. Paul, MN 55101;
- Nebraska Department of Education, Disability Determination Section, 808 P Street, 4th Floor, Lincoln, NE 68508;
- North Carolina Division of Social Services, Disability Determination Services, 321 Chapanoke Road, Raleigh, NC 27603;
- Department of Social and Health Services, Medical Assistance Administration, Division of Disability Determination Services, Airdustrial Way SW, Building 16, Tumwater, WA 98501; and
- SSA, District Office, 6128 E. 38th Street, Tulsa, OK 74121.

Not all cases received in the test sites listed above will be handled under the test procedures. However, if a claim is selected to be handled by a single decisionmaker as part of the test, the claim will be processed under the procedures established under the final rules cited above.

Dated: April 26, 1996.

Shirley Chater,

Commissioner of Social Security.
