[Investigation No. 731-TA-745 (Preliminary)]

Steel Concrete Reinforcing Bars From Turkey

Determination

On the basis of the record¹ developed in the subject investigation, the Commission determines,² pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. § 1673b(a)), that there is a reasonable indication that a regional industry in the United States is threatened with material injury by reason of imports from Turkey of steel concrete reinforcing bars, provided for in subheadings 7213.10.00 and 7214.20.00 of the Harmonized Tariff Schedule of the United States,³ that are alleged to be sold in the United States at less than fair value (LTFV).

Background

On March 8, 1996, a petition was filed with the Commission and the

¹The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

²Chairman Peter S. Watson and Commissioner Carol T. Crawford dissenting.

³For purposes of this investigation, steel concrete reinforcing bar (rebar) is all stock deformed steel concrete reinforcing bars sold in straight lengths and coils. This includes all hot-rolled deformed rebar, rolled from billet steel, rail steel, axle steel, or low-alloy steel. It excludes plain-round rebar, rebar that a processor has further worked or fabricated, and all coated rebar.

Department of Commerce by Ameristeel Corporation,⁴ Tampa, FL, and New Jersey Steel Corporation, Sayreville, NJ, alleging that a regional industry in the United States is materially injured by reason of LTFV imports of rebar from Turkey. Accordingly, effective March 8, 1996, the Commission instituted antidumping investigation No. 731-TA-745 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of March 18, 1996 (61 F.R. 11063). The conference was held in Washington, DC, on March 29, 1996, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on April 22, 1996. The views of the Commission are contained in USITC Publication 2955 (April 1996), entitled "Steel Concrete Reinforcing Bars from Turkey: Investigation No. 731-TA-745 (Preliminary)."

By order of the Commission.

Issued: April 24, 1996.

BILLING CODE 4510-23-M

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1,

Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modification issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.
