**SUPPLEMENTARY INFORMATION:**

**Background**

On March 22, 1993, the Department published in the Federal Register (58 FR 15327) the countervailing duty order on certain hot-rolled lead and bismuth carbon steel products from the United Kingdom. On March 7, 1995, the Department published a notice of "Opportunity to Request an Administrative Review" (60 FR 12540) of this countervailing duty order. We received timely requests for review from United Engineering Steels Limited, Inland Steel Bar Co. and United States/Kobe Steel Co., interested parties to this administrative review. We initiated the review, covering the period January 1, 1994 through December 31, 1994, on April 14, 1995 (60 FR 19018).

In accordance with section 355.22(a) of the Department's *Interim Regulations*, this review covers only those producers or exporters for which a review was specifically requested. See *Antidumping and Countervailing Duties: Interim Regulations; Request for Comments*, 60 FR 25130 (May 11, 1995) (*Interim Regulations*). Accordingly, this review covers United Engineering Steel Limited and British Steel plc. British Steel plc. stated that it did not produce or export the subject merchandise during the period of review (POR). Therefore,
