Change in Using Agency for Restricted Areas R-4102A and B, Fort Devens; MA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

Devens, MA" to "Chief, Reserve Component Division, Devens Reserve Forces Training Area, Ayer, MA." There are no changes to the boundaries, designated altitudes, time of designation, or activities conducted within these restricted areas.

EFFECTIVE DATE: 0901 UTC, June 20, 1996.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Division (ATA-400), Office of Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267-3075.

SUPPLEMENTARY INFORMATION:

The Rule

This amendment to part 73 of the Federal Aviation Regulations changes the using agency for Restricted Areas R-4102A and B, Fort Devens, MA, from "Director of Plans, Training and Security, Fort Devens, MA" to "Chief, Reserve Component Division, Devens Reserve Forces Training Area, Ayer, MA." This is an administrative change to reflect organizational changes within the Department of the Army. There are no changes to the dimensions, time of designation, or activities conducted within the affected restricted areas. Because this action is a minor technical amendment in which the public is not particularly interested, I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary. Section 73.41 of part 73 of the Federal Aviation Regulations was republished in FAA Order 7400.8C dated June 29, 1995.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This action changes the using agency of the restricted areas. There are no changes to the boundaries, designated altitudes, times of designation, or activities conducted within the affected restricted areas. Accordingly, this action is not subject to environmental assessments and procedures as set forth in FAA Order 1050.1D, "Policies and Procedures for Considering Environmental Impacts" and the National Environmental Policy Act.
