**[Investigation No. 701-TA-367  
 (Preliminary)]**

**Certain Laminated Hardwood Flooring  
 From Canada**

**Determination**

On the basis of the record<sup>1</sup> developed in the subject investigation, the Commission determines<sup>2</sup>, pursuant to section 703(a) of the Tariff Act of 1930 (19 U.S.C. § 1671b(a)), that there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury by reason of imports from Canada of certain laminated hardwood flooring, provided for in subheading 4421.90.98 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Government of Canada.

**Background**

On March 7, 1996, a petition was filed with the Commission and the Department of Commerce by the Ad Hoc Committee on Laminated Hardwood Trailer Flooring (Anderson-Tully Co. (Tully), Memphis, TN; Cloud Corp. (Cloud), Harrison, AK; Havco Wood Products, Inc. (Havco), Cape Girardeau, MO; Industrial Hardwoods Products Inc. (IHP), Redwing, MN; and Lewisohn Sales Co. Inc. (Lewisohn), North Bergen, NJ), alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of laminated hardwood flooring from Canada. Accordingly, effective March 7, 1996, the Commission instituted countervailing duty investigation No. 701-TA-367 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of March 20, 1996 (61

FR 11430). The conference was held in Washington, DC, on March 28, 1996, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on April 22, 1996. The views of the Commission are contained in USITC Publication 2956 (April 1996), entitled "Certain Laminated Hardwood Flooring from Canada: Investigation No. 701-TA-367 (Preliminary)."

**Submission for OMB Review;  
 Comment Request**

**AGENCY:** United States International Trade Commission.  
**ACTION:** Agency proposal for the collection of information submitted to the Office of Management and Budget (OMB) for review; comment request.  
**SUMMARY:** In accordance with the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Commission has submitted a proposal for the collection of information to OMB for review. The proposed information collection is a "generic clearance" under which the Commission can issue questionnaires for the following types of statutory investigations: countervailing duty, antidumping, escape clause, NAFTA safeguard, market disruption, and "interference with programs of the USDA." Comments concerning the proposed information collection are requested in accordance with 5 CFR 1320.5(a)(1)(iv) and 1320.10(a). Any comments should be specific, indicating which part of the questionnaires or study plan are objectionable, describing the problem in detail, and including specific revisions or language changes.  
**DATES:** To be assured of consideration, comments should be submitted to OMB on or before June 10, 1996.  
**ADDRESSES:** Comments about the proposal should be directed to the Office of Information and Regulatory Affairs, Office of Management and

Budget, New Executive Office Building, Washington, DC 20503, Attention: Victoria Baecher-Wassmer, Desk Officer for U.S. International Trade Commission. Copies of any comments should be provided to Robert Rogowsky (United States International Trade Commission, 500 E Street, S.W., Washington, DC 20436).

**FOR FURTHER INFORMATION CONTACT:** Copies of the proposed collection of information and supporting documentation may be obtained from Debra Baker, (USITC, tel. no. 202-205-3180).

**SUPPLEMENTARY INFORMATION:**

(1) The proposed information collection consists of three forms, namely the *Sample Producers'*, *Sample Importers'*, and *Sample Purchasers' questionnaires*. Each "sample" is an aggregate of the information that is likely to be collected in a series of questionnaires issued under the generic clearance.

(2) The types of items contained within the sample questionnaires are largely determined by statute. Actual questions formulated for use in a specific investigation depend upon such factors as the nature of the industry, the relevant issues, the ability of respondents to supply the data, and the availability of data from secondary sources.

(3) The data collected through the questionnaires issued under the generic clearance are consolidated and form much of the statistical base for the Commission's determinations in its statutory investigations. Affirmative Commission determinations in countervailing duty and antidumping investigations result in the imposition of additional duties on imports entering the United States. The data developed in escape-clause, market disruption, and interference-with-USDA-program investigations (if the Commission finds affirmatively) are used by the President/ U.S. Trade Representative to determine the type of relief, if any, to be provided to domestic industries.

(4) Likely respondents consist of businesses or farms that produce, import, or purchase products under investigation. Estimated reporting burden that will result from the collection of information is presented below.

	Producers	Importers	Purchasers
Estimated average burden (hours) per response .....	36.4	37.2	22.0
Proposed frequency of response .....	1	1	1

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

<sup>2</sup> Chairman Peter Watson and Vice Chairman Janet Nuzum dissenting.

	Producers	Importers	Purchasers
Estimated number of respondents .....	940	980	880
Estimated total annual burden (hours) .....	34,200	36,450	19,350

No recordkeeping burden is known to result from the proposed collection of information.

Hearing impaired individuals are advised that information on this matter can be obtained by contacting our TDD terminal on 202-205-1810.

Issued: May 2, 1996.

By order of the Commission.

**NUCLEAR REGULATORY COMMISSION**

[Docket No. 70-1201; License No. SNM-1168; EAs 95-236 and 95-215]

**B&W Fuel Company d/b/a Framatome Cogema Fuels; Order Imposing Civil Monetary Penalty**

I

B&W Fuel Company (Licensee) is the holder of Special Nuclear Material License No. SNM-1168 issued by the Nuclear Regulatory Commission (NRC or Commission) in September 1969. The license authorizes the Licensee to possess and use special nuclear material in accordance with the conditions specified therein. The license was last renewed on September 24, 1990, and is due to expire on September 30, 2000.

II

Inspections of the Licensee's activities were conducted during the period of June 12 through October 6, 1995. The results of these inspections indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. A written Notice of Violation and Proposed Imposition of Civil Penalty (Notice) was served upon the Licensee by letter dated January 30, 1996. The Notice states the nature of the violations, the provisions of the NRC's requirements that the Licensee had violated, and the amount of the civil penalty proposed for the violations.

The Licensee responded to the Notice in a letter dated February 23, 1996. In its response, the Licensee admitted Violations B, and C, and questioned the regulatory basis for Violation A. In addition, the Licensee requested the NRC to reconsider both the severity level of the violations and the proposed civil penalty based on the stated minimal safety significance of the violations and the Licensee's corrective action.

III

After consideration of the Licensee's response and the statements of fact, explanation, and argument for mitigation contained therein, the NRC staff has determined, as set forth in the Appendix to this Order, that the violations occurred as stated and that the penalty proposed for the violations designated in the Notice should be imposed.

IV

In view of the foregoing and pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (Act), 42 U.S.C. 2282, and 10 CFR 2.205, IT IS HEREBY ORDERED THAT:

The Licensee pay a civil penalty in the amount of \$12,500 within 30 days of the date of this Order, by check, draft, money order, or electronic transfer, payable to the Treasurer of the United States and mailed to Mr. James Lieberman, Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

V

The Licensee may request a hearing within 30 days of the date of this Order. Where good cause is shown, consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission Washington, D.C. 20555, and include a statement of good cause for the extension. A request for a hearing should be clearly marked as a "Request for an Enforcement Hearing" and shall be addressed to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission Washington, D.C. 20555, with a copy to the Commission's Document Control Desk, Washington, D.C. 20555. Copies also shall be sent to the Assistant General Counsel for Hearings and Enforcement at the same address and to the Regional Administrator, NRC Region II, 101 Marietta Street, N.W., Suite 2900, Atlanta, Georgia 30323.

If a hearing is requested, the Commission will issue an Order designating the time and place of the hearing. If the Licensee fails to request a hearing within 30 days of the date of this Order (or if written approval of an extension of time in which to request a hearing has not been granted), the provisions of this Order shall be effective without further proceedings. If payment has not been made by that time, the matter may be referred to the Attorney General for collection.

In the event the Licensee requests a hearing as provided above, the issues to be considered at such hearing shall be:
