**SUPPLEMENTARY INFORMATION:**

*OMB Approval Number:* 3060-0571.

*Title:* Determination of Maximum Initial Permitted Rates for Regulated Cable Programming Services and Equipment.

*Form Number:* FCC Form 393.

*Type of Review:* Revision of existing collection.

*Respondents:* Businesses or other for-profit entities; state, local and tribal governments.

*Number of Respondents:* 120 (80 cable operators + 40 LFAs).

*Estimated Time Per Response:* 1-40 hours. FCC Form 393 has an estimated average burden of 40 hours for cable operators to complete. Cable operators who contract out the burden of filing will take 1 hour to coordinate information with those contractors. In addition, there is an estimated average burden of 15 hours for each FCC Form 393 filing that LFAs must review.

*Total Annual Burden:* 3,020 hours (2,420 for operators + 600 for LFAs). For cable operators: we estimate approximately 80 FCC Form 393 filings will be made this year, 50% with the Commission and 50% with LFAs. We estimate that 25% of cable operators will contract out the burden of filing and that it will take 1 hour to coordinate information with those contractors. The remaining 75% of operators will employ in house staff to complete the application. 20 filings (25% contracted

out) x 1 hour = 20 hours. 60 filings (75% in house) x 40 hours = 2,400 hours. Total burden for operators = 2,420 hours.

For LFAs: we estimate 40 (50%) of remaining FCC Form 393 filings will be reviewed by LFAs. This third party disclosure was not previously reported by the Commission. 40 FCC Form 393s reviewed by LFAs at 15 hours each = 600 hours.

In the prior Federal Register notice soliciting public comment for this collection, the Commission initially estimated a total burden of 12,000 hours (300 annual filings @ 40 hours each). Based on current information, we further reduce the estimated number of annual FCC Form 393 filings to now be 80 per year, with 50% of filings being reviewed by LFAs. The burden for LFA review of FCC Form 393s @ 15 hours per review was not reported in the prior Federal Register summary soliciting initial public comment.

*Costs for respondents:* \$80,160. Printing and postage costs are estimated at \$2 per Form 393 filing. 80 annual filings x \$2 = \$160. We estimate assistance will be performed by outside accounting/legal assistance at an average of \$100/hour for 25% of the Form 393 filings. \$100/hour x 20 filings (25% of Form 393 filings) x 40 hours = \$80,000. Total annual cost for respondents = \$160 + \$80,000 = \$80,160.

In the prior Federal Register notice soliciting public comment for this collection, the Commission did not report costs to respondents for complying with this information collection. We now report the various costs for printing, postage and contracting out for legal/accounting assistance in completing FCC Form 393 filings.

*Needs and Uses:* The data are used by FCC staff and LFAs to determine whether cable rates in effect prior to May 15, 1994 for basic service, cable programming service and associated equipment are reasonable under FCC regulations. Cable operators use FCC Form 393 to submit their basic rate schedule to LFAs certified prior to May 15, 1994 or the FCC (in situations where the FCC has assumed jurisdiction). Cable operators also file FCC Form 393 with the FCC when responding to a complaint filed with the Commission about cable programming service rates and associated equipment in effect prior to May 15, 1994. FCC Form 393 is a one-time only filing requirement for operators. Local franchise authority ("LFA") certifications to regulate rates are not granted retroactively. Rate complaints are also not permitted to

retroactively challenge rates in effect prior to May 15, 1994; therefore, no future entities will be impacted by this filing requirement. In fact, the Form 393 filing process is nearly exhausted. The only remaining entities impacted by this requirement are those initially required to file but have not yet done so, and those who filed incorrect or incomplete FCC Form 393s.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. unfair competition, conflicts of interests, or unsound banking practices" (12 U.S.C. 1843). Any request for a hearing must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than June 3, 1996.
