KinEr-G Power Marketing Inc.; Notice of Issuance of Order

May 3, 1996.

On February 22, 1996, as amended March 29, 1996, KinEr-G Power Marketing Inc. (KPMI) submitted for filing a rate schedule under which KPMI will engage in wholesale electric power and energy transactions as a marketer. KPMI also requested waiver of various Commission regulations. In particular, KPMI requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by KPMI.

On April 30, 1996, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by KPMI should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, KPMI is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and

is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of KPMI's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is May 30, 1996.

Copies of the full text of the order are available from the Commission's Public Reference Branch, 888 First Street NE., Washington, D.C. 20426.

Midwestern Gas Transmission Company; Notice of Cashout Report

May 3, 1996.

Take notice that on April 29, 1996, Midwestern Gas Transmission Company (Midwestern) tendered for filing its cashout report for the September 1993 through August 1994 period.

Midwestern states that the cashout report reflects a total cashout loss during this period of \$89,438.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before May 10, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

National Fuel Gas Supply Corporation; Notice of Tariff Filing

May 3, 1996.

Take notice that on April 30, 1996, National Fuel Gas Supply Corporation (National) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, Seventh Revised Sheet

No. 5A, with a proposed effective date of May 1, 1996.

National states that under Article II, Section 2, of the approved settlement in the above-captioned proceedings, National is required to recalculate monthly the maximum Interruptible Gathering (IG) rate and charge that rate on the first day of the following month if the result is an IG rate more than 2 cents above the then-effective IG rate. The recalculation produced an IG rate of 23 cents per dth—more than 2 cents above the effective IG rate of 16 cents per dth.

National further states that pursuant to Article II, Section 4, National is required to file a revised tariff sheet in a Compliance Filing each time the effective IG rate is revised within 30 days of the effective date of the revised IG rate.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket No. RP96-216-000]

New England Power Company, et al.; Notice of Complaint

May 3, 1996.

Take notice that on April 25, 1996, New England Power Company (New England) filed a complaint against Algonquin Gas Transmission Company (Algonquin). New England states that Algonquin currently designs its rates for New England under Rate Schedule X-38 on an incremental basis.

New England states that the incremental pricing is wrong for X-38. The facilities underlying Rate Schedule X-38 are an integrated part of Algonquin's system and provide significant, demonstrable benefits to all customers on the system. The only just

and reasonable rate design for X-38 is roll-in Algonquin's other transportation services.

New England states that the proper rate design does not differ whether the X-38 facilities are evaluated under the Battle Creek test—the test in effect when New England made substantial financial commitments in contracting for X-38 service—or under the Commission's recent Pricing Policy Statement.

New England requests that the Commission direct Algonquin to restate its X-38 rates on a rolled-in basis. New England asserts that if the Commission does not summarily require Algonquin to roll-in X-38, it should set this matter for an expedited hearing. New England states that at present, New England pays unreasonable rates while other customers free-ride on the system-wide benefits provided by X-38. Because New England is raising this roll-in issue under Section 5 of the Natural Gas Act, relief may be prospective only.

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 214 and 211 of the Commission's Rules of Practice and Procedure 18 CFR 385.214, 385.211. All such motions or protests should be filed on or before May 31, 1996. Protests will be considered by the Commission in determining the appropriate actions to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. Answers to this complaint shall be due on or before May 31, 1996.

[Docket No. CP96-359-000]

NorAm Gas Transmission Co.; Notice of Application

May 3, 1996.

Take notice that on April 29, 1996, NorAm Gas Transmission Company (NGT), 1600 Smith Street, Houston, Texas 77002, filed in Docket No. CP96-359-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a transportation agreement with Reynolds Metals Company (Reynolds), which was

authorized in Docket No. G-18190,¹ as well as certain inactive facilities located in Saline County, Arkansas, all as more fully set forth in the application on file with the Commission and open to public inspection.

NGT proposes to abandon a transportation agreement with Reynolds, dated March 12, 1959, on file as NGT's Rate Schedule XT-17. The transportation agreement for Rate Schedule XT-17 provides that NGT transports natural gas to four plants owned by Reynolds located in Arkansas, the Rolling Mills-North, Gum Springs, Jones Mills and Hurricane Creek plants. NGT states that transportation under Rate Schedule XT-17 has been replaced by a Part 284 transportation agreement pursuant to NGT's tariff and that the replaced agreement has been terminated pursuant to a mutual written agreement of the parties. NGT states that the Reynolds Hurricane Creek plant has been shut down and NGT no longer provides service to this plant. NGT proposes to abandon the inactive facilities previously used to deliver gas to the Hurricane Creek plant. These inactive facilities consists of one 4-inch tap, two 6-inch turbine meters, two meter tubes and two 2-inch regulators. All other existing facilities used to deliver gas to Reynolds' active plants will remain in service.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 24, 1996, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is

filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for NGT to appear or be represented at the hearing.
