Revision of Section 482 Cost Sharing Regulations

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to qualified cost

sharing arrangements under section 482 of the Internal Revenue Code. These regulations reflect technical changes to the requirements for qualification as a controlled participant under the final cost sharing regulations published in the Federal Register on December 20, 1995.

DATES: These regulations are effective May 13, 1996.

These regulations are applicable for taxable years beginning on or after January 1, 1996.

FOR FURTHER INFORMATION CONTACT: Lisa Sams of the Office of Associate Chief Counsel (International), IRS (202) 622-3840 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

Section 482 was amended by the Tax Reform Act of 1986, Public Law 99-514, 100 Stat. 2085, 2561, et. seq. (1986-3 C.B. (Vol. 1) 1, 478). On January 30, 1992, a notice of proposed rulemaking concerning the section 482 amendment in the context of cost sharing was published in the Federal Register (INTL-0372-88, 57 FR 3571).

Written comments were received with respect to the notice of proposed rulemaking, and a public hearing was held on August 31, 1992.

On December 20, 1995, final regulations were published in the Federal Register (INTL-0372-88, 60 FR 65553) as Treasury Decision 8632. These final regulations amend the regulations contained in Treasury Decision 8632 by making technical changes to the requirements for qualification as a controlled participant contained in § 1.482-7(c).

The agency has decided not to issue a second notice of proposed rulemaking with respect to the modifications to TD 8632 contained in these final regulations. The rules to which the modifications relate (concerning qualification as a controlled participant) were the subject of the notice of proposed rulemaking published on January 30, 1992, and comments on those rules were received in connection with those proposed regulations. Therefore, a further comment period on these rules is unnecessary. Taxpayers need prompt guidance on how to conform their arrangements to the rules set forth in TD 8632, which is effective for taxable years beginning on or after January 1, 1996, and which provides a one year transition period for amending arrangements. The modifications contained in these final regulations will aid taxpayers in that regard, and any delay caused by a second notice of proposed rulemaking would be

impracticable and contrary to the public interest. Unsolicited comment letters were received in connection with TD 8632 and are available for public inspection in the FOIA reading room.

Explanation of Provisions

The purpose of these regulations is to rectify problems in qualifying as a controlled participant caused by the technical requirements of the active conduct rule of § 1.482-7(c). This rule provided that a controlled taxpayer may be a controlled participant only if it uses or reasonably expects to use covered intangibles in the active conduct of a trade or business.

Under the 1992 proposed cost sharing regulations, a member of a group of controlled taxpayers could participate in a qualified cost sharing arrangement on behalf of, and could satisfy the active conduct rule based on activities performed by, one or more other members of the group (a cost sharing subgroup). The participating subgroup member would then transfer or license the intangibles developed under the arrangement to the nonparticipating subgroup member(s). The proposed regulations would have measured benefits in such case on the basis of the benefits of the entire subgroup from exploiting the intangibles. TD 8632, in streamlining the participation rules, omitted the subgroup rules. Taxpayers commented that the change would force them to amend existing arrangements to include as a participant every operating company that predictably would be using covered intangibles.

These regulations further streamline the participation rules. The principal reason for the active conduct rule was to ensure that a controlled participant stands to benefit from the use of covered intangibles in a manner that can be reliably measured. The Treasury and Service have concluded that this purpose can be accomplished without the active conduct rule. No distinction need be made based on the nature of a participant's use of covered intangibles, so long as its benefits from such use (whether from directly exploiting the intangibles or from transferring or licensing them to others) can be reliably measured.

Accordingly, these regulations eliminate the active conduct rule of § 1.482-7(c) as a requirement for qualification as a controlled participant in a qualified cost sharing arrangement. Section 1.482-7(c)(1) of these regulations substitutes a general rule that a controlled taxpayer may be a controlled participant in a cost sharing arrangement only if it reasonably anticipates that it will derive benefits

from the use of covered intangibles. In addition, § 1.482-7(f)(3)(ii) provides that if a controlled participant transfers covered intangibles to another controlled taxpayer, the participant's benefits will be measured with reference to the transferee's benefits rather than with reference to any consideration paid by the transferee. (This gives rise to results similar to those under the subgroup rules of the proposed regulations by different mechanics.) Finally, § 1.482-7(f)(3)(ii) continues to provide that the amount of benefits that each of the controlled participants is reasonably anticipated to derive from covered intangibles must be measured on a basis that is consistent for all such participants.

These changes ensure that a controlled participant must benefit from the arrangement, that the basis for measuring benefits must be consistent for all controlled participants, and that, in the event of intragroup transfers, there will be "look through" treatment for reliably measuring benefits. These rules allow a participant to exploit covered intangibles itself or through transferring or licensing them to others, so long as the benefits to be derived can be consistently and reliably measured for all controlled participants.

These regulations also clarify that the documentation requirements of § 1.482-7(j)(2) will satisfy the principal document requirement of § 1.6662-6(d)(iii)(B) with respect to a qualified cost sharing arrangement.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in EO 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) and the Regulatory Flexibility Act (5 U.S.C. chapter 6) do not apply to these regulations, and, therefore, a Regulatory Flexibility Analysis is not required. Pursuant to section 7805(f) of the Internal Revenue Code, the notice of proposed rulemaking preceding these regulations was submitted to the Small Business Administration for comment on its impact on small business.

Drafting Information

The principal author of these regulations is Lisa Sams, Office of Associate Chief Counsel (International), IRS. However, other personnel from the IRS and Treasury Department participated in their development.

Par. 3. Section 1.482-7 is amended as follows:

- a. By revising paragraph (c)(1)(i).
- b. By adding paragraph (c)(1)(iv).
- c. By removing paragraphs (c)(2) and (c)(3) and redesignating paragraphs (c)(4) and (c)(5) as paragraphs (c)(2) and (c)(3), respectively.

- i. By adding a paragraph (j)(2)(ii).

The additions and revisions read as follows:

§ 1.482-7 Sharing of costs.

* * * * *

- (c) * * * (1) * * *

(i) Reasonably anticipates that it will derive benefits from the use of covered intangibles;

* * * * *

(iv) The following example illustrates paragraph (c)(1)(i) of this section:

Example. Foreign Parent (FP) is a foreign corporation engaged in the extraction of a natural resource. FP has a U.S. subsidiary (USS) to which FP sells supplies of this resource for sale in the United States. FP enters into a cost sharing arrangement with USS to develop a new machine to extract the natural resource. The machine uses a new extraction process that will be patented in the United States and in other countries. The cost sharing arrangement provides that USS will receive the rights to use the machine in the extraction of the natural resource in the United States, and FP will receive the rights in the rest of the world. This resource does not, however, exist in the United States. Despite the fact that USS has received the right to use this process in the United States, USS is not a qualified participant because it will not derive a benefit from the use of the intangible developed under the cost sharing arrangement.

(2) * * *

(ii) *Example.* The following example illustrates this paragraph (c)(2):

Example. (i) U.S. Parent (USP), one foreign subsidiary (FS), and a second foreign subsidiary constituting the group's research arm (R+D) enter into a cost sharing agreement to develop manufacturing intangibles for a new product line A. USP and FS are assigned the exclusive rights to exploit the intangibles respectively in the United States and the rest of the world, where each presently manufactures and sells various existing product lines. R+D is not assigned any rights to exploit the intangibles. R+D's activity consists solely in carrying out research for the group. It is reliably projected that the shares of reasonably anticipated benefits of USP and FS will be 66⅔% and 33⅓%, respectively, and the parties' agreement provides that USP and FS will reimburse 66⅔% and 33⅓%, respectively, of the intangible development costs incurred by R+D with respect to the new intangible.

(ii) R+D does not qualify as a controlled participant within the meaning of paragraph (c) of this section, because it will not derive any benefits from the use of covered intangibles. Therefore, R+D is treated as a service provider for purposes of this section and must receive arm's length consideration for the assistance it is deemed to provide to USP and FS, under the rules of § 1.482-4(f)(3)(iii). Such consideration must be treated as intangible development costs incurred by USP and FS in proportion to their shares of reasonably anticipated benefits (i.e., 66⅔% and 33⅓%, respectively). R+D will not be considered to bear any share of the intangible development costs under the arrangement.

* * * * *

(f) * * *

(3) * * *

(ii) * * * If a controlled participant transfers covered intangibles to another

controlled taxpayer, such participant's benefits from the transferred intangibles must be measured by reference to the transferee's benefits, disregarding any consideration paid by the transferee to the controlled participant (such as a royalty pursuant to a license agreement).

* * *
 (iii) * * *
 (E) * * *

Example 8. U.S. Parent (USP), Foreign Subsidiary 1 (FS1) and Foreign Subsidiary 2 (FS2) enter into a cost sharing arrangement to develop computer software that each will market and install on customers' computer systems. The participants divide costs on the basis of projected sales by USP, FS1, and FS2 of the software in their respective geographic areas. However, FS1 plans not only to sell but also to license the software to unrelated customers, and FS1's licensing income (which is a percentage of the licensees' sales) is not counted in the projected benefits. In this case, the basis used for measuring the benefits of each participant is not the most reliable because all of the benefits received by participants are not taken into account. In order to reliably determine benefit shares, FS1's projected benefits from licensing must be included in the measurement on a basis that is the same as that used to measure its own and the other participants' projected benefits from sales (e.g., all participants might measure their benefits on the basis of operating profit).

* * * * *
 (j) * * *

(2) *Documentation*—(i) *Requirements.*
 * * *

(ii) *Coordination with penalty regulation.* The documents described in paragraph (j)(2)(i) of this section will satisfy the principal documents requirement under § 1.6662-6(d)(2)(iii)(B) with respect to a qualified cost sharing arrangement.

DEPARTMENT OF TRANSPORTATION
Coast Guard
33 CFR Part 3
[CGD 96-016]
RIN 2115-AF31
First and Fifth District Boundaries, Marine Inspection and Captain of the Port Zone Boundaries
AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the boundary between the First and Fifth Districts and revising the descriptions of several Marine Inspection and Captain of the Port Zone boundaries in the First and Fifth Districts. The Marine Inspection Zone that covers the New York and Long Island Sound Captain of the Port Zones is being split into two Marine Inspection Zones, each of which will be the same geographic area as its respective Captain of the Port Zone. These changes clarify Coast Guard geographic area responsibilities both in the First and Fifth Coast Guard Districts. These changes are administrative and will impact Coast Guard services.

EFFECTIVE DATE: This rule is effective on April 15, 1996.

ADDRESSES: Unless otherwise indicated, documents referred to in this preamble are available for inspection or copying at the office of the Executive Secretary, Marine Safety Council (G-LRA/3406), U.S. Coast Guard Headquarters, 2100 Second Street SW., room 3406, Washington, DC 20593-0001, between 8 a.m. and 3 p.m., Monday through Friday, except Federal Holidays. The telephone number is (202) 267-1477.

FOR FURTHER INFORMATION CONTACT: Richard Schaefer, Project Manager, Program Branch, Search Rescue Division (G-NRS-1), (202) 267-1089.

SUPPLEMENTARY INFORMATION:
 Background and Purpose

The Coast Guard is revising 33 CFR part 3 to reflect a change in the boundaries of the First and Fifth Districts. The First District, headquartered in Boston, includes New England and the State and City of New York and is located immediately to the north of the Fifth District which includes the mid-Atlantic area and is headquartered in Portsmouth, Virginia. The Coast Guard has moved the boundary between the districts approximately 21 miles north, thereby enlarging the area of the Fifth District and reducing the area of the First District.

Portions of the area transferred from the First to the Fifth District which are currently part of the New York Captain of the Port Zone become part of the Philadelphia Marine Inspection Zone and Captain of the Port Zone, and the Hampton Roads Marine Inspection Zone and Captain of the Port Zone. The boundaries of the Philadelphia and Hampton Roads Zones are amended to reflect this additional area.

Additionally, within the First District, two new Marine Inspection Zones are being established. Previously, the New York and Long Island Captain of the Port Zones together comprised a single Marine Inspection Zone. This single Marine Inspection Zone is being divided into two new zones. One new Marine Inspection Zone will have the same boundaries as the New York Captain of the Port Zone, and the other new Marine Inspection Zone will have the same boundaries as the Long Island Sound Captain of the Port Zone.

Discussion of Changes

The current descriptions do not reflect the changes in these District and Marine Inspection and Captain of the Port Zone boundaries. This rule revises these descriptions. The Coast Guard is proceeding directly to a final rule under section 553(b)(3)(A) of the Administrative Procedures Act (5 U.S.C. 551 et seq.) which excludes rulemakings relating to agency organization, procedure, or practice from the requirements of public notice and comment. These changes are administrative and will not impact Coast Guard services.

Section 3.05-1. This section is revised to describe the First District's new boundaries. Portions of northern New Jersey which were formerly in the First District are now in the Fifth District. The new boundary line between the districts in New Jersey moves approximately 21 miles north from 39°57' N. latitude at the Toms River to 40°18' N. latitude, just south of the Shrewsbury River. The offshore boundary in the Atlantic Ocean moves north an equal distance.

Section 3.05-25. This section, describing the New York Marine Inspection Zone, is removed.

Section 3.05-30. This section, describing the New York Captain of the Port Zone, is revised to describe the boundaries of the new New York Captain of the Port Zone and the new New York Marine Inspection Zone, both of which have the same boundaries.

Section 3-05-35. This section, describing the Long Island Sound Captain of the Port Zone, is revised to describe the boundaries of the new Long Island Sound Captain of the Port Zone and the new Long Island Sound Marine Inspection Zone, both of which have the same boundaries.

Section 3-25-1. This section, describing the Fifth District boundaries, is revised to add those portions of New Jersey and adjacent offshore waters of the Atlantic Ocean which previously were in the First District. All of Ocean County, NJ, the southern half of
