**PENSION BENEFIT GUARANTY
CORPORATION****29 CFR Parts 2619 and 2676****Valuation of Plan Benefits in Single-
Employer Plans; Valuation of Plan
Benefits and Plan Assets Following
Mass Withdrawal; Amendments
Adopting Additional PBGC Rates**

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation's regulations on Valuation of Plan Benefits in Single-Employer Plans and Valuation of Plan Benefits and Plan Assets Following Mass Withdrawal. The former regulation contains the interest assumptions that the PBGC uses to value benefits under terminating single-employer plans. The latter regulation contains the interest assumptions for valuations of multiemployer plans that have undergone mass withdrawal. The amendments set out in this final rule adopt the interest assumptions applicable to single-employer plans with termination dates in June 1996, and to multiemployer plans with

valuation dates in June 1996. The effect of these amendments is to advise the public of the adoption of these assumptions.

EFFECTIVE DATE: June 1, 1996.

FOR FURTHER INFORMATION CONTACT:

Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024 (202-326-4179 for TTY and TDD).

SUPPLEMENTARY INFORMATION: This rule adopts the June 1996 interest assumptions to be used under the Pension Benefit Guaranty Corporation's regulations on Valuation of Plan Benefits in Single-Employer Plans (29 CFR part 2619, the "single-employer regulation") and Valuation of Plan Benefits and Plan Assets Following Mass Withdrawal (29 CFR part 2676, the "multiemployer regulation").

Part 2619 sets forth the methods for valuing plan benefits of terminating single-employer plans covered under title IV of the Employee Retirement Income Security Act of 1974, as amended. Under ERISA section 4041(c), all single-employer plans wishing to terminate in a distress termination must value guaranteed benefits and "benefit liabilities," *i.e.*, all benefits provided under the plan as of the plan termination date, using the formulas set forth in part 2619, subpart C. (Plans terminating in a standard termination may, for purposes of the Standard Termination Notice filed with PBGC, use these formulas to value benefit liabilities, although this is not required.) In addition, when the PBGC terminates an underfunded plan involuntarily pursuant to ERISA section 4042(a), it uses the subpart C formulas to determine the amount of the plan's underfunding. Part 2676 prescribes rules for valuing benefits and certain assets of multiemployer plans under sections 4219(c)(1)(D) and 4281(b) of ERISA.

Appendix B to part 2619 sets forth the interest rates and factors under the single-employer regulation. Appendix B to part 2676 sets forth the interest rates and factors under the multiemployer regulation. Because these rates and factors are intended to reflect current conditions in the financial and annuity markets, it is necessary to update the rates and factors periodically.

The PBGC issues two sets of interest rates and factors, one set to be used for the valuation of benefits to be paid as annuities and one set for the valuation of benefits to be paid as lump sums. The same assumptions apply to terminating single-employer plans and to

multiemployer plans that have undergone a mass withdrawal. This amendment adds to appendix B to parts 2619 and 2676 sets of interest rates and factors for valuing benefits in single-employer plans that have termination dates during June 1996 and multiemployer plans that have undergone mass withdrawal and have valuation dates during June 1996.

For annuity benefits, the interest rates will be 6.20% for the first 20 years following the valuation date and 4.75% thereafter. For benefits to be paid as lump sums, the interest assumptions to be used by the PBGC will be 5.00% for the period during which benefits are in pay status, 4.25% during the seven-year period directly preceding the benefit's placement in pay status, and 4.0% during any other years preceding the benefit's placement in pay status. The above annuity interest assumptions represent an increase (from those in effect for May 1996) of .20 percent for the first 20 years following the valuation date and are otherwise unchanged. The lump sum interest assumptions are unchanged from those in effect for May 1996.

Generally, the interest rates and factors under these regulations are in effect for at least one month. However, the PBGC publishes its interest assumptions each month regardless of whether they represent a change from the previous month's assumptions. The assumptions normally will be published in the Federal Register by the 15th of the preceding month or as close to that date as circumstances permit.

The PBGC has determined that notice and public comment on these amendments are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest rates and factors promptly so that the rates and factors can reflect, as accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation of benefits in single-employer plans whose termination dates fall during June 1996, and in multiemployer plans that have undergone mass withdrawal and have valuation dates during June 1996, the PBGC finds that good cause exists for making the rates and factors set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility

Act of 1980 does not apply. See 5 U.S.C. 601(2).

Appendix B to Part 2619—Interest Rates Used to Value Lump Sums and Annuities

Lump Sum Valuations

In determining the value of interest factors of the form $v^{0:n}$ (as defined in § 2619.49(b)(1)) for purposes of applying the formulas set forth in § 2619.49 (b) through (i) and in determining the value of any interest factor used in valuing benefits under this subpart to be paid as lump sums (including the return of accumulated employee contributions upon death), the PBGC shall employ the values of i_t set out in Table I hereof as follows:

(1) For benefits for which the participant or beneficiary is entitled to be in pay status on the valuation date, the immediate annuity rate shall apply.

(2) For benefits for which the deferral period is y years (y is an integer and $0 < y \leq n_1$), interest rate i_1 shall apply from the valuation date for a period of y years; thereafter the immediate annuity rate shall apply.

(3) For benefits for which the deferral period is y years (y is an integer and $n_1 < y \leq n_1 + n_2$), interest rate i_2 shall apply from the valuation date for a period of $y - n_1$ years, interest rate i_1 shall apply for the following n_1 year; thereafter the immediate annuity rate shall apply.

(4) For benefits for which the deferral period is y years (y is an integer and $y > n_1 + n_2$), interest rate i_3 shall apply from the valuation date for a period of $y - n_1 - n_2$ years, interest rate i_2 shall apply for the following n_2 years, interest rate i_1 shall apply for the following n_1 years; thereafter the immediate annuity rate shall apply.

34 CFR Part 685

RIN 1840-AC19

William D. Ford Federal Direct Loan Program

AGENCY: Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends the William D. Ford Federal Direct Loan Program regulations to add the Office of Management and Budget (OMB) control number to a section of the regulations. The section contains information collection requirements approved by OMB. Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information

unless it displays a valid OMB control number. The Secretary takes this action to inform the public that these requirements have been approved and affected parties must comply with them.

EFFECTIVE DATE: These regulations are effective on July 1, 1996.

FOR FURTHER INFORMATION CONTACT:

Rachel Edelstein, Program Specialist, Direct Loan Policy Group, Policy Development Division, U.S. Department of Education, 600 Independence Avenue SW. (Room 3053, ROB-3), Washington, D.C. 20202. Telephone (202) 708-9406. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m. Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: Final regulations for the William D. Ford Federal Direct Loan Program were published in the Federal Register on December 1, 1995 (60 FR 61820). Compliance with information collection requirements in a section of these regulations was delayed until those requirements were approved by OMB

under the Paperwork Reduction Act of 1995. OMB approved the information collection requirements in the regulations on November 24, 1995. The information collection requirements in these regulations will therefore become effective with all of the other provisions of the regulations on July 1, 1996.

Waiver of Proposed Rulemaking

It is the practice of the Secretary to offer interested parties the opportunity to comment on proposed regulations. However, the publication of OMB control numbers is purely technical and does not establish substantive policy. Therefore, the Secretary has determined under 5 U.S.C. 553(b)(B), that public comment on the regulations is unnecessary and contrary to the public interest.
