

Harmonized System that are not considered to be wholly made in a single country. The rules rely largely on the change of heading as a basis for ascribing origin.

Copies of the proposed revised rules will be available from the Office of the Secretary at the Commission, from the Commission's Internet web server (<http://www.usitc.gov>), or by submitting a request on the Office of Tariff Affairs and Trade Agreements voice messaging system, 202-205-2592 or by FAX at 202-205-2616.

These proposals, which have been reviewed by interested government agencies, are intended to serve as the basis for the U.S. proposal to the Technical Committee on Rules of Origin (TCRO) of the Customs Cooperation Council (CCC) (now known as the World Customs Organization or WCO). The proposals do not necessarily reflect or restate existing Customs treatment with respect to country of origin applications for all current non-preferential purposes. Based upon a decision of the Trade Policy Staff Committee, the proposals are intended for future harmonization for the nonpreferential purposes indicated in the ARO for application on a global basis. They seek to take into account not only U.S. Customs' current positions on substantial transformation but additionally seek to consider the views of the business community and practices of our major trading partners as well. As such they represent an attempt at reaching a basis for agreement among the contracting parties. The proposals may undergo change as proposals from other government administrations and the private sector are received and considered. Under the circumstances, the proposals should not be cited as authority for the application of current domestic law.

If eventually adopted by the TCRO for submission to the Committee on Rules of Origin of the World Trade Organization, these proposals would comprise an important element of the ARO work program to develop harmonized, non-preferential country of origin rules, as discussed in the Commission's earlier notice. Thus, in view of the importance of these rules, the Commission seeks to ascertain the views of interested parties concerning the extent to which the proposed rules reflect the standard of substantial transformation provided in the Agreement. In addition, comments are also invited on the format of the proposed rules and whether it is preferable to another presentation, such

as the format for the presentation of the NAFTA origin or marking rules.

Forthcoming Commission notices will advise the public on the progress of the TCRO's work and will contain any harmonized definitions or rules that have been provisionally or finally adopted.

**WRITTEN SUBMISSIONS:** Interested persons are invited to submit written statements concerning this phase of the Commission's investigation. Written statements should be submitted as quickly as possible, and follow-up statements are permitted; but all statements must be received at the Commission by the close of business on July 1, 1996, in order to be considered. Information supplied to the Customs Service in statements filed pursuant to notices of that agency has been given to us and need not be separately provided to the Commission. Again, the Commission notes that it is particularly interested in receiving input from the private sector on the effects of the various proposed rules and definitions on U.S. exports. Commercial or financial information which a submitter desires the Commission to treat as confidential must be submitted on separate sheets of paper, each marked "Confidential Business Information" at the top. All submissions requesting confidential treatment must conform with the requirements of section 201.6 of the Commission's Rules of *Practice and Procedure* (19 CFR 201.6). All written submissions, except for confidential business information, will be available for inspection by interested persons. All submissions should be addressed to the Office of the Secretary, United States International Trade Commission, 500 E Street SW., Washington, DC 20436.

Issued: May 16, 1996.

By order of the Commission.

Donna R. Koehnke,

Secretary.
