BILLING CODE 3610-76-M

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget requests for approval of proposed new collections and proposed revisions on the following rules and forms:

Rules 101 and 102 would prohibit distribution participants from purchasing activities during a distribution of securities. These covered persons may seek to use an exception to this rule that would require such persons to calculate the average daily trading volume of the securities in distribution, maintain and audit a policy regarding information barriers between their affiliates, and maintain a written policy regarding general compliance with Regulation M. The Commission estimates that 1,597 respondents would collect information under Rule 101 and that approximately

Rule 104 would permit stabilizing by a distribution participant during a distribution so long as the distribution participant discloses information to the market and investors. This rule requires disclosure in offering materials of the potential stabilizing transactions and to inform the market when a stabilizing bid is made. It also requires the distribution participants (*i.e.*, the syndicate manager) to maintain information regarding syndicate covering transactions and penalty bids. The Commission estimates that 522 respondents would collect information under Rule 104 and that approximately 522 hours would be required annually for these collections.

Rule 17a-2 requires underwriters to maintain information regarding stabilizing activities. This rule would be amended to reflect the new records required under proposed Rule 104. The Commission estimates that 522 respondents would collect information under Rule 17a-2 and that approximately 2,610 hours would be required annually for these collections.

Item 502(d) of Regulation S-K and Regulation S-B requires disclosure in offering materials of stabilization and passive market making. These provisions would be amended to require new wording of the legends already required. Item 508 of Regulation S-K and Regulation S-B requires disclosure in offering materials regarding underwriting activities. These provisions would be amended to require that potential stabilizing activities be described more fully. These amendments would affect the information required in Forms S-1, S-2, S-3, S-11, SB-1, SB-2, F-1, F-2, and F-3, which incorporate Items 502(d) and 508. The Commission estimates that each form would incur an additional .5 burden hour to comply with these revisions.

[Release No. 34-37212; File No. SR-DCC-96-07]

**Self Regulatory Organizations; Delta Clearing Corp.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Addition of Tullet and Tokyo Securities Inc. as an Interdealer Broker for Delta Clearing Corp.'s Repurchase Agreement Clearance System**

May 14, 1996.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> notice is hereby given that on April 29, 1996, Delta Clearing Corp. ("DCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared primarily by DCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The purpose of the proposed rule change is to notify the Commission that Tullet and Tokyo Securities Inc. ("Tullet") has been authorized as an interdealer broker in DCC's over-the-counter clearance and settlement system for U.S. Treasury repurchase ("repo") transactions.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, DCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.<sup>2</sup>

**(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

DCC's system clears repo agreements that have been agreed to through the facilities of interdealer brokers that have been authorized by DCC ("Authorized Brokers") to offer their services to DCC participants.<sup>3</sup> Currently, Liberty Brokerage, Inc., RMJ Special Brokerage Inc., Euro Brokers Maxcor Inc., Prebon Securities (USA) Inc., and Tradition (Government Securities) Inc. are Authorized Brokers. The purpose of the proposed rule change is to notify the Commission that Tullet has been authorized to act as an Authorized Broker in DCC's clearance and settlement system for repo trades.

The proposed rule change will facilitate the prompt and accurate clearance and settlement of securities transactions, and therefore, the proposed rule change is consistent with the requirements of the Act, specifically Section 17A of the Act, and the rules and regulations thereunder.<sup>4</sup>

**(B) Self-Regulatory Organization's Statement on Burden on Competition**

DCC does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

**(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others**

Comments were neither solicited nor received.

<sup>2</sup>The Commission has modified parts of these statements.

<sup>3</sup>For a complete description of DCC's repo clearance system, see Securities Exchange Act Release No. 36367 (October 13, 1995), 60 FR 54095.

<sup>4</sup>15 U.S.C. 78q-1 (1988).

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>5</sup> and Rule 19v-4(e)(4) thereunder,<sup>6</sup> in that the proposal effects a change in an existing service of a registered clearing agency that does not adversely affect the safeguarding of securities or funds in the custody or control of the clearing agency or for which it is responsible and does not significantly affect the respective rights or obligations of the clearing agency or persons using the service. At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communication relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such filing also will be available for inspection and copying at DCC. All submissions should refer to File No. SR-DCC-96-07 and should be submitted by June 12, 1996.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.<sup>7</sup>
