Purpose of Program: This program provides grants to pay for the Federal share of the cost of innovative model programs providing for the establishment, improvement, or expansion of foreign language study for elementary and secondary school students.

In awarding grants under this program, the Secretary supports projects that—(A) show the promise of being continued beyond their project period; (B) demonstrate approaches that can be disseminated and duplicated in other local educational agencies; and (C) may include a professional development component.

Eligible Applicants: Local educational agencies.

Deadline for Intergovernmental Review: August 23, 1996.

Available Funds: \$6,039,000.

Estimated Range of Awards: \$50,000-\$175,000.

Estimated Average Size of Awards: \$112,500.

Estimated Number of Awards: 54.

Note: The Department is not bound by any estimates in this notice.

Project Period: 36 months.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) as follows:

- (1) 34 CFR Part 75 (Direct Grant Programs).
- (2) 34 CFR Part 77 (Definitions that Apply to Department Regulations).
- (3) 34 CFR Part 79 (Intergovernmental Review of Department of Education Programs and Activities).
- (4) 34 CFR Part 80 (Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments).
- (5) 34 CFR Part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR Part 82 (New Restrictions on Lobbying).

(7) 34 CFR Part 85 (Governmentwide Debarment and Suspension (Nonprocurement) and Governmentwide Requirements for Drug-Free Workplace (Grants)).

Description of Program: Part B of Title VII of the Elementary and Secondary Education Act of 1965, as amended (the Act), authorizes the Foreign Language Assistance Grants program.

Appropriations for this program are authorized by section 7206 of the Act. Section 7203(c)(3) of the Act provides that at least 75 percent of the funds appropriated under section 7206 shall be used for the expansion of foreign language learning in elementary grades. The Secretary does not fund projects that propose Native American languages.

Priorities: Under 34 CFR 75.105(c)(2)(i) the Secretary gives preference to applications that meet the following competitive priority. The Secretary awards five points to an application that meets this competitive priority in a particularly effective way. These points would be in addition to any points the application earns under the selection criteria for the program:

Competitive Preference Priority 1—Less Commonly Taught Languages of Major Economic and Political Importance to the United States (5 points).

Supplementary Information: The Senate Committee on Appropriations noted that three-fourth's of the world's population, including some major United States trading partners, speak Japanese, Chinese, Russian, Arabic, or Korean. S. REP. No. 318, 103rd Cong. 2nd Sess. 187 (1994). In addition, the Committee pointed out that these languages are seldom offered in our schools and that truly effective language training must begin in the elementary grades. In order to address this important concern, the Secretary gives an additional five points to an application that meets the competitive priority in a particularly effective way.

Priority

Projects that propose to establish, improve, or expand foreign language learning in the elementary grades and that focus on any of the following languages: Japanese, Chinese, Russian, Arabic, or Korean.

Waiver of Proposed Rulemaking

In accordance with the Administrative Procedure Act (5 U.S.C. 553), it is the practice of the Department of Education to offer interested parties the opportunity to comment on

proposed priorities. Because of the lateness of Congress in passing the fiscal year 1996 budget for this agency, the Department has determined that publication of a proposed priority would interfere with an orderly, responsible grant award process. The Secretary, therefore, has determined, pursuant to 5 U.S.C. 553(b)(B), that publication of a proposed priority is impracticable and contrary to the public interest.

Under 34 CFR 75.105(b)(2)(iv) and (c)(2)(i) and section 7204(b) of the Act (20 U.S.C. 7514(b)), the Secretary gives preference to applications that meet the following competitive priority. The Secretary awards three points to an application that meets this competitive priority in a particularly effective way. These points would be in addition to any points the application earns under the selection criteria for the program: *Competitive Preference Priority 2—Special Considerations* (3 points).

Priority

Projects that propose to carry out one or more of the following activities: (1) intensive summer foreign language programs for professional development; (2) linking non-native English speakers in the community with the schools in order to promote two-way language learning; or (3) promoting the sequential study of a foreign language, beginning in elementary schools.

Selection Criteria

(a)(1) The Secretary uses the following selection criteria to evaluate applications for new grants under this competition.

(2) The maximum score for all of these criteria is 100 points.

(3) The maximum score for each criterion is indicated in parentheses.

(b) *The criteria.*—(1) *Meeting the purposes of the authorizing statute.* (37 points) The Secretary reviews each application to determine how well the project will meet the purpose of Part B of Title VII of the Act, including consideration of—

- (i) The objectives of the project; and
- (ii) How the objectives of the project further the purposes of the Act.

(2) *Extent of need for the project.* (20 points) The Secretary reviews each application to determine the extent to which the project meets specific needs recognized in the Act, including consideration of—

- (i) The needs addressed by the project;
- (ii) How the applicant identified those needs;
- (iii) How those needs will be met by the project; and

(iv) The benefits to be gained by meeting those needs.

(3) *Plan of operation.* (20 points) The Secretary reviews each application to determine the quality of the plan of operation for the project, including—

(i) The quality of the design of the project;

(ii) The extent to which the plan of management is effective and ensures proper and efficient administration of the project;

(iii) How well the objectives of the project relate to the purpose of the program;

(iv) The quality of the applicant's plan to use its resources and personnel to achieve each objective;

(v) How the applicant will ensure that project participants who are otherwise eligible to participate are selected without regard to race, color, national origin, gender, age, or handicapping condition; and

(vi) For grants under a program that requires the applicant to provide an opportunity for participation of students enrolled in private schools, the quality of the applicant's plan to provide that opportunity.

(4) *Quality of key personnel.* (7 points)

(i) The Secretary reviews each application to determine the quality of key personnel the applicant plans to use on the project, including—

(A) The qualifications of the project director (if one is to be used);

(B) The qualifications of each of the other key personnel to be used in the project;

(C) The time that each person referred to in paragraphs (b)(4)(i) (A) and (B) of this section will commit to the project; and

(D) How the applicant, as part of its nondiscriminatory employment practices, will ensure that its personnel are selected for employment without regard to race, color, national origin, gender, age, or handicapping condition.

(ii) To determine personnel qualifications under paragraphs (b)(4)(i) (A) and (B) of this section, the Secretary considers—

(A) Experience and training in fields related to the objectives of the project; and

(B) Any other qualifications that pertain to the quality of the project.

(5) *Budget and cost effectiveness.* (5 points) The Secretary reviews each application to determine the extent to which—

(i) The budget is adequate to support the project; and

(ii) Costs are reasonable in relation to the objectives of the project.

(6) *Evaluation plan.* (8 points) The Secretary reviews each application to

determine the quality of the evaluation plan for the project, including the extent to which the applicant's methods of evaluation—

(i) Are appropriate to the project; and
(ii) To the extent possible, are objective and produce data that are quantifiable.

(Cross-reference: See 34 CFR 75.590 Evaluation by the recipient.)

(7) *Adequacy of resources.* (3 points) The Secretary reviews each application to determine the adequacy of the resources that the applicant plans to devote to the project, including facilities, equipment, and supplies.

Intergovernmental Review of Federal Programs

This program is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79.

The objective of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State's process under Executive order 12372. Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each State under the Executive order. If you want to know the name and address of any State Single Point of Contact, see the list published in the Federal Register on August 10, 1995 (60 FR 40980 and 40981).

In States that have not established a process or chosen a program for review, State, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, areawide, regional, and local entities must be mailed or hand-delivered by the date indicated in this notice to the following address: The Secretary, E.O. 12372—CFDA# 84.293B, U.S. Department of Education, Room 6213, 600 Independence Avenue, S.W., Washington, D.C. 20202-0125.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until

4:30 p.m. (Eastern time) on the date indicated in this notice.

Please note that the above address is not the same address as the one to which the applicant submits its completed application. *Do not send applications to the above address.*

“This part may be cited as the ‘Foreign Language Assistance Act of 1994’.

“SEC. 7202. FINDINGS.

20 USC 7512.

“The Congress finds as follows:

“(1) Foreign language proficiency is crucial to our Nation’s economic competitiveness and national security. Significant improvement in the quantity and quality of foreign language instruction offered in our Nation’s elementary and secondary schools is necessary.

“(2) All Americans need a global perspective. To understand the world around us, we must acquaint ourselves with the languages, cultures, and history of other nations.

“(3) Proficiency in two or more languages should be promoted for all American students. Multilingualism enhances cognitive and social growth, competitiveness in the global marketplace, national security, and understanding of diverse peoples and cultures.

“(4) The United States lags behind other developed countries in offering foreign language study to elementary and secondary school students.

“(5) Four out of five new jobs in the United States are created from foreign trade.

“(6) The optimum time to begin learning a second language is in elementary school, when children have the ability to learn and excel in several foreign language acquisition skills, including pronunciation, and when children are most open to appreciating and valuing a culture other than their own.

“(7) Foreign language study can increase childrens’ capacity for critical and creative thinking skills and children who study a second language show greater cognitive development in areas such as mental flexibility, creativity, tolerance, and higher order thinking skills.

“(8) Children who have studied a foreign language in elementary school achieve expected gains and score higher on standardized tests of reading, language arts, and mathematics than children who have not studied a foreign language.

Foreign Language Assistance Program Grants to Local Educational Agencies, Additional Non-Regulatory Guidance (Questions and Answers)

Q. How will the Secretary comply with the statutory requirement, set out in Section 7204(b) of the Elementary and Secondary Education Act, to give special consideration to applications that describe programs that (1) include intensive summer foreign language programs for professional development; (2) link non-native English speakers in the community; or (3) promote the sequential study of a foreign language for students, beginning in elementary schools?

A. The Secretary has established a competitive priority to comply with this statutory requirement. Under that priority, the Secretary awards three additional points to applications that propose to carry out one or more of the activities specified in Section 7204(b) of the Act in a particularly effective way. These points would be in addition to any points the application earns under the Selection Criteria. This priority is set out in full in the Application Notice.

Q. How can an applicant promote two-way language learning?

A. Two-way language learning is promoted through encouraging interaction between non-native English speakers and foreign language learners in an instructional setting for purposes of facilitating foreign language acquisition. Although improvement of the English language skills of non-native English speakers is a desirable ancillary benefit of a project that utilizes two-way language learning, the primary focus of projects funded under the Foreign Language Assistance program must be on foreign language learning. As a consequence, funds received under the Foreign Language Assistance program should not be used to fund English language instruction.

Q. What is the definition of "elementary school" or "secondary school?"

A. The definitions of these two terms are set out in 34 CFR 77.1(c). The term "elementary school" means: "a day or residential school that provides elementary education, as determined under State law." The term "secondary school" means: "a day or residential school that provides secondary

education as determined under State law. In the absence of State law, the Secretary may determine, with respect to that State, whether the term includes educational beyond the twelfth grade."

Q. What is the State of LEA's share of costs for the Foreign Language Assistance program for each fiscal year?

A. The State or LEA's share is 50 percent. However, a waiver may be granted for an LEA if the Secretary determines that the LEA does not have adequate resources to pay the non-Federal share of the cost of the activities. (Section 7203(c), 20 U.S.C. 7513(c)). The Education Department General Administrative Regulations, at 34 CFR 80.24, also addresses Federal Cost sharing requirements.

Q. How does an LEA apply for a waiver of the non-Federal share of costs?

A. The Secretary suggests that local educational agencies—wishing to do so—request a waiver from the requirements of Section 7203(c) of the Act as a part of their grant application. This waiver request should include information that will assist the Secretary in determining whether the local educational agency seeking a waiver "does not have adequate resources to pay the non-Federal share of the costs of the activities assisted under the Foreign Language Assistance program." (Section 7203(b) of the Act, 20 U.S.C. 7513(c)(2)).

Q. Under this program, may an applicant propose to hire foreign language teachers?

A. Yes, program funds may be used to hire foreign language teachers?

Q. May two districts apply together if they are already working together in an elementary school foreign language program?

A. Yes, the statute does not prohibit school districts from applying together. The requirements on group applications are in 34 CFR 75.127–75.129.

Q. How will the Secretary give priority to projects that propose to teach Japanese, Chinese, Russian, Arabic or Korean?

A. The Secretary awards five points to an application that meets the following competitive priority in a particularly effective way. These points would be in addition to any points the application earns under the Selection Criteria. This priority is set out in full in the Application Notice.

Projects that propose to establish, improve or expand foreign language learning in the elementary grades and that focus on any of the following languages: Japanese, Chinese, Russian, Arabic or Korean.

Q. How can an LEA ensure that their proposed program design will lead to an

enhanced and effective foreign language program?

A. An LEA may consider the National and State foreign language content

standards when designing their program.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Notice to all Applicants

Thank you for your interest in this program. The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new discretionary grant awards under this program. *All applicants for new awards must include information in their applications to address this new provision in order to receive funding under this program.*

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation that you may address: gender, race, national origin, color, disability, or age. Based on local circumstances, you can determine whether these or other barriers may prevent your students, teachers, etc.

from equitable access or participation. Your description need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What Are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on

audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it tends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
