

production information, records for test equipment, test data, and reports.

The results of SEAs are used by the Office of Mobile Sources to verify compliance of production vehicles and engines with applicable emission standards. The data and test facility information from SEAs may be used by OMS's Certification Programs to help evaluate a manufacturer's future model year Applications for Certification, and LDV and LDT SEA data will also be used by the VPCD's In-use Testing Program to help target potential future in-use nonconformities.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15. The Federal Register notice required

under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 2/12/9; no comments were received.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average between 260 and 8,988 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and

requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The estimated annual cost resulting from this information collection is \$453,782, \$1,646,612, and \$82,440 for the HDE, CIE, and LDV/LDT programs, respectively. The estimated annual cost to the CIE industry segment includes start-up costs and "learning curve" costs. The start-up and learning-factor costs apply to the first three years of the nonroad CIE SEA program (which is the duration of this information collection request) and are divided among the 28 CIE manufacturers.

**Respondents/Affected Entities:** On-highway LDV, LDT, and HDE as well as nonroad Large CIE manufacturers.

**SUPPLEMENTARY INFORMATION:**

A. Need For and Use of Information Collection

Section 10b(a) of the Federal Home Loan Bank Act (Bank Act) permits the Federal Home Loan Banks (FHLBanks) to make advances under certain circumstances to qualified nonmember mortgagees. See 12 U.S.C. 1430b(a). Section 10b(b) establishes special expanded collateral requirements for advances to qualified nonmember mortgagees that are state housing finance agencies (SHFAs). *Id.* § 1430b(b). The information collection contained in section 935.22 of the Finance Board's regulations, 12 CFR 935.22, is necessary to enable the Finance Board to determine whether a respondent satisfies the statutory and regulatory requirements to qualify initially and maintain its status as a nonmember mortgagee or a SHFA nonmember mortgagee eligible to receive FHLBank advances.

The OMB number for the information collection is 3069-0005. The OMB clearance for the information collection expires on September 30, 1996.

In order to qualify for FHLBank advances, the Finance Board or its designee must certify a respondent as an eligible nonmember mortgagee. 12 CFR 935.22(c)(1). The Finance Board uses the information collection to determine whether a respondent meets the nonmember mortgagee eligibility requirements. The information collection requires each respondent to submit documentation to the FHLBank from which it seeks advances that shows: (1) it is chartered under law and has succession; (2) it is subject, pursuant to statute or regulation, to the inspection and supervision of a federal, state, or local government agency; (3) its principal activity in the mortgage field consists of lending its own funds; (4) it is approved by the Department of Housing and Urban Development as a "mortgagee" under Title II of the National Housing Act; (5) advances may be safely made to it, as determined by the FHLBank; and (6) where applicable, it qualifies as a SHFA as defined in 12 CFR 935.1. See 12 CFR 935.22(c)(2), (3). The FHLBank then must submit the information collected along with its review of the applicant's financial condition to the Finance Board for review and approval. *Id.* § 935.22(c)(5). The Finance Board reviews the information and notifies the FHLBank of its determination regarding the
