National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from the Vicinity of Victorville, CA in the Possession of the Los Angeles County Museum of Natural History, Los Angeles, CA

AGENCY: National Park Service.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects in the possession of the Los Angeles County Museum of Natural History, Los Angeles, CA.

A detailed assessment of the human remains was made by the Los Angeles County Museum of Natural History, Los Angeles, CA professional staff in consultation with representatives of the San Manuel Band of Mission Indians.

In 1928, human remains representing four individuals, including three adults and one infant, were excavated by Arthur Woodward, a member of the museum staff. No known individuals were identified. The three associated funerary objects include three strings of olivella shell disk beads.

Accession documentation describes the remains and associated funerary objects as, "Material from the ranch of J.C. Turner, in sandy Mohave Riverbed 12 miles north of Victorville. Combination village and burial site." The human remains and associated funerary objects are dated to A.D. 1690-1770, based on the presence of incised olivella wall beads. A representative of the San Manuel Band of Mission Indians has confirmed that the Turner Ranch site lies within traditional Serrano lands and is an historic Serrano village.

Based on the above mentioned information, officials of the Los Angeles County Museum of Natural History have

determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of four individuals of Native American ancestry. Officials of the Los Angeles County Museum of Natural History have also determined that, pursuant to 25 U.S.C. 3001 (3)(A), that the three strings of olivella beads listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Los Angeles County Museum of Natural History have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the San Manuel Band of Mission Indians.

This notice has been sent to officials of the San Manuel Band of Mission Indians. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Dr. Margaret Ann Hardin, Curator and Section Head, Anthropology, the Los Angeles County Museum of Natural History, 900 Exposition Blvd., Los Angeles, CA; telephone: (213) 744-3382, before [thirty days after publication in the Federal Register]. Repatriation of the human remains and associated funerary objects to the San Manuel Band of Mission Indians may begin after that date if no additional claimants come forward.

Dated: May 22, 1996

Francis P. McManamon
Departmental Consulting Archeologist
Chief, Archeology and Ethnology Program

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-738 (Final)]

Foam Extruded PVC and Polystyrene Framing Stock From the United Kingdom

AGENCY: International Trade Commission.

ACTION: Institution and scheduling of a final antidumping investigation.

SUMMARY: The Commission hereby gives notice of the institution of final antidumping Investigation No. 731-TA-738 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured, or is threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from the United Kingdom of foam extruded PVC and polystyrene framing stock,¹ currently provided for in subheadings 3924.90.20 and 3926.90.98 of the Harmonized Tariff Schedule of the United States.

For further information concerning the conduct of this investigation, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part

¹ The imported products from the United Kingdom subject to this investigation consist of all extruded PVC and polystyrene framing stock regardless of color, finish, width, or length. Finished frames assembled from foam extruded PVC and polystyrene framing stock are excluded.
