

Treatment alternatives for this option will include: wetlands application followed by land application (spray irrigation) of the effluent; wetlands application followed by disinfection and surface water discharge; and wetlands application followed by subsurface discharge.

Other Alternatives Presented in the PEIS

The following project alternatives were identified in feasibility studies conducted for the LaGrange County Sewer District and analyzed in this PEIS. Even though they are creditable technical alternatives, they were not selected as the preferred alternative.

Continued Use of On-Site Waste Disposal Systems (No Action Alternative): This alternative would not address the present public health concerns or the continued degradation of the County's surface and ground water.

Centralized Wastewater Collection and Treatment for all County Residents Using Conventional Wastewater Treatment: This alternative would provide wastewater collection and treatment service for all county residents. This option would use either gravity, or pressure sewers to convey wastewater to a centralized facility. Collection and conveyance alternatives that were analyzed for this option include: small diameter gravity systems; small diameter pressure systems using single connection effluent grinder pumps; and conventional gravity collector lines connected to pressure lines for conveyance to the treatment facility. Activated sludge process alternatives that were considered for this option included: oxidation ditches, and extended aeration.

Centralized Wastewater Collection and Treatment for All County Residents Except for Residents in Remote Locations Using Conventional Activated Sludge Waste Treatment Processes: This alternative involves providing water waste collection and treatment services for all of the County's residents except those located in isolated regions. This option would use the same collection and treatment technologies as the option providing wastewater treatment for the entire County. Cost savings over serving the entire county would be realized because of the high unit cost of serving remote residences.

ADDRESSES/FOR FURTHER INFORMATION

CONTACT: For more information, contact or for transmittal of written comments send to: Paul Neumann, State Environmental Coordinator, USDA, Rural Development, RUS, 5975 Lakeside Blvd., Indianapolis, IN 46278, (219)

290-3109, and FAX (219) 290-3011. Copies of the final PEIS will be available for public inspection, during normal business hours at the following locations:

LaGrange Town Clerk, 107 S. High Street, LaGrange, IN 46761

Town of Topeka, Attn: Duane Bontrager, 101 Main Street, Topeka, IN 46571

Town of Shipshewana, Attn: Ruth Ann Downey, P.O. Box 486, 345 N. Morton Street, Shipshewana, IN 46565

Town of Wolcottville, Attn: Elizabeth Hodge, P.O. Box 325, 101 W. Race Street, Wolcottville, IN 46795.

The draft final PEIS will be distributed to various Federal, State, and local agencies, and elected officials.

Dated: May 13, 1996.

Wally Beyer,

Administrator.

BILLING CODE 3410-15-P

COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the Georgia Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the Georgia Advisory Committee to the Commission will convene at 3:00 p.m. and adjourn at 5:00 p.m. on Friday, June 21, 1996, at the Ponce de Leon branch, Atlanta-Fulton Public Library, 980 Ponce de Leon Avenue, NE, Atlanta, Georgia 30306. The purpose of the meeting is to meet with Joy Berry, Executive Director, Georgia Human Relations Commission; to discuss a civil rights conference proposal; to review the project on programs of the Atlanta Committee on the Olympic Games; and to discuss civil rights problems and/or progress in Georgia and the United States.

Persons desiring additional information, or planning a presentation to the Committee, should contact Committee Chairperson Elaine Alexander, 404-233-8414, or Bobby D. Doctor, Director of the Southern Regional Office, 404-730-2476 (TDD 404-730-2481). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least five (5) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, May 22, 1996.

Carol-Lee Hurley,

Chief, Regional Programs Coordination Unit.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Survey of Environmental Products and Services.

Form Number(s): EPS-1(M), 2(M), 3(M), 1(S), 1(C).

Agency Approval Number: None.

Type of Request: New collection.

Burden: 20,000 hours.

Number of Respondents: 10,000.

Avg Hours Per Response: 2 hours.

Needs and Uses: Currently, there are no reliable data on the output and export of goods and services that control, reduce, and remediate pollution. Representatives of industry, state governments, and environmental organizations have called for the development of these data as they are critical to the implementation of the Environmental Technologies Exports Initiative, the Environmental Technology Initiative, the Clean Air Act, the Clean Water Act and other environmental statutes. Further, a study is necessary to meet the requirements of the 1990 Clean Air Act Amendment, the Exports Enhancement Act of 1988 and the Jobs Through Trade Expansion Act of 1988. The Census Bureau plans to conduct, on a test basis, a survey of manufacturing and service establishments to collect total value of shipments of goods and revenues for services in 1995 defined for environmental use. The survey will also ask for value of shipments and revenues for services which were exported. The survey will provide information on the size and scope of activity generated from environmental protection. The survey will also provide a benchmark measure of the extent of the environmental industry, its export potential, and the implication for employment in a potential growth industry. Government classification specialists will use the information to determine how industry and product classification systems can be refined and modified to improve the identification of products and services
