SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Revision:

Form 8-A, SEC File No. 270-54, OMB Control No. 3235-0056
Form 10-K, SEC File No. 270-48, OMB Control No. 3235-0063
Form 10-Q, SEC File No. 270-49, OMB Control No. 3235-0070
Form 20-F, SEC File No. 270-156, OMB Control No. 3235-0288
Form 10-QSB, SEC File No. 270-369, OMB Control No. 3235-0416
Form 10-KSB, SEC File No. 270-368, OMB Control No. 3235-0420

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget requests for approval of modifications to the following Forms:

Form 8-A is a registration statement used by issuers that are already reporting under the Securities Exchange Act of 1934 ("Exchange Act") to register a class of securities under the Exchange Act. This Form permits issuers to incorporate by reference documents that are already filed with the Commission. The Commission proposes to permit issuers to register concurrently a public offering under the Securities Act of 1933 and a class of securities under the Exchange Act by filing a single Securities Act form that would cover both registrations. This proposal would reduce the number of filings that are made on Form 8-A from 1,940 to 776, and would reduce the estimated total annual burden hours from 14,550 hours to 5,820 hours.

Forms 10-K and 10-Q are filed by issuers to satisfy their annual and

quarterly periodic reporting obligations, respectively, pursuant to Section 13 and Section 15(d) of the Exchange Act. "Small business issuers," as defined by Exchange Act Rule 12b-2, are permitted to use Forms 10-KSB and 10-QSB to satisfy their annual and quarterly periodic reporting obligations, respectively, under Section 13 and Section 15(d) of the Exchange Act. In addition, "foreign private issuers," as defined in Exchange Act Rule 3B-4(c), may file Form 20-F to satisfy their annual Exchange Act periodic reporting obligations. The information required to be disclosed in these Forms permits verification of compliance with securities law requirements, and assures the public availability and dissemination of material information concerning an issuer.

The Commission proposed eliminating Form SR, which is filed by issuers to report the use of proceeds following an initial public offering, and requiring that the information currently required by that Form be included in the first periodic report filed by first-time public issuers under the Exchange Act. The use of proceeds information would be reported on Forms 10-K, 10-Q, 10-KSB, 10-QSB and, for foreign private issuers, on Form 20-F. The Commission's proposal would marginally increase the burden hours associated with filing such Forms. However, this increase is expected to result in the provision of important information regarding the use of proceeds and the progress of an offering within a filing that is more commonly monitored by investors.

Each year, approximately 6,051 issuers file 6,051 Form 10-Ks, and approximately 6,282 issuers file 18,216 Form 10-Qs. As a result of the Commission's proposal, an estimated 490 issuers would be required to include the proposed use of proceeds disclosure in their Forms 10-K and 10-Q. The average burden hours for the Forms 10-K and 10-Q that would contain the proposed disclosure item is expected to increase by 5.5 hours for each Form submission. The total annual burden hours for Form 10-K would increase from 10,416,318 hours to 10,419,013 hours, and the total annual burden hours for Form 10-Q would increase from 2,623,104 hours to 2,631,189 hours.

Approximately 545 foreign private issuers file 545 Form 20-Fs each year. An estimated 100 of these issuers are expected to include the proposed use of proceeds information in their Form 20-Fs, and the burden hours for such Form 20-Fs would increase by an average 5.5 hours per submission. The total annual

burden hours for Form 20-F would increase 550 hours as a result of the Commission's proposal.

An estimated 3,031 small business issuers file 9,093 Form 10-QSBs each year. Approximately 265 such issuers are expected to include the proposed disclosure item in their Form 10-QSBs, and the burden hours for such Form 10-QSBs would increase by an average 5.5 hours per submission. The total annual burden hours for Form 10-QSB will increase from 1,191,183 hours to 1,195,555.5 hours.

Approximately 2,790 small business issuers file Form 10-KSB each year, and approximately 265 of these issuers are expected to include the proposed use of proceeds information in their Form 10-KSBs. The burden hours for the affected Form 10-KSBs would increase by an average 5.5 hours per submission. The total annual burden hours for Form 10-KSB will increase from 3,389,850 hours to 3,391,307.5 hours.

General comments regarding the estimated burden hours should be directed to the Desk Officer for the Securities and Exchange Commission at the address below. Any comments concerning the accuracy of the estimated average burden hours for compliance with Commission rules and forms should be directed to Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549 and Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 3208, New Executive Office Building, Washington, D.C. 20503.

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (Abatix Environmental Corp., Common Stock, \$0.001 Par Value) File No. 1-10184

June 19, 1996.

Abatix Environmental Corp. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and

registration on the Boston Stock Exchange, Inc. ("BSE").

The reasons alleged in the application for withdrawing the Security from listing and registration include the following:

According to the Company, as of the April 30, 1996, the Company had 2,088,964 shares of Security outstanding. The Security constitutes the sole class of voting securities of the Company. Each share of Security entitles the holder thereof to one vote on all matters to come before a meeting of stockholders.

The trades of the Company's Security on the BSE since 1989 have been minimal. In addition to the indirect costs (filing of period reports, etc.) related to being listed on the BSE, the Company pays \$1,000 per year in direct fees.

The Security is currently listed on The Nasdaq SmallCap Market tier of The Nasdaq Stock Market. The issuer cannot justify the expense of being listed on an exchange and the Nasdaq SmallCap system and thereby, wishes to withdraw from the BSE.

Any interested person may, on or before July 11, 1996 submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (CenterPoint Properties Corporation, Common Stock, \$0.001, Par Value; 8.22% Convertible Subordinated Debentures Due 2004) File No. 1-12630

June 19, 1996.

CenterPoint Properties Corporation ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule

12d2-2(d) promulgated thereunder to withdraw the above specified securities ("Securities") from listing and registration on the American Stock Exchange, Inc. ("Amex").

The reasons alleged in the application for withdrawing the Securities from listing and registration include the following:

According to the Company, it has listed the Security with the New York Stock Exchange, Inc. ("NYSE"). In making the decision to withdraw the Securities from listing on the Amex, the Company considered the direct and indirect costs and expenses attendant on maintaining the dual listing of the Securities on the NYSE and on the Amex. The Company does not see any particular advantage in the dual trading of the Securities and believes that dual listing would fragment the market for its Securities.

Any interested person may, on or before July 11, 1996, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.
